

**CITY OF COSTA MESA
NOTICE OF PUBLIC HEARING**

NOTICE IS HEREBY GIVEN that the Costa Mesa Planning Commission will hold a public hearing at City Hall Council Chambers, 77 Fair Drive, Costa Mesa, California and virtual locations on **Monday, February 9, 2026**, at 6:00 PM, or soon thereafter, to consider the following item:

Application No.: PCTY-25-0008 and PSPA-26-0001

Applicant/Agent: City of Costa Mesa

Site Address: Multiple

Zone: Multiple

Description: Public hearing to consider a recommendation to City Council for amendments to the Zoning Code (Title 13, Planning, Zoning, and Development), Zoning Map, and the North Costa Mesa Specific Plan to rezone Candidate Housing Sites identified in the adopted Housing Element Sites Inventory for consistency with the City's Housing Element and to implement all or portions of Housing Element Programs 2H, 2J, 2M, 2N, 2O, 2P, 3C, 3D, 3F, 3N, 3S, 4E, and 4G of the Housing Element, including components of the Neighborhoods Where We All Belong (NWWAB) effort related to the Housing Element. Amendments to the Zoning Code and the North Costa Mesa Specific Plan would allow residential development through the expanded Mixed-Use Overlay District and establish appropriate development standards on Housing Element sites and consistency with State law. Other amendments to the Zoning Code include updated definitions, allowable uses, residential parking, and streamline development review procedures to comply with State law. The draft amendments are available for public review on the City's website as of Friday, January 16, 2026: <https://costamesa.legistar.com/Calendar.aspx>

Environmental Determination: On November 15, 2022, the Costa Mesa City Council adopted Resolution No. 2022-67, certifying and adopting the Mitigated Negative Declaration and Mitigation Monitoring and Reporting Program that analyzed the candidate housing sites for the 6th Cycle (2021-2029) Housing Element. The proposed amendments implement a schedule of actions contained in the approved Housing Element pursuant to Government Code Section 65583 and do not allow the construction of a distribution center, or oil and gas infrastructure. Therefore, the proposed amendments are statutorily exempt from California Environmental Quality Act (CEQA) pursuant to Public Resources Code Section 21080.085 (previously referred to as Senate Bill 131).

Additional Information: For more information, call (714) 754-5608, or email Neighborhoods@costamesaca.gov. Planning Division staff are available from 8:00 AM to 5:00 PM Monday through Thursday and alternating Fridays, except specified holidays. All interested parties may submit comments to the Planning Commission in regard to this application. Please refer to the Planning Commission meeting agenda for instructions regarding how to participate in the meeting. The Planning Commission meeting agenda and staff report will be posted online 72 hours prior to the meeting at: <https://costamesa.legistar.com/Calendar.aspx>. Members of the public may submit comments via email to PCPublicComments@costamesaca.gov. Comments received by

12:00 PM on the date of the meeting will be provided to the Planning Commission, made available to the public, and will be part of the meeting record. Any written communications, photos, PowerPoints or other materials for distribution to the Planning Commission must be 10 pages or less and submitted to the City **NO LATER THAN 12:00 PM** on the day of the hearing via email or submitted to the Planning Department on a flash drive, or mailed to the Planning Department. All materials, pictures, PowerPoints, and videos submitted for display at a public meeting must be previously reviewed by staff to verify appropriateness for general audiences. No links to YouTube videos or other streaming services will be accepted. A direct video file will need to be emailed to staff prior to each meeting in order to minimize complications and to play the video without delay. The video must be one of the following formats: .mp4, .mov, or .wmv. Only one file may be included per speaker for public comments. Please note that materials submitted by the public that are deemed appropriate for general audiences will not be redacted in any way and will be posted online as submitted, including any personal contact information. If you challenge this project in court, you may be limited to raising only those issues you, or someone else raised, during the public hearing or in written correspondence submitted to the City, during or prior to, the public hearing.

Favor de comunicarse con la Secretaria Municipal al (714) 754-5225 para solicitar servicios de interpretación de idioma para las juntas de la Ciudad. Se pide notificación por lo mínimo 48 horas de anticipación, esto permite que la Ciudad haga los arreglos necesarios.

Article 2 Definitions

§ 13-5. Purpose.

The intent of this article is to define certain words and phrases which are used in this Zoning Code. Additional definitions may also be given in conjunction with the special regulations contained in Chapter IX, Special Land Use Regulations, and Chapter XII, Special Fee Assessments.

(Ord. No. 97-11, § 2, 5-5-97)

§ 13-6. Definitions.

Abutting. Sharing a common boundary, of at least one point contiguous to, having district boundaries or lot lines in common (i.e., not separated by an alley, public or private right-of-way, or street).

Accessory building. A building or part of a building which is subordinate to, and the use of which is incidental to that of the main building or use on the same lot.

Accessory dwelling unit (ADU). See Chapter V, Article 2, section 13-35.

Accessory use. A use incidental and subordinate to and devoted exclusively to the main use of the land or building thereon that does not change the character of the structure or use.

Accessory use, residential. A use that is a part of, and clearly incidental and secondary to, a residence; located on the same lot as a residence; and that does not change the character of the residential use such as:

- (a) Accessory dwelling unit (ADU)
- (b) Home occupations
- (c) Personal property sales (i.e., garage or yard sales).

Adjacent. Same as abutting, but also includes properties which are separated by a public right-of-way, not exceeding 120 feet in width.

~~*Administrative adjustment.* A discretionary entitlement, usually granted by the zoning administrator, which permits limited deviation from the strict application of the development standards contained in this Zoning Code, based on specified findings.~~

Adult business. See Chapter IX, Special Land Use Regulations, Article 1, Adult Businesses, for specific definitions and terms.

Alcoholism or drug abuse recovery or treatment facility. Adult alcoholism or drug abuse recovery or treatment facilities that are licensed pursuant to section 11834.01 of the California Health and Safety Code. Alcoholism or drug abuse recovery or treatment facilities are a subset of residential care facilities.

Any material of quantity, concentration, physical or chemical characteristics, that poses a significant present or potential hazard to human health and safety or to the environment if released into the work place or environment; or any material requiring a Material Safety Data Sheet according to Title 8, section 339 of the State Code of Regulation.

Height. See Building height and Antenna height.

Home occupation. Any business or commercial use conducted within a dwelling unit.

Hookah lounge. See Smoking lounge.

Hotel. Any building or combination of buildings generally three or more stories in height containing six or more guest rooms offering transient lodging accommodations to the general public and providing incidental guest services such as food and beverage service, recreation facilities, retail services and banquet, reception and meeting rooms. Typically, room access is provided through a main or central lobby.

Household includes all the people occupying a dwelling unit, and includes people who live in different units governed by the same operator.

Integral facilities. Any combination of two or more group homes which may or may not be located on the same or contiguous parcels of land, that are under the control and management of the same owner, operator, management company or licensee or any affiliate of any of them, and are integrated components of one operation shall be referred to as integral facilities and shall be considered one facility for purposes of applying federal, state and local laws to its operation. Examples of such integral facilities include, but are not limited to, the provision of housing in one facility and recovery programming, treatment, meals, or any other service or services to program participants in another facility or facilities or by assigning staff or a consultant or consultants to provide services to the same program participants in more than one licensed or unlicensed facility.

Integral uses. Any two or more residential care programs commonly administered by the same owner, operator, management company or licensee, or any affiliate of any of them, in a manner in which participants in two or more care programs participate simultaneously in any care or recovery activity or activities so commonly administered. Any such integral use shall be considered one use for purposes of applying federal, state and local laws to its operation.

Intersection. The general area where two or more roadways join or cross.

Kitchen. Any room, all or part of which is designed and/or used for storage, refrigeration, cooking and preparation of food.

Landscaping. Plant materials such as lawn, groundcover, trees and shrubs.

Loft. An intermediate floor placed within a room, where the clear height above and below

the loft is not less than seven feet, and where the aggregate area of the loft does not exceed 1/3 of the area of the room in which it is located.

Lot.

- (a) A parcel of real property when shown as a delineated parcel of land with a number or designation on a subdivision map or parcel map recorded in the office of the county recorder, and created in conformance with the Subdivision Map Act and applicable local ordinances.
- (b) A parcel of real property when shown on a record of survey map or deed filed in the office of the county recorder, when such map or deed was filed as the result of and was made a condition of a lot division approved under the authority of prior ordinances.

Lot area. The total land area of a project after all required dedications or reservations for public improvements, including, but not limited to, streets, parks, schools, and flood control channels. This phrase does not apply in the planned development zones where the phrase "site area," as defined in Chapter V, Development Standards, is used.

Lot, corner. A lot abutting on and at the intersection of two or more streets which intersect at an angle that is equal to or less than 135 degrees.

Lot, depth. The average of the horizontal distance between the front and the rear lot lines.

Lot, development. The master lot or project site upon which a development will be constructed.

Lot, individual dwelling unit. An individual building site or lot within a development intended for construction of a single attached or detached dwelling unit.

Lot, interior. A lot abutting only one street, or a lot abutting two streets which intersect at an angle greater than 135 degrees.

Lot, width. The horizontal distance between the side lot lines measured at right angles to the lot depth at the front building setback line.

Low barrier navigation center. Shall have the same meaning as "low barrier navigation center" as set forth in Government Code Section 65660.

Major modification. A discretionary entitlement, usually granted by the zoning administrator, which permits limited deviation from the strict application of the development standards contained in this Zoning Code, based on specified findings.

