THE PLANNING COMMISSION OF THE CITY OF COSTA MESA, CALIFORNIA HEREBY FINDS AND RESOLVES AS FOLLOWS:

WHEREAS, in response to multiple housing laws relating to accessory dwelling units (ADUs) and junior accessory dwelling units (JADUs), including AB 68, AB 881, SB 13, AB 587, and AB 670, the City adopted Ordinance 2021-03 on March 3, 2021 to establish and amend the City's laws in relation to ADUs and JADUs;

WHEREAS, by adopting its own ADU and JADU laws, the city was able to retain at least some authority to regulate ADUs and JADUs that it might not otherwise have;

WHEREAS, through the implementation of the ADU and JADU laws, the city found inconsistencies in the laws which need to be corrected;

WHEREAS, additional housing State laws including AB 2221 and SB 987 were approved by the State in 2022, become effective January 1, 2023, and require additional modification to the City's ADU and JADU laws;

WHEREAS, a duly noticed public hearing was held by the Planning Commission on October 24, 2022 with all persons having the opportunity to speak for and against the proposal; and,

NOW THEREFORE, THE COSTA MESA PLANNING COMMISSION RESOLVES AS FOLLOWS:

1. Adoption of this resolution is exempt from the California Environmental Quality Act ("CEQA") pursuant to Public Resources Code Section 21080.17 and CEQA Guidelines Section 15282(h), in that the adoption of an ordinance regarding second units in a single-family or multifamily zone by a city or county to implement the provisions of Sections 65852.1, 65852.150 and 65852.2 is exempt from the requirements of CEQA. In addition, the proposed ordinance amendment is exempt

from CEQA pursuant to CEQA Guidelines Section 15061(b)(3) in that there is no possibility that the minor updates to the City's ADU provisions will have a significant impact on the environment.

2. The Planning Commission recommends the City Council approve the ordinance attached hereto as Exhibit A.

BE IT FURTHER RESOLVED that the CEQA exemption for this projects reflects the independent judgement of the Planning Commission.

BE IT FURTHER RESOLVED that if any section, division, sentence, clause, phrase or portion of this resolution, or the document in the record in support of this resolution, are for any reason held to be invalid or unconstitutional by a decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining provisions.

13-35. Accessory dwelling units.

(a) *Purpose, general plan consistency, definitions.*

(1) *Purpose and interpretation.* The intent of this section is to ensure that accessory dwelling units (ADUs) and Junior ADUs remain as an accessory uses ~~to a single-family residence in residential and mixed-use zones~~, that the structures on parcels are organized to accommodate an ADU and/or Junior ADU, and that such dwelling units do not adversely impact surrounding residents or the community. This section 13-35 is intended to retain the ability of the city to regulate ADUs in terms of design, aesthetics, massing and integration with existing structures and to comply with the requirements of state law.

(2) *General plan consistency.* In adopting these standards, the city recognizes that the approval of dwelling units may, in some instances, result in dwelling densities exceeding the maximum densities prescribed by the general plan. The city finds that this occurrence is consistent with the general plan, as allowed under state planning and zoning law applicable to ADUs, and that the amendment furthers the goals, objectives, and policies of the general plan housing element.

(3) *Definitions.* For purpose of this section 13-35 only:

a. The terms “accessory dwelling unit” (ADU), “public transit,” “passageway” and “tandem parking” all have the same meaning as that stated in Government Code section 65852.2 as that section may be amended time to time.

b. “Junior ADU” shall have the same meaning as that stated in Government Code section 65852.22(h)(1) as that section may be amended from time to time.

c. A structure is considered “existing” if a building permit was issued and finalized ~~at least two (2) years~~ before an ADU or JADU application is submitted under this section.

d. The terms “single-family dwelling” and “multifamily dwelling” exclude all ~~detached garages, carports, and similar accessory structures, regardless of whether such structures are attached or detached from the dwelling.~~

e. The term “single-family dwelling” is a dwelling (excluding any ADU or Junior ADU) that is not attached to another dwelling. Single-family dwellings may include detached single-family homes where there is more than one (1) primary dwelling on a lot.

ef. A “multifamily dwelling” is a dwelling (excluding any ADU or Junior ADU) within a multifamily dwelling structure, ~~including detached single-family homes where there is more than one (1) primary dwelling unit on a lot.~~

fg. A “multifamily dwelling structure” is a structure which contains at least two (2) lawful dwellings within the structure, excluding ADUs and Junior ADUs. Storage rooms, boiler rooms, passageways, attics, basements, garages and other non-habitable spaces are considered within a “multifamily dwelling structure” if such non-habitable spaces are within the same structure as at least two (2) other multifamily dwellings.

(b) *Accessory dwelling units.*

(1) *Residential and mixed use zones only.* ADUs are permitted in single-family, multifamily ~~zones~~, and mixed use zones (i.e., zones where single-family and/or multifamily dwellings are allowed), and only on a legal lot with proposed or existing residential dwelling(s) which will remain on site. By way of illustration only, the zones where accessory dwellings are allowed are shown on the Citywide Land Use Matrix at section [13-30](#). If there is any conflict between the requirement that ADUs be approved in (and only in) zones where single-family and multifamily dwellings are allowed and the Land Use Matrix, the former shall control.

(2) *Underlying zone.* Except as otherwise provided in this section, ADUs shall conform to the development standards of the underlying zone.

(3) *Ministerial.* Any application for an ADU that meets the requirements of this section shall be approved ministerially by the city by applying the standards herein and without a public hearing or notice of decision or zoning approval.

(4) *Maximum number of dwelling units.* The following is the maximum number of ADUs and or Junior ADUs allowed on any lot. Only one category may be used per lot including lots that include a mixture of single-family and multiple family dwellings.

2. *New construction.* One (1) new construction ADU may be permitted on a lot with proposed or existing single-family dwelling. One (1) new construction Junior ADU may be allowed on the lot if the Junior ADU is to be in a single-family dwelling that meets all applicable legal standards.

b. *Multifamily.* Junior ADUs are not allowed on a lot with more than one residence.