Manufactured housing. Detached housing that is built to the National Manufactured Housing Construction and Safety Standards Act of 1974, including structures known as manufactured homes and mobile homes. For the purpose of this Zoning Code, a factory-built single-family structure that is manufactured under the authority of 42 U.S.C. section 5401, the National Manufactured Home Construction and Safety Standards Act, transportable in one or more sections, built on a permanent chassis and used as a place of human habitation, shall be considered a single-family home and shall be reviewed under the same standards as a sitebuilt structure.

Marijuana. Has the same definition as that set forth in California Health and Safety Code section 11018.

Marijuana cultivation and/or medical marijuana cultivation. The planting, growing, harvesting, drying or processing of marijuana plants or any part thereof for any purpose, including medical marijuana, and shall include both indoor and outdoor cultivation.

Master plan. The overall development plan for a parcel or parcels which is depicted in both

a written and graphic format.

Master plan of highways. The graphic representation of the city's ultimate circulation system contained in the general plan. It illustrates the alignment of the major, primary, secondary and collector highways.

Median. A paved or planted area separating a parking area, street, or highway, into two or more lanes or directions of travel.

Medical marijuana. Marijuana used for medical purposes in accordance with California Health and Safety Code section 11362.5.

Medical marijuana dispensary. A facility or location where medical marijuana is cultivated or by any other means made available to and/or distributed by or to three or more of the following: a primary caregiver, a qualified patient, or a person with an identification card in strict accordance with State Health and Safety Code sections 11362.5 et seq., and 11362.7 et seq., which shall include, but not be limited to, any facility or location engaging in the retail sale, dispensation, or distribution of marijuana for medical purposes that does not have an active role in the cultivation of the marijuana product that it sells, dispenses, or distributes, or when its cultivation of the marijuana product is off-site from the facility or location for retail sale, dispensation, or distribution.

Minor conditional use permit. A discretionary approval granted by the zoning administrator which allows a use or activity not allowed as a matter of right, based on specified findings.

Minor modification. A discretionary entitlement granted by the planning division, which permits limited deviation from the strict application of the development standards contained in this Zoning Code, based on specified findings.

Mixed use development. The development of lot(s) or structure(s) with two or more different land uses such as, but not limited to a combination of residential, office, manufacturing, retail, public, or entertainment in a single or physically integrated group of structures.

Mobile home. See Manufactured housing.

Mobile home park. Any area or tract of land where two or more mobile home lots are rented or leased, held out for lease or rent, or were formerly held out for rent or lease and later converted to a subdivision, cooperative, condominium, or other form of resident ownership, to accommodate manufactured homes or mobile homes. A mobile home park also means a mobile home development constructed according to the requirements of Part 2.1 (commencing with section 18200) of Division 13 of the State Health and Safety Code, and intended for use and sale as a mobile home condominium or cooperative park, or as a mobile home planned unit development.

Motel. Any building or combination of buildings of one to three stories in height having six or more guest rooms with parking located convenient to the guest rooms and providing temporary lodging for automobile tourists and transient visitors. Typically, guest rooms have direct access to available parking without passing through a common lobby area. Motels also include auto courts, tourist courts, motor lodges, motor inns and motor hotels.

Municipal Code. City of Costa Mesa Municipal Code.

Open space. An area that is intended to provide light and air, and is designed for either environmental, scenic or recreational purposes. Open space may include, but is not limited to, lawns, decorative planting, walkways, active and passive recreational areas, playgrounds, fountains, swimming pools, wooded areas; first floor decks; unenclosed patios with solid or lattice roofs; water courses; and surfaces covered by not more than five feet in depth by projections which are at least eight feet above grade.

Open space shall not include the following: driveways; parking lots; other surfaces

designed or intended for vehicular travel; and upper floor decks, balconies or areas under projections which are less than eight feet above grade.

Open space, common. An area of land reserved primarily for the leisure and recreational use of all residents of a planned development or common interest development and owned in common by them, generally through a homeowners' association.

Open space, private. An area of land located adjacent to an individual dwelling unit, owned or leased and maintained by its residents, and reserved exclusively for their use.

Operator means a company, business or individual who provides residential services, i.e., the placement of individuals in a residence, setting of house rules, and governing behavior of the residents as residents. Operator does not include a property owner or property manager that exclusively handles real estate contracting, property management and leasing of the property and that does not otherwise meet the definition of operator.

Organizational documents. The declaration of restrictions, articles of incorporation, bylaws, and any contracts for the maintenance, management or operation of all or any part of a project.

Parcel. Same as Lot.

Parkway. The area of a public street that lies between the curb and the adjacent property line or physical boundary definition, which is used for landscaping and/or passive recreational purposes.

Paved area. Ground surface covered with cobblestone, clay-fired bricks, concrete precast paver units, poured concrete with or without decorative surface materials, or asphaltic or rubber mixture which may include sand, stone, or gravel as an ingredient to create a hard surface. A graded natural surface or one covered with rolled stone or overlaid with loose gravel is not considered paved area.

Peak hour. The hour during the AM peak period (typically 7:00 a.m.—9:00 a.m.) or the PM peak period (typically 3:00 p.m.—6:00 p.m.) in which the greatest number of vehicle trips are generated by a given land use or are traveling on a given roadway.

Permitted use. Any use allowed in a land use zoning district without requiring a discretionary approval, and subject to the provisions applicable to that district.

Planned development. A land area which is developed as an integrated unit under single ownership or control and having planned development zoning designation.

Planning application. A broad term for any development project or land use which requires the discretionary review and approval of either the planning division, zoning administrator, planning commission, or city council. Planning applications include administrative adjustments major modifications, conditional use permits, development reviews, variances, etc.

Planning division. The planning division of the development services department of the City of Costa Mesa.

Project. See Development.

Property line. A line of record bounding a lot which divides one lot from another lot or from a public or private street or any other public space.

Property line, front. For interior lots, the narrowest property line of a lot abutting a public or private street. If two or more equal property lines are narrowest, the front shall be that property line across which the development takes its primary access (if the primary access is determined to be equal, there shall be two front property lines). However, for non-residentially zoned property, any property line abutting a public street designated as a

secondary, primary or major street on the master plan of highways shall be deemed a front property line. A non-residentially zoned property shall have more than one front property line when it abuts more than one street designated as secondary, primary, or major on the master plan of highways.

For R-1 zoned property located on corner lots, the front property line may be the property line towards which the front of the dwelling unit is oriented.

Property line, rear. The property line opposite the front property line. A corner lot with more than one front property line shall have more than one rear property line. Irregularly shaped lots may also have more than one rear property line.

Property line, side. Any property line which is not a front or rear property line.

Property line, ultimate. The boundary of a lot after the dedication of land for use as public right(s)-of-way, whether dedicated in fee or by easement. A setback is measured from the ultimate property line.

Public area. Establishments where food or beverages are served. That portion of an establishment reserved for the exclusive use of the public for the receipt or consumption of food and/or beverages. For the purpose of this Zoning Code, public area shall not include restrooms, kitchens, hallways or other areas restricted to employees only.

Public hearing. A public proceeding conducted for the purpose of acquiring information or evidence which may be considered in evaluating a proposed action, and which affords to any affected person or persons the opportunity to present their views, opinions, and information on such proposed applications. "Mandatory hearings" are those required to be held by law, and "discretionary hearings" are those which may be held within the sole discretion of the hearing body.

Public right-of-way. A strip of land acquired by reservation, dedication, prescription or condemnation and intended to be occupied by a road, trail, water line, sanitary sewer and/or other public uses.

Recyclable materials. Reusable materials, including, but not limited to, metals, glass, plastic and paper which are intended for reuse, remanufacture or reconstruction. Recyclable materials do not include refuse, hazardous materials or hazardous waste.

Recycling. The process by which waste products are reduced to raw materials and transformed into new products.

Recycling and collection facility. A building or enclosed space used for the collection and processing of recyclable materials for preparation for shipment, or to an end user's specifications, by such means as baling, briquetting, compacting, flattening, grinding, crushing, mechanical sorting, shredding, cleaning or remanufacturing.

Referral facility. A residential care facility or a group home where one or more person's residency in the facility is pursuant to a court order or directive from an agency in the criminal justice system.

Residential care facility. A residential facility licensed by the state where care, services, or treatment is provided to persons living in a supportive community residential setting. Residential care facilities include, but may not be limited to, the following: intermediate care facilities for the developmentally disabled (Health & Safety Code §§ 1267.8, 1267.9); community care facilities (Health & Safety Code § 1500 et seq.); residential care facilities for the elderly (Health & Safety Code § 1569 et seq.); residential care facilities for the chronically ill (22 C.C.R. § 87801(a)(5); Health & Safety Code § 1568.02); alcoholism and drug abuse facilities (Health & Safety Code §§ 11834.02—11834.30); pediatric day health and respite care facilities (Health & Safety Code § 1760 et seq.); residential health

care facilities, including congregate living health facilities (Health & Safety Code §§ 1265—1271.1, 1250(i), 1250(e), (h)); family care home, foster home, group home for the mentally disordered or otherwise handicapped persons or dependent and neglected children (Wel. & Inst. Code §§ 5115—5120).

Residential, multi-family. Apartments, common interest developments, townhouses and similar multiple-family residential developments, including detached single-family homes where there is more than one primary dwelling unit on a lot.

Residential, single-family. Detached single-family home where there is no more than one primary dwelling unit on a lot.

Room, bedroom. A fully-enclosed room designed or intended to be used for sleeping purposes within a residence that typically includes a closet and is separated from the other living spaces with a door.

Room, home office. A room designed and intended to be used for a household office or small business related activity within a residence. Within a single-family detached residence, this room is strictly not intended for sleeping purposes, and lacks direct access to a bathroom. The home office may also be referred to as a studio, den, study or library.

Senior congregate care facility. A structure(s) providing residence for 13 or more senior citizens with kitchen, dining, recreational, etc. facilities with separate bedrooms and/or living quarters.

Setback. The required distance that a building, structure, parking or other designated item must be located from a property line or lot line. A setback is measured from the ultimate property line.

Single housekeeping unit. The occupants of a dwelling unit have established ties and familiarity with each other, jointly use common areas, interact with each other, share meals, household activities, and expenses and responsibilities; membership in the single housekeeping unit is fairly stable as opposed to transient, members have some control over who becomes a member of the household, and the residential activities of the household are conducted on a nonprofit basis. There is a rebuttable presumption that integral facilities do not constitute single housekeeping units. Additional indicia that a household is not operating as a single housekeeping unit include, but are not limited to: the occupants do not share a lease agreement or ownership of the property; members of the household have separate, private entrances from other members; members of the household have locks on their bedroom doors; members of the household have separate food storage facilities, such as separate refrigerators.

Single room occupancy unit. A dwelling unit that serves as the primary residence of its occupant(s) and is offered on a monthly rental basis or longer. Single room occupancy units may contain kitchen and/or sanitary facilities. If the units do not contain kitchen and/or bathroom facilities, shared kitchen and/or bathroom facilities must be provided within the building.

Single room occupancy residential hotel. A residential hotel, allowed in certain commercial zones, that contains units designed for long-term occupancy by a single person, although double occupancy may be permitted.

Slope. The degree of deviation of a surface from the horizontal plane, usually expressed in percent or degrees.

Small lot subdivision. A residential development containing a maximum of 15 detached or townhome style units with no common walls where each unit is independently constructed on an individual parcel and the land is subdivided into fee simple parcels containing each unit. Each individual lot is provided with either a direct access to public street/alley or an

easement access through a recorded subdivision map.

Smoking lounge. Any facility or location whose business operation, whether as a primary use or an ancillary use, is characterized by the sale, offering, and/or preparation of smoking of tobacco, cigars, hookah, electronic cigarettes, or similar products, including but not limited to establishments known variously as hookah parlors, vaping lounges, or cigar bars.

Smoking/vaping retailer. A smoke shop, electronic cigarette retailer, vapor cigarette retailer, or any other retail business that sells tobacco, electronic cigarettes, and related products primarily for off-site consumption. Smoking/vaping retailers shall not include food or beverage service, outdoor seating, or an indoor seating area greater than 100 square feet in area.

Sober living home. A group home for persons who are recovering from a drug and/or alcohol addiction and who are considered handicapped under state or federal law. Sober living homes shall not include the following: (1) residential care facilities; (2) any sober living home that operates as a single housekeeping unit.

Specialty store. A retail store less than 3,000 square feet in area with hours of operation between 6:00 a.m. and 11:00 p.m. A specialty store offers a combination of foods and beverages for off-site use or consumption and provides for alcoholic beverage sales that are incidental to the primary use. No more than 10% of the total merchandise area of the retail floor may be devoted to display or sale of alcoholic beverages and only non-refrigerated alcoholic beverages may be offered. A specialty store must comply with the operational standards of section 13-200.72.

Specific plan. A plan consisting of text, maps, and other documents and exhibits regulating development within a defined area of the city, consistent with the general plan and the provisions of State Government Code section 65450 et seq.

State. State of California.

Story. For purposes related to zoning regulations, a story is that portion of a building included between the surface of any floor and the surface of the floor next above it. If there is no floor above it, then the space between such floor and the ceiling next above it shall constitute a story. An attic shall not be considered a story. A basement or cellar shall not be considered a story, if the finished floor level directly above the basement or cellar is less than four feet above finish grade at all locations. Any uncovered deck or activity area above the first story shall be considered a story.

Streamlined development review. The streamlined processing of a development plan when authority for approval is vested in the planning division.

Street. A public or private thoroughfare that provides primary access to adjacent land and local traffic movements. Streets do not include driveways which only provide access to parking areas.

Structure. Anything, including a building, located on the ground in a permanent location or attached to something having a permanent location on the ground.

Supportive housing. Housing with no limit on length of stay, that is occupied by the target population, as defined in Section 50675.14 of the California Health and Safety Code, and that is linked to on site or off site services that assist the supportive housing resident in retaining the housing, improving his or her health status, and maximizing his or her ability to live and, when possible, work in the community. ~~Supportive housing that is provided in single family dwelling, multi-family dwelling units, residential care facilities, or boarding house uses, shall be permitted, conditionally permitted or prohibited in the same manner as the other single family dwelling, multi-family dwelling units, residential care facilities, or boarding house uses under this Code.~~

Tandem parking. An arrangement of parking spaces one behind the other in a row of maximum two cars including one in the garage space. Tandem garage parking is defined as the placement of standard parking spaces one behind the other within the enclosed area of a garage.

Townhouse. A single-family attached dwelling unit located on an individual dwelling unit lot, and is part of a row of units that contains three or more dwelling units.

Transitional housing. A development with buildings configured as rental housing developments, but operated under program requirements that call for the termination of assistance and recirculation of the assisted unit to another eligible program recipient at some predetermined future point in time, which shall be no less than six months.

~~Transitional housing that is provided in single-family dwelling, multi-family dwelling units, residential care facilities, or boarding house uses, shall be permitted, conditionally permitted or prohibited in the same manner as the other single-family dwelling, multi-family dwelling units, residential care facilities, or boarding house uses under this Code.~~

Trip (vehicle). A one-way vehicular journey either to or from a site, or totally within the site i.e. internal trip. Each trip has two trip ends, one at the beginning and the other at the destination.

Trip rate (vehicular). The anticipated number of vehicle trips to be generated by a specific land use type or land use classification. The trip rate is expressed as a given number of vehicle trips for a given unit of development intensity (i.e., trip per unit, trip per 1,000 square feet, etc.).

Uncontrolled environment. A location where there is the exposure (to radiofrequency radiation) of individuals who have no knowledge or control of their exposure. The exposures may occur in living quarters or work places where there are no expectations that the exposure levels may exceed the exposure and induced current levels permitted for the general public.

Underroof. All of the area within the walls of the building that a roof covers. Areas under porches, roof overhangs, garage protrusions, breezeways and other similar architectural design features are not considered as underroof.

Unit. A particular building or structure, or portion thereof, that is designed, intended or used for exclusive occupancy, possession or control of individual owners or occupiers, whether or not they have interests in common areas of the project.

Use. The purpose (type and extent) for which land or a building is arranged, designed, or intended, or for which either land or a structure is occupied or maintained.

Warehouse, mini. A structure or group of structures for the dead storage of customer's goods and wares where individual stalls or lockers are rented out to different tenants for storage and where at least one of the stalls or lockers has less than 500 square feet of floor area.

Warehouse, public. A structure or group of structures for the dead storage of customer's goods and wares where individual stalls or lockers are rented out to different tenants for storage and where all the stalls or lockers have more than 500 square feet of floor area.

Vacancy rate (common lot development conversion). The ratio of vacant apartments being offered for rent or lease in the City of Costa Mesa, shown as a percentage of the total number of apartments in the city.

Vape lounge. See Smoking lounge.

Vape shop. See Smoking/vaping retailer.

Variance. A discretionary entitlement, usually granted by the planning commission, which

permits departure from the strict application of the development standards contained in this Zoning Code, based on specified findings.

Yard. Any open space on a lot unoccupied and unobstructed from the ground upward, except an inside court.

Yard, front. The yard between the front line of a building and the front line of the lot upon which the building is located.

Yard, rear. The yard extending from the extreme rear line of the main building to the rear lot line on which the building is situated.

Yard, side. The yard extending from the front yard, or from the front lot line where no front yard is required, to the rear yard or rear lot line, between the side lot line and the nearest wall of the main building or any accessory structure attached thereto.

Zero lot line. The location of a structure on a lot in such a manner that one or more of the structure's sides rest directly on a lot line.

CHAPTER III PLANNING APPLICATIONS

§ 13-27. Purpose.

The purpose of this chapter is to establish the parameters for the numerous types of discretionary planning applications and to identify processing procedures.
(Ord. No. 97-11, § 2, 5-5-97)

§ 13-28. Types.

- (a) ~~Administrative adjustment~~**Major Modification.** Any deviation from an adopted development standard in this Zoning Code that meets the criteria listed in Table 13-28(a).

TABLE 13-28(a) ADMINISTRATIVE ADJUSTMENTS MAJOR MODIFICATIONS	
Standard	Deviation Range
Decrease in required front yard depth; provided that in residential zones, the garage is set back a minimum of 19 feet from the front property line.	More than 20% but no more than 40%
Decrease in required rear yard depth.	More than 20% but no more than 40%
Decrease in required side yard width.	More than 20% but no more than 40%
Increase in maximum fence/wall height.	More than 33 1/3 % but no more than 50%
Increase in depth of permitted projections into required yards.	More than 20% but no more than 40%
Deviation in sign area, height, setbacks, separation and other sign specifications	More than 10% but no more than 20%
Decrease in required distance between main structures	More than 20% but no more than 40%
Decrease in required distance between accessory and main structures	More than 20% but no more than 40%

- (b) **Conditional use permit.** Any use specified in this Zoning Code as requiring a conditional use permit.
- (1) **Common interest development conversion.** For residential projects, a proposal to convert an occupied or previously occupied apartment complex to a residential common interest development project. To request a conversion for a newly constructed project, the apartment complex shall have received final building approval for occupancy. For non-residential projects, a proposal to convert an occupied or previously occupied non-residential complex to a non-residential common interest development. Non-residential includes industrial,

commercial, office, and/or mixed-use project.

- (c) **Density bonus or incentive.** Any request for incentives to produce lower income and senior housing per State Government Code section 65915.

~~(d) **Development review, streamlined.** The following shall be subject to streamlined development review, if the project complies with applicable development standards in this Zoning Code and meets one of the following conditions:~~
~~**Design review.** Any construction that results in three or more dwelling units on a development lot in any residential zone, except planned development, shall be subject to design review.~~

~~(d)~~

- ~~(1) Residential construction of one story in the R1, R2-MD, R2-HD, and R3 zones.~~
- ~~(2) Residential uses permitted by right in this the Zoning Code and qualifying for ministerial approval as a 'use by right' consistent with State the applicable provisions of the Government Code.~~
- ~~(3) Additions to existing buildings in the AP, CL, C1, C2, C1-S, MG, or MP zones that comply with the applicable development standards in this Zoning Code and do not exceed 2,000 square feet or 50% of the existing building area, whichever is less, shall be subject to streamlined development review.~~

- (e) **Development review.** The following shall be subject to development review:

- ~~(1) **Two-story Residential construction of two or more stories.** In the R2-MD, R2-HD, and R3 zones any zone, any two-story residential construction of two or more stories construction on a lot where there are two or fewer dwelling units or any second-story addition on a lot with more than two dwelling units that complies with the applicable development standards in this Zoning Code and the forthcoming Citywide Residential and Mixed-Use Objective Design Standards any residential design guidelines adopted by city council. Until such objective standards are adopted, projects shall be subject only to the objective development standards in this Zoning Code.~~
- ~~(2) **Construction of new buildings or additions to existing buildings in the AP, CL, C1, C2, C1-S, MG, or MP zones that comply with the applicable development standards in this Zoning Code and exceed 2,000 square feet or 50% of the existing building area.** However, building additions that do not exceed 2,000 square feet or 50% of the existing building area, whichever is less, and comply with all applicable development standards shall not be subject to development review be subject to streamlined development review. and,~~

- (3) Any other use specified in this Zoning Code as requiring development review.

- (f) **Lot line adjustment.** Any adjustment to an existing lot line between two lots, where the land taken from one lot is added to an abutting lot and/or where a greater number of lots than originally existed is not created. A lot line adjustment may be used to combine no more than four abutting lots.

- (g) **Master plan.** Prior to development in the planned development (PD), town center (TC), shopping center (C1-S), ~~mixed-use overlay (MU)~~, and all types of institutional and recreational (I&R, I&R-S, and I&R-MLT) zoning districts, a master plan is required. Preliminary master plans are required in the TC and I&R-MLT zone, are optional in PD

and MU zones, and are not required in C1-S, I&R-S, and I&R zones.

(1) **Minor changes.** Minor changes in the location, siting or character of buildings and structures may be authorized by the planning division if required by the final engineering or other circumstances not foreseen at the time the master plan was approved. No change authorized under this section may cause any of the following:

- a. A change in the use or character of the development;
- b. An increase in the overall density or floor area ratio of the development;
- c. An increase in overall coverage of structures;
- d. A reduction or change in character of approved open space;
- e. A reduction of required off-street parking;

- f. A detrimental alteration to the pedestrian, vehicular and bicycle circulation and utility networks;
- g. A reduction in required street pavement widths;
- h. An increase of more than six inches in building height; or
- i. A decrease in building setback greater than can be approved by a minor modification by the development services director.

(2) **Major amendments.** Substantial amendments to the master plan encompassing one or more of the minor changes listed in subparagraphs (1)a. through (1)i., or any proposed change determined by the development services director as a major amendment, shall be subject to review and approval by the zoning administrator. Furthermore, if the major amendment results in an overall building square footage that exceeds the maximum density or building square footage allowed by the approved master plan, the zoning administrator must find that the major amendment is consistent with the density, floor area ratio, and trip budget standards established by the general plan, as applicable.

(3) **Minor amendments.**

- a. Minor amendments to existing master plans in planned development zones are subject to section 13-56, master plan required.
- b. Minor amendments to existing master plans in the TC, C1-S, MU, I&R, I&R-S, and I&R-MLT zones may be approved by development review if the planning division finds that the proposed construction does not materially affect required open space, floor area ratio, and parking requirements specified in the approved master plan. Furthermore, if the minor amendment results in an overall building square footage that exceeds the maximum building square footage allowed by the approved master plan, the planning division must find that the minor amendment is consistent with the floor area ratio and trip budget standards established by the general plan, as applicable.

~~(4) **Mixed-use development plan screening application.** Applicants for residential or mixed-use development projects in a mixed-use overlay district shall submit a screening application for consideration by city council at a public meeting. No other concurrent application for development may be submitted for processing until city council comments have been received. The purpose of the screening application is to receive city council comments on the merits and appropriateness of the proposed development. No other action on the screening application will be taken by city council. The submittal requirements for the screening review are specified on the city's planning application form, and the city council's review comments on the proposed project for processing shall not set precedent for approval of the master plan.~~

(h) **Minor conditional use permit.** Any use or deviation from development standards specified in this Zoning Code as requiring a minor conditional use permit.

~~(i) **Minor design review.** The following shall be subject to minor design review:~~

- ~~(1) Two-story residential construction that does not comply with any residential design guidelines adopted by the city council in the following zones:
 - a. ~~R1 zone. Any two-story construction or second-floor addition; and~~
 - b. ~~R2 MD, R2 HD, and R3 zones. Any two-story construction on a lot that results in two or fewer dwelling units or any second-story addition on a lot with more than two dwelling units.~~~~
- ~~(2) Reserved for future use.~~
- ~~(3) Any deviation from development standards specified in this Zoning Code as requiring a minor design review.~~

~~(j)(i) **Minor modification.** Any deviation from an adopted development standard in this Zoning Code that meets the criteria listed in Table 13-28(ji)(1).~~

TABLE 13-28(ji)(1) MINOR MODIFICATION	
Standard	Deviation Range
Decrease in required front yard depth; provided that in residential zones, the garage is set back a minimum of 19 feet from the front property line	20% or less
Decrease in required rear yard depth	20% or less
Decrease in required side yard width	20% or less
Increase in maximum fence/wall height	33 1/3 % or less
Decrease in five-foot setback on street side for fences/walls in excess of 36 inches on corner lots in multi-family residential zones	100% or less
Increase in depth of permitted projections into required yards	20% or less
Decrease in minimum driveway width for two or more dwelling units	to not less than 10 feet
Deviation in sign area, height, setbacks, separation and other sign specifications	10% or less
Decrease in required distance between main structures	20% or less
Decrease in required distance between accessory and main structures	20% or less
Decrease in minimum width and length of garage dimensions	5% or less

- (2) *Minor building additions that encroach into required setbacks no further than the existing main structure, excluding architectural features.* However, no nonconforming setback width or depth may be decreased further, and the building addition shall comply with all other applicable sections of this Zoning Code and other codes.
- (3) Fabric awnings that project no more than five feet from the building face.
- (4) Minimum length of no less than 18 feet for driveways as measured from the ultimate property line.
- (5) Any deviation from development standards specified in this Zoning Code as requiring a minor modification.

~~(k)~~(j) **Mobile home park conversion.** Any conversion of an existing mobile home park to any other use permitted or conditionally permitted in the applicable zoning district.

~~(h)~~(k) **Planned signing program.** A voluntary, optional alternative to the general sign regulations, except in the C1-S zone where it is required.

~~(m)~~(l) **Reasonable accommodation.** As defined in section 13-200.62

~~(n)~~(m) (Reserved)

~~(o)~~(n) **Rezone.** Any proposed change to the official zoning map.

~~(p)~~(o) **Special use permit.** Refer to Chapter XV of the Zoning Code.

~~(q)~~(p) **Specific plan conformity review.** Any proposed action or land use which is required by the applicable specific plan to be reviewed for conformity with the purpose and intent of the plan.

~~(r)~~(q) **Tentative tract or parcel map (including vesting).** Any proposed subdivision of land which is required by a provision of the Subdivision Map Act or this Zoning Code to file a tentative tract or parcel map.

~~(s)~~(r) **Variance.** Any deviation from a development standard in this Zoning Code that is not specified as a minor modification or ~~administrative adjustment~~ major modification, or a deviation that is not allowed by approval of conditional use permit, minor conditional use permit, or specific plan conformity procedure.

~~(t)~~(s) **Landmarks and historic districts located within the city.** A person may request placement of a significant historic structure on the local Register of Historic Places subject to the criteria and procedures established in Chapter IX, Article 14, Historic

Preservation.

~~(u)~~(t) **Certificate of appropriateness.** A certificate issued by the planning commission (or other commission/committee designated by the city council), approving plans, specifications, or statements of work for any proposed alteration, restoration, or rehabilitation, construction, relocation, or demolition, in whole or in part, of a "designated cultural resource" listed on the city's local Register of Historic Places.

(Ord. No. 97-11, § 2, 5-5-97; Ord. No. 99-17, § 3, 11-15-99; Ord. No. 01-10, §§ 1a., 1b., 3-5-01; Ord. No. 01-16, § 1b., 6-18-01; Ord. No. 02-4, § 1m, 3-18-02; Ord. No. 03-4, § 1(a), 6-2-03; Ord. No. 03-8, §§ 1, 2, 9-2-03; Ord. No. 05-3, § 1b., 2-7-05; Ord. No. 05-2, § 1a.—c., 2-22-05; Ord. No. 06-9, § 1b., 4-18-06; Ord. No. 07-17, § 1a., b., 10-2-07; Ord. No. 11-10, § 1, 9-20-11; Ord. No. 16-09, § 3, 10-4-16; Ord. No. 21-20, § 1, 12-7-21)

§ 13-29. Planning application review process.

(a) **Application.**

- (1) Application for any planning application shall be made to the planning division on the forms provided. Plans and information reasonably needed to analyze the application may be required. A list of required plans and information shall be available from the planning division.
- (2) All applications shall be signed by the record owner of the real property to be affected. This requirement may be waived upon presentation of evidence substantiating the right of another person to file the application.

(b) **Fees.** The application shall be accompanied by all applicable processing fees as established by resolution of the city council.

(c) **Public hearing.** Upon receipt of a complete application for a planning application, the planning division shall fix a time and place of the public hearing if one is required pursuant to Table 13-29(c). For planning applications which require review by both the planning commission and city council ~~or redevelopment agency~~, pursuant to Table 13-29(c), the final review authority shall hold a public hearing no more than 45 days from the receipt of the planning commission's recommendation.

- (d) **Public notice.** When required pursuant to Table 13-29(c), public notice shall be given as described in the following subsections. Public notices shall contain a general explanation of the proposed planning application and any other information reasonably needed to give adequate notice of the matter to be considered.
- (1) **Mailed notice required.** Notices of the hearing shall be mailed to all property owners and occupants within a 500 foot radius of the project site, except for applications for the construction of a building(s) 150 feet or more in height which; these the applications pursuant to Table 13-29(d) shall require a greater notice radius pursuant to Table 13-29(d):

TABLE 13-29(d) MAILED NOTICE REQUIRED	
Building Height in Feet	Notice Requirement
More than 150 and less than or equal to 225	700-foot radius
More than 225 and less than or equal to 300	900-foot radius
More than 300	1,100-foot radius

The required notice radius shall be measured from the external boundaries of the property described in the application. The notice shall be mailed no less than 10 days prior to the hearing or determination on the application. The planning division shall require mailing labels from the project applicant for this purpose. The mailing labels shall reflect the last known name and address of owner(s) as shown on the last equalized county assessment roll or by a more current listing.

- (2) **On-site posting required.** Additional notice shall be provided by posting a notice on each street frontage of the project site, no less than 10 days prior to the date set for the hearing or determination on the application.
- (3) **Newspaper publication.** When a public hearing is required, notice shall also be published once in the city in a newspaper of general circulation, no less than 10 days prior to the date set for the public hearing.
- (e) **Review criteria.** Review criteria for all planning applications shall consist of the following:
- (1) Compatible and harmonious relationship between the proposed building and site development, and use(s), and the building and site developments, and uses that exist or have been approved for the general neighborhood.
 - (2) Safety and compatibility of the design of buildings, parking area, landscaping, luminaries and other site features which may include functional aspects of the site development such as automobile and pedestrian circulation.
 - (3) Compliance with any performance standards as prescribed elsewhere in this Zoning Code.
 - (4) Consistency with the general plan and any applicable specific plan.

- (5) The planning application is for a project-specific case and is not to be construed to be setting a precedent for future development.
 - (6) When more than one planning application is proposed for a single development, the cumulative effect of all the planning applications shall be considered.
 - (7) For residential developments, consistency with any applicable design guidelines adopted by city council resolution.
 - (8) For affordable multi-family housing developments which include a minimum of 16 affordable dwelling units at no less than 20 dwelling units per acre, the maximum density standards of the general plan shall be applied, and the maximum density shall be permitted by right and not subject to discretionary review during the design review or master plan application process.
- (f) **Conditions.** The final review authority pursuant to Table 13-29(c), may impose reasonable conditions to assure compliance with the applicable provisions of this Zoning Code, and to assure compatibility with surrounding properties and uses and to protect the public health, safety and general welfare. The final review authority may also require such written guarantees, cash deposits, recorded land use restrictions, etc., as may be necessary to assure compliance with the conditions.
- (g) **Findings.** When granting an application for any of the planning applications specified below, the final review authority shall find that the evidence presented in the administrative record substantially meets any required conditions listed below. Other findings may also be required pursuant to other provisions of this Zoning Code.
- (1) ~~Administrative adjustment~~Major modifications and variance findings:
 - a. Because of special circumstances applicable to the property, the strict application of development standards deprives such property of privileges enjoyed by others in the vicinity under identical zoning classifications.
 - b. The deviation granted shall be subject to such conditions as will assure that the deviation authorized shall not constitute a grant of special privileges inconsistent with the limitation upon other properties in the vicinity and zone in which the property is situated.
 - c. The granting of the deviation will not allow a use, density, or intensity which is not in accordance with the general plan designation and any applicable specific plan for the property.
 - (2) Conditional use permit and minor conditional use permit findings:
 - a. The proposed development or use is substantially compatible with developments in the same general area and would not be materially detrimental to other properties within the area.

- b. Granting the conditional use permit or minor conditional use permit will not be materially detrimental to the health, safety and general welfare of the public or otherwise injurious to property or improvements within the immediate neighborhood.
 - c. Granting the conditional use permit or minor conditional use permit will not allow a use, density or intensity which is not in accordance with the general plan designation and any applicable specific plan for the property.
- (3) Density bonus and concession or incentive findings:
- a. The request is consistent with State Government Code section 65915 et. seq. regarding density bonuses and other incentives, the general plan, any applicable specific plan, and Chapter IX special regulations, Article 4 density bonuses and other incentives.
 - b. The requested density bonus and incentive or concession constitute the minimum amount necessary to provide housing at the target rents or sale prices and/or a child care facility.
 - c. The granting of the incentive or concession is required in order to provide for affordable housing costs, as defined in Health and Safety Code section 50052.5 or for rents for the targeted units.
 - d. The granting of the incentive or concession and/or the waiver or reduction of development standards does not have a specific, adverse impact, as defined in paragraph (2) of subdivision (d) of Government Code section 65589.5 upon health, safety, or the physical environment, and for which there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact.
 - e. The granting of the incentive or concession and/or the waiver or reduction of development standards does not have an adverse impact on any real property that is listed in the California Register of Historical Resources.
- (4) Lot line adjustment findings: The lot line adjustment and improvements are consistent with the general plan, any applicable specific plan and this Zoning Code.
- (5) Master plan findings:
- a. The master plan meets the broader goals of the general plan, any applicable specific plan, and the Zoning Code by exhibiting excellence in design, site planning, integration of uses and structures and protection of the integrity of neighboring development.
 - ~~b. Master plan findings for mixed-use development projects in the mixed-use overlay district are identified in Chapter V, Article 11, mixed-use overlay district.~~
 - ~~c. As applicable to affordable multi-family housing developments, the~~

~~project complies with the maximum density standards allowed pursuant to the general plan and provides affordable housing to low or very low income households, as defined by the California Department of Housing and Community Development. The project includes long term affordability covenants in compliance with state law.~~

(6) Minor modification findings:

- a. The improvement will not be materially detrimental to the health, safety and general welfare of persons residing or working within the immediate vicinity of the project or to property and improvements within the neighborhood.
- b. The improvement is compatible and enhances the architecture and design of the existing and anticipated development in the vicinity. This includes the site planning, land coverage, landscaping, appearance, scale of structures, open space and any other applicable features relative to a compatible and attractive development.

(7) Mobile home park conversion findings:

- a. The impacts of the conversion on the residents of the mobile home park have been duly considered as required by the State Government Code.
- b. The proposed conversion project is consistent with the general plan, any applicable specific plan and this Zoning Code.

(8) Planned signing program findings:

- a. The proposed signing is consistent with the intent of Chapter VIII, Signs, and the General Plan.
- b. The proposed signs are consistent with each other in design and construction taking into account sign style and shape, materials, letter style, colors and illumination.
- c. The proposed signs are compatible with the buildings and developments they identify taking into account materials, colors and design motif.
- d. Approval does not constitute a grant of special privilege or allow substantially greater overall visibility than the standard sign provisions would allow.

(9) Reasonable Accommodation findings: Refer to Chapter IX, Article 15.

(10) Common interest development conversion findings:

- a. The applicant has submitted an adequate and legally binding plan which addresses the displacement of long-term residents, particularly senior citizens and low- and moderate-income families and families with school-age children; and

- b. The proposed common interest development conversion project conforms to adopted general plan policies and any applicable specific plan or urban plan, and if applicable, increases the supply of lower cost housing in the city and/or that the proposed conversion project fulfills other stated public goals.
 - c. The establishment, maintenance, or operation of the project will not be detrimental to the health, safety, peace, comfort, and general welfare of persons residing or working in the surrounding neighborhood, nor will the project be detrimental or injurious to property and improvements in the neighborhood or the general welfare of the city.
 - d. The overall design and physical condition of the common interest development conversion project achieves a high standard of appearance, quality, and safety.
 - e. The proposed common interest development conversion project conforms to the Costa Mesa Zoning Code requirements.
 - f. For a proposed common interest development conversion project that does not conform to the zoning code requirements, the project due to its proportions and scale, design elements, and relationship to the surrounding neighborhood, is of continued value to the community and it contributes to defining and improving the community as a whole. Deviations from zoning code requirements are acceptable because it would be impracticable or physically impossible without compromising the integrity of the overall project to implement features that could result in conformance with current code requirements.
 - g. For a proposed common interest development conversion project located in an urban plan area, the proposed conversion is consistent with the applicable mixed-use overlay zoning district. Specifically, the proposed non-residential conversion project supports a mixed-use development or a similar land use that is not allowed in the base zoning district, or the proposed conversion project is a residential common interest development that is permitted by either the base or overlay zoning district.
- (11) Rezone findings: The proposed rezone is consistent with the Zoning Code and the general plan and any applicable specific plan.
- (12) Specific plan conformity review findings: Refer to the applicable specific plan text.
- (13) Tentative parcel or tract map findings:
- a. The creation of the subdivision and related improvements is consistent with the general plan, any applicable specific plan, and this Zoning Code.
 - b. The proposed use of the subdivision is compatible with the general plan.

- c. The subject property is physically suitable to accommodate the subdivision in terms of type, design and density of development, and will not result in substantial environmental damage nor public health problems, based on compliance with the Zoning Code and general plan, and consideration of appropriate environmental information.
- d. The design of the subdivision provides, to the extent feasible, for future passive or natural heating and cooling opportunities in the subdivision, as required by State Government Code section 66473.1.
- e. The division and development will not unreasonably interfere with the free and complete exercise of the public entity and/or public utility rights-of-way and/or easements within the tract.
- f. The discharge of sewage from this land division into the public sewer system will not violate the requirements of the State Regional Water Quality Control Board pursuant to Division 7 (commencing with State Water Code section 13000).

~~(14) Design review and minor design review findings:~~

- ~~a. The project complies with the City of Costa Mesa Zoning Code and meets the purpose and intent of the residential design guidelines, which are intended to promote design excellence in new residential construction, with consideration being given to compatibility with the established residential community. This design review includes site planning, preservation of overall open space, landscaping, appearance, mass and scale of structures, location of windows, varied roof forms and roof plane breaks, and any other applicable design features.~~
- ~~b. The visual prominence associated with the construction of a two-story house or addition in a predominantly single-story neighborhood has been reduced through appropriate transitions between the first and second floors and the provision of second floor offsets to avoid unrelieved two-story walls.~~
- ~~c. As applicable to affordable multi-family housing developments, the project complies with the maximum density standards allowed pursuant to the general plan and provides affordable housing to low or very-low income households, as defined by the California Department of Housing and Community Development. The project includes long-term affordability covenants in compliance with state law.~~

(h) **Decision.**

- (1) After the public hearing, if required, the final review authority may approve, conditionally approve or deny any application for the planning application based upon the standards and intent set forth in the applicable provisions of this Zoning Code. In the case of a denial, the applicant shall be notified of the circumstances of the denial.

- (2) For planning applications which require the planning commission to make a recommendation to the final review authority, the authority shall not approve any major change or additions in any proposed planning application until the proposed change or addition has been referred to the planning commission for a report, unless the change or addition was previously considered by the planning commission. It shall not be necessary for the planning commission to hold a public hearing to review the referral. Failure of the planning commission to report to the final review authority within 40 days after the referral shall be deemed approval of the proposed change or addition.

(i) **Notice of decision.**

- (1) Notice of the zoning administrator's decision shall be given within five days of the decision to the city council, planning commission and to any affected party requesting the notice. Any member of the planning commission or city council may request review of a zoning administrator's decision within seven days of the notice of the decision. No fee shall be charged for such review.
- (2) Notice of the planning commission's ~~and/or redevelopment agency's~~ decision shall be given within five days to the city council and to any affected party requesting the notice. Any member of the city council may request review of the decision within seven days of the notice of the decision. No fee shall be charged for such review.

(j) **Appeals.** Appeals of the final review authority shall be filed within seven days of the public hearing or the date of the notice of decision according to the procedures set forth in Title 2, Chapter IX, Appeal, Rehearing and Review Procedure.

(k) **Time limits and extensions.**

- (1) Planning applications shall run with the land until revoked, except as provided in this section or in a condition imposed at the time of granting the planning application.
- (2)
 - a. Unless otherwise specified by condition of approval, any permit or approval not exercised within 24 months from the actual date of review authority approval shall expire and become void, unless an extension of time is approved in compliance with paragraph (4) of this subsection;
 - b. The permit shall not be deemed "exercised" until at least one of the following has first occurred:
 1. A building permit has been issued and construction has commenced, and has continued to maintain a valid building permit by making satisfactory progress as determined by the building official.
 2. A certificate of occupancy has been issued.
 3. The use is established and a business license has been issued.
 4. A time extension has been granted in compliance with paragraph (3)

of this subsection.

- (3) The time limits specified in paragraph (2) of this subsection shall not apply to preliminary master plans, except that the first phase of the final master plan must be approved within 24 months of the approved preliminary master plan. Time limits regarding the construction of improvements authorized by the approved final master plan for each phase of the project shall comply with the time limits established in paragraph (2).
- (4) Extension of time.
 - a. *Filing and review of request.* No less than 30 days or more than 60 days before the expiration date of the permit, the applicant shall file a written request for an extension of time with the department, together with the filing fee established by resolution of the city council.
 - b. For extension requests not to exceed 180 days: The director of development services may extend the time for an approved permit or approval to be exercised. Only one request for an extension of 180 days may be approved by the director. Any subsequent extension requests shall be considered by the original approval authority.
 - c. For extensions requests of more than 180 days: The review authority for the original project shall consider the request to extend the time for an approved permit or approval to be exercised. A public hearing shall only be held if it was required on the original application. If notice was required for the original application, notice of the public hearing shall be given according to the procedures set forth in this chapter.
- (5) Fees for extensions of time for planning applications may be established by resolution of the city council.
- (6) Action on extension request. A permit or approval may be extended beyond the expiration of the original approval provided the director or the review authority finds that there have been no changes in the conditions or circumstances of the site, such as Zoning Code or General Plan amendment or other local and statewide regulations affecting the approved development standards, or project so that there would have been ground for denial of the original project or any changes to the General Plan and/or Zoning Code that would preclude approval of the same project at the time of the requested extension.
- (7) Effect of expiration. After the expiration of the permit or approval, no further work shall be done on the site and no further use of the site shall occur until a new permit or approval, or other city permits or approvals are first obtained. Fees for extensions of time for planning applications may be established by resolution of the city council.
- (1) ***Building permits/authority to proceed.*** No building permit or authority to proceed shall be granted until all required review and approval has been obtained and all

applicable appeal periods have expired.

- (m) **Compliance.** Final occupancy shall not be granted unless the site development conforms to the approved set of building plans, applicable conditions of approval and code requirements.
- (n) **Reapplication.** Upon final denial of any planning application, a new application for substantially the same planning application may not be filed within six months of the date of the denial. The development services director shall determine whether the new application is for a planning application which is substantially the same as a previously denied application. No decision of the development services director shall be effective until a period of seven days has elapsed following the written notice of a decision; an appeal of the decision shall be filed according to the procedures set forth in Title 2, Chapter IX, Appeal, Rehearing and Review Procedure.
- (o) **Enforcement authority.**
 - (1) The planning commission may require the modification or revocation of any planning application and/or pursue other legal remedies as may be deemed appropriate by the city attorney, if the planning commission finds that the use as operated or maintained:
 - a. Constitutes a public nuisance as defined in State Civil Code Sections 3479 and 3480; or
 - b. Does not comply with the conditions of approval.
 - (2) The modification or revocation of any permit by the planning commission under this subsection shall comply with the notice and public hearing requirements set forth in subsections (c) and (d). The development services director may require notice for a development review or minor modification, if deemed appropriate.
- (p) **Amendment to a planning application.** Any approved planning application may be amended by following the same procedure and fee schedule as required for the initial approval, with the exception of the following two instances:
 - (1) Minor amendments to conditional use permits shall be processed as minor conditional use permits; and
 - (2) Amendments to master plans which comply with section 13-28(f)(1) may be authorized by the planning division.
- (q) **Concurrent processing.** Unless otherwise stated in this Zoning Code, applications for proposed projects which require two or more planning application approvals may be processed concurrently. Final project approval shall not be granted until all necessary approvals have been obtained.

CHAPTER IV CITYWIDE LAND USE MATRIX

§ 13-30. Purpose.

The purpose of this chapter is to provide a comprehensive list of uses which are permitted, conditionally permitted, or prohibited in the various zoning districts, as represented by Table 13-30, Land Use Matrix. In evaluating a proposed use, the following criteria shall also be considered:

- (a) Uses determined as permitted may be subject to a discretionary review when construction is proposed, pursuant to Chapter III, Planning Applications.
- (b) Uses proposed in the planned development zones are subject to verification of consistency with the master plan adopted for planned development zones. A proposed use not expressly allowed by the adopted master plan may require additional discretionary review pursuant to Table 13-30, Land Use Matrix.
- (c) All listed uses in the matrix are subject to verification of compliance with density and floor area ratio limits, parking requirements and performance standards which may, in certain cases, prevent the establishment of the use.
- (d) Any proposed use not listed in the Land Use Matrix shall be reviewed by the development services director to determine its similarity to another listed use. If no substantial similarity exists, the proposed use shall require approval of a conditional use permit prior to establishment of the use.
- (e) For the purpose of Table 13-30, Land Use Matrix, the various zoning districts are labeled as follows:

Residential zones: R1, R2-MD, R2-HD, and R3

Commercial zones: AP, CL, C1, C2, C1-S, and TC

Industrial zones: MG and MP

Planned Development Residential zones: PDR-LD, PDR-MD, PDR-HD, and PDR-NCM

Planned Development Commercial zone: PDC Planned Development

Industrial zone: PDI

The Parking zone: P

Institutional and Recreational zones: I & R, I & R-S, and I & R-MLT

- (f) For zoning districts located in a specific plan area, please refer to the appropriate specific plan text to determine if any additional regulations related to land uses are applicable.
- (g) For the mixed-use overlay district located in an urban plan area, please refer to the appropriate urban plan text for additional regulations related to development standards and allowable land uses as applicable.

Notes:

- 1 Uses proposed in this zone are subject to verification of consistency with the adopted master plan. Uses not specified in the master plan, could be allowed, subject to the review process indicated in this matrix, if the proposed use is determined to be compatible with the adopted master plan. Residential uses shall not be permitted on any site or parcel of land on which residential uses are expressly prohibited by the general plan.
- 2 This use is subject to the requirements of the referenced Municipal Code article or section.
- 3 If residential uses exist, accessory uses shall be permitted.
- 4 For the purposes of this table, the symbols in the non-shaded areas shall have the following meaning: C—Conditional Use Permit; MC—Minor Conditional Use Permit; P—Permitted; •—Prohibited; and S—Special Use Permit.
- 5 Six hundred fifty foot separation required between sober living homes, or from state licensed alcohol or drug abuse recovery or treatment facilities. CMMC 13-311(a)(10)(i).
- 6 Subject to the separation requirement set forth in sections 13-322(a)(3) and 13-323(b).
- 7 Small boardinghouses shall locate at least 650 feet from any other small boardinghouse. Large boardinghouses shall be located at least 1,000 feet away from any other boardinghouse.
- 8 Uses prohibited in the base zoning district of a mixed-use overlay zone shall also be prohibited in the overlay zone.
- 9 Prohibited at the SoCo property, 3303 through 3323 Hyland Ave.
- 10 Emergency shelters located on sites owned, controlled, and/or operated by the city in the MP and/or the PDI zone are a permitted use, not subject to a master plan requirement and the standards in section 13-200.79(1), (2), (4), (8), (10) and (13) do not apply to such uses.

<u>11</u>	<u>Supportive housing, as defined in Government Code Section 65650, shall be permitted by-right in all zones where multifamily and mixed uses are permitted by-right, provided it is consistent with Government Code Sections 65650 – 65656.</u>
<u>12</u>	<u>Pursuant to Government Code Section 65583(c)(3), transitional and supportive Housing shall be considered a residential use of property and shall be subject only to those restrictions that apply to other residential dwellings of the same type in the same zoning district.</u>

(a) Purpose.

- (1) The purpose of this Section is to implement the City's currently adopted Housing Element by establishing zoning provisions for sites identified in the Housing Element Sites Inventory to accommodate the City's lower-, moderate-, and above-moderate-income Regional Housing Needs Allocation (RHNA) consistent with Government Code sections 65583 and 65583.2, Subsections (c), (h) and (i).

(b) Applicability.

- (1) The provisions of this Section shall apply to all sites identified in the City's currently adopted Housing Element Sites Inventory to accommodate the City's RHNA, shown in the Housing Element as Table B-6: Sites to Accommodate Costa Mesa 2021-2029 RHNA or any future adopted Housing Element Sites Inventory to accommodate the City's RHNA.
- (2) **Previously Identified Sites.** The provisions of this Section shall also apply to any non-vacant Housing Element Site that was identified in a prior Housing Element and any vacant Housing Element Site that was identified in two or more consecutive prior Housing Elements, consistent with Government Code Section 65583.2 Subsection (c). Such sites shall be subject to the minimum density and by-right approval standards established in this Section. Such sites are identified in the City's currently adopted Housing Element Sites Inventory, shown as Table

B-6: Sites to Accommodate Costa Mesa 2021-2029 RHNA or any future adopted Housing Element Sites Inventory to accommodate the City's RHNA.

- (3) **Exception.** The provisions of this Section shall not apply to residential projects or mixed-use projects having residential units located within the boundaries of the Fairview Development Center Specific Plan.

(c) **Severability and State Law Consistency.**

- (1) This Section is intended to be consistent with, and shall be interpreted and applied to comply with, all applicable requirements of State housing law, including Government Code Sections 65915(c)(3), 65583 and 65583.2 as those provisions may be amended from time to time, and any successor statutes. If any provision of this Section conflicts with State law, the applicable State law shall control.
- (2) If any provision of this Section, or its application to any person or circumstance, is held invalid or unenforceable by a court of competent jurisdiction, such invalidity or unenforceability shall not affect other provisions or applications of this Section that can be given effect without the invalid provision or application. The City Council declares that it would have adopted this Section and each provision, section, sentence, clause, and phrase thereof, irrespective of the fact that any one or more provisions may be declared invalid or unenforceable.

(d) **Definitions**

- (1) **"Housing Element Site"** means any site identified in the currently adopted Housing Element Sites Inventory to accommodate the City's (RHNA), shown in the Housing Element as Table B-6: Sites to Accommodate Costa Mesa 2021-2029 RHNA.
- (2) **"Lower-Income Household"** has the same meaning as defined in Health and Safety Code Section 50079.5.
- (3) **"Lower-Income Housing Element Site"** means any Housing Element Site identified in the currently adopted Housing Element that accommodates any portion of the City's lower-income RHNA and subject to the requirements of Government Code Section 65583.2 (h) and (i), shown in the Housing Element as Table B-6: Sites to Accommodate Costa Mesa 2021-2029 RHNA.
- (4) **"Use by Right"** has the same meaning as in Government Code Section 65583.2 Subsection (i) and requires ministerial approval for multifamily housing developments in which at least 20 percent of the total number of units are affordable to lower-income households. "Use by Right" means that the review of an owner-occupied or renter-occupied multifamily residential use may not require a conditional use permit, planned unit development permit, or other discretionary review or approval that would constitute a "project" for purposes of Division 13 (commencing with Section 21000) of the Public Resources Code.

- (5) **“Prior Housing Element Site”** means any non-vacant Housing Element Site that was identified in the prior Housing Element and any vacant Housing Element Site that was identified in two or more consecutive prior Housing Elements. Such sites are identified in the City’s currently adopted Housing Element Sites Inventory, shown as Table B-6: Sites to Accommodate Costa Mesa 2021-2029 RHNA.
- (6) **“Protected Unit”** means any unit that, within the past five years, was occupied by a lower-income household regardless of whether the unit was deed-restricted or that was subject to an affordability covenant or rent control.
- (e) **Supersession of Overlay**
- (1) **For Lower-Income Housing Element Sites:**
- i. **Supersession of Other Zoning Provisions.** Projects on Lower-Income Housing Element Sites shall be governed by this Section, and the provisions in this Section shall supersede and prevail over any conflicting provisions of the underlying base zone, including, but not limited to, minimum residential floor area, minimum residential capacities and densities, ministerial review and approval requirements, and permitted uses, and all other applicable zoning provisions, such as other urban plans, overlays, and specific plans, and the provisions of this Article that apply to non-Lower-Income Housing Element sites.
 - ii. **Ministerial Review and Approval.** Projects on Lower-Income Housing Element Sites shall be a Use by Right pursuant to Subsection (f)(1).
 - iii. **Minimum Residential Floor Area.** Projects on Lower-Income Housing Element Sites shall satisfy the minimum residential floor area requirements established in Subsection (g)(3).
 - iv. **Minimum Residential Site Capacity and Density.** Projects on Lower-Income Housing Element Sites shall satisfy the minimum residential capacity and density requirements established in Subsection (h)(1)(ii) and (h)(1)(iii).
- (f) **Review and Approvals Procedures**
- (1) **Use by Right.** A project on a Lower-Income Housing Element Site that provides at least 20 percent of the total dwelling units affordable to Lower-Income Households shall be processed as a Use by Right, consistent with Government Code Section 65583.2(h) and (i). Such projects shall be subject only to ministerial review to verify compliance with all applicable objective design and development standards in accordance with a Streamlined Development Review process per CMMC Title 13, Chapter III (Planning Applications). A project that does not qualify as a Use by Right shall be processed in accordance with a

Development Review process per CMMC Title 13, Chapter III (Planning Applications).

- (2) **Subdivision.** Any subdivision of a Lower Income Housing Element Site shall comply with all applicable provisions of CMMC Title 13, Chapter XI (Subdivisions) and the Subdivision Map Act.

(g) **Permitted Uses**

- (1) **Multi-Family Dwellings.** Multi-family dwellings shall be permitted on all Housing Element Sites subject to the requirements of this Section.
- (2) **Non-Residential Uses.** Those non-residential uses permitted in Commercial Zones in accordance with CMMC Title 13, Chapter IV (Citywide Land Use Matrix) shall be permitted as part of mixed-use projects on all Housing Element Sites.
- (3) **Mixed-Use on Lower-Income Housing Element Sites.** Mixed-use projects shall be permitted on Lower-Income Housing Element Sites so long as at least 50 percent of total floor area is provided as residential uses, consistent with Government Code Section 65583.2, Subsection (h)(1)(B).
- (4) **Multi-Family Dwellings on Lower-Income Housing Element Sites.** Multi-family dwellings consisting of 100 percent residential uses shall be permitted on Lower-Income Housing Element Sites, consistent with Government Code Section 65583.2, Subsection (h)(1)(B).

(h) **Development Standards**

(1) **Density Standards**

- i. **Maximum Densities.** Maximum residential densities shall be permitted as specified in the Housing Element Sites Inventory.
- ii. **Minimum Site Capacity for Lower-Income Housing Element Sites.** If the identified maximum density of a Lower-Income Housing Element Site does not allow at least 16 dwelling units on site, then the maximum density identified shall be waived, and the maximum number of dwelling units permitted shall be 16 dwelling units on site consistent with Government Code Section 65583.2 Subsection (h).
- iii. **Minimum Densities for Lower-Income Housing Element Sites.** A project proposed on a Lower Income Housing Element Site shall meet a minimum density requirement of 20 units per acre, inclusive of Accessory Dwelling Units, consistent with Government Code Section 65583.2, Subsection (h).

(2) **Off-Street Parking Standards**

- i. **Residential Uses.** Minimum off-street parking requirements for multi-family dwellings on Housing Element sites are provided in Table 13-83.58-A. Minimum Off-Street Parking Requirements.
- ii. **Non-Residential Uses.** Minimum off-street parking requirements for those permitted non-residential uses on Housing Element sites shall be subject to CMMC Title 13, Chapter VI (Off-Street Parking Standards).

- 1 Based on the currently adopted Housing Element Sites Inventory
- 2 Only applicable to Lower-Income Housing Element Sites and inclusive of Accessory Dwelling Units.
- 3 Minimum setbacks shall apply to all portions of a building or structure. Maximum setbacks along public streets shall only apply to a building or structure's ground floor, with exceptions for driveways, walkways, and open space.

(4) Objective Design Standards forthcoming.

- i. The City intends to prepare and adopt design standards to further guide the physical form and character of development on the rezoned sites. Until such standards are adopted, projects shall be subject only to the objective development standards contained in this Section. Upon adoption, the objective design standards shall apply to all projects subject to this Section and shall serve as the sole design criteria for ministerial review, consistent with Government Code Sections 65583.2 and 65589.5.

(i) **Replacement of Protected Units**

- (1) **Demolition or Conversion of Protected Units.** Any project that involves the demolition or conversion of Protected Units, or that is located on a site where Protected Units were demolished or converted within the previous five years, shall comply with all applicable replacement housing, tenant protection, and right-of-return requirements under State Density Bonus Law, including Government Code Section 65915, Subsection (c)(3), and any successor statutes.

DRAFT

Article 1 Residential Districts

§ 13-84. Purpose.

The purpose of this article is to establish parking requirements for the residential zones. The provisions of this article shall apply to the R1, R2-MD, R2-HD and R3 zones, and to the residential portions of the planned development and Institutional and Recreational zones. Exception: These parking standards do not apply to high-rise residential developments in the North Costa Mesa Specific Plan; see the specific plan for applicable parking rates.

(Ord. No. 97-11, § 2, 5-5-97; Ord. No. 07-2, § 1k., 2-6-07)

§ 13-85. Parking required.

In the residential districts, the following minimum off-street parking spaces shall be provided. The parking spaces shall provide safe and adequate ingress and egress and shall be maintained in connection with the building or structure and use of land.

- (a) ***R1 zone and small-lot single-family common interest developments (excluding townhouses).*** Off-street parking in the form of a garage and open parking shall be provided as follows:

1 In R1 zones, required open parking may be provided in a garage or on a minimum 19-foot long, individual driveway leading to a garage. In common interest developments, required open parking may be provided on an individual unit's driveway or within the common area. Open parking provided as tandem spaces is subject to approval of a minor conditional use permit.

2 For single-family detached residences with five bedrooms or more, tandem parking of up to two standard vehicles is permitted in the garage as it relates to new construction. Tandem garage parking for single-family detached residences shall exclusively consist of two standard parking spaces.

(1) Required garage dimensions. Each garage space shall have interior dimensions that are a minimum 10 feet wide by 20 feet long, unobstructed inside measurements. Each residence shall have no more than 700 square feet of garage area unless authorized by a minor conditional use permit.

~~(2) Application to an existing residence. The off-street parking requirements stated above shall not be applied to an existing residence at the time the residence is increased in size and/or the number of bedrooms is increased unless the total number of bedrooms is increased to five or more bedrooms including a home office as defined in section 13-06.~~

~~(3)~~(2) With approval of a minor modification, the planning division may allow the retention of an existing driveway access from a street to satisfy open parking requirements, at such time that garage access is proposed from an abutting alley.

(b) ***R2-MD, R2-HD, R3, PDR-LD, PDR-MD, PDR-HD, PDR-NCM and residential components of developments in the PDC and PDI zones.*** At the time of the construction of any building and/or when a structure is enlarged or increased by adding a bedroom(s), required parking shall be provided per Table 13-85. Exceptions:

(1) For lots that are zoned multiple-family residential and contain only one single-family detached residence, the parking requirements in Table 13-85(a) shall be applied.

(2) For individual lots in common-interest developments that contain only one single-family detached residence (excluding townhouses), the parking requirements in Table 13-85(a) shall be applied.

(c) ***Reduction of required parking prohibited.*** A property owner or property manager shall make available to tenants and guests the parking required by this subsection. No property owner or property manager shall lease, rent, sell, or otherwise make unavailable to residents and guests required parking. Furthermore, the rental of a dwelling unit shall be deemed to include the exclusive use of at least one covered parking space and equal access to the required open spaces reserved for residents.

(d) Parking for accessory dwelling units and junior accessory dwelling units shall be provided per the requirements of section 13-35.

- 1 If covered parking for apartments is provided in a parking structure and there is more than one parking space in any parking structure, then there shall be no solid walls constructed to separate individual parking spaces.
- 2 ~~Open If open~~ tenant parking spaces required by this section are provided in a project, spaces shall be distributed throughout the project at convenient locations and shall be screened from view from any public right-of-way. ~~Open tenant parking may be provided as covered parking.~~
- 3 For projects with individual driveways that are at least 19 feet long and lead to a garage space(s) or a carport space(s), the driveway area may be used for satisfying tenant ~~open~~ parking requirements.
- 4 ~~Open P~~ parking can be reduced by 0.25 space per unit for ~~one two~~ bedroom and larger units if ~~the covered~~ parking is provided within either a carport or a parking structure. For purposes of this section, a parking structure shall be defined as: a structure designed and constructed to provide covered automobile parking where parking spaces are located in a common area with no walls or other physical separations between spaces. Open parking requirements may be met by excess covered parking.
- 5 Guest parking shall be clearly marked and permanently maintained for individuals visiting within the development. Guest parking spaces shall not be allowed on individual driveways except for single family detached, townhomes, or duplexes, where the driveway is leading to a two-car garage. ~~Guest parking may be reduced to one-quarter (0.25) space per unit for each unit above 50 in a large residential development.~~
- 6 Fractions equal to or above one-quarter half (0.25) shall be rounded up. ~~For rounding purposes, the tenant parking requirements shall be added together; guest parking shall be rounded up separately.~~

In the mixed-use overlay zone, residential parking rates are provided in the applicable urban plan.

(Ord. No. 06-9, § 1f., 4-18-06)

§ 13-87. General development standards.

General development standards for parking areas applicable to the residential zones are contained in Article 3, Development Standards, of this chapter.

(Ord. No. 97-11, § 2, 5-5-97)

Article 8 Motels

§ 13-172. Purpose and intent.

The purpose of this article is to establish operational and development standards, and requirements for motels which will ensure the continued availability of transient visitor and automobile tourist lodging within the city and to ensure the continued use of motels in the manner intended to provide such lodging.

(Ord. No. 14-11, § 1, 8-5-14)

§ 13-173. Definitions.

Long-term occupancy shall mean any occupancy in a motel in the city for a period exceeding 30 consecutive days or 30 days within any sixty-consecutive-day period.

Short-term occupancy shall mean any occupancy of a motel in the city for a period that does not fall within the definition of a long-term occupancy.

(Ord. No. 14-11, § 1, 8-5-14)

§ 13-174. Operational and development standards.

The following operational and development standards shall apply to all motels in the city and shall be included in conditions imposed upon the granting of any conditional use permit for such business, unless specifically modified by the conditional use permit:

- (a) No property owner, motel operator or manager shall rent a room for a period that exceeds 30 consecutive days or 30 days within any sixty (6) consecutive day period, unless the property owner or motel operator has obtained a conditional use permit authorizing long-term occupancies pursuant to section 13-175.3.
- (b) On-site management shall be available 24 hours a day.
- (c) Each guest room shall be provided regularly-scheduled maid and housekeeping services. Such services shall be provided at least once every three days during any consecutive occupancy and at least once between each occupancy.
- (d) In-room telephone service for emergency response purposes shall be provided in all guest rooms of the motel.
- (e) Persons responsible for the renting of a room in any motel shall provide their name and permanent address, as verified by presentation of a valid driver's license or other valid identification, and the license number, state of license, make, model and year of any vehicle parked on-site or off-site. The registration information shall also include the dates of occupancy, length of stay and room rate. Such information shall be maintained for at least one year past the last day of stay of the guest.
- (f) No room, suite or bed shall be assigned or rented more than once within any 24 hour period.
- (g) The property owner/motel operator shall comply with the provisions of Chapter IV of Title 16 of the Costa Mesa Municipal Code pertaining to the operator's responsibility for the collection of transient occupancy tax.

- (h) The business shall be conducted, at all times, in a manner that will allow the safe and quiet enjoyment of the surrounding neighborhood which includes, but is not limited to, security and operational measures to comply with this requirement.
- (Ord. No. 14-11, § 1, 8-5-14)

§ 13-175. Application to existing businesses.

The requirements of this chapter, specifically including the long-term occupancy restrictions in section 13-174(a), shall apply to all motels in the city, whether it is new or was in existence prior to the effective date of this ordinance.

(Ord. No. 14-11, § 1, 8-5-14)

§ 13-175.1. Application to existing tenants.

- (a) Nothing in this chapter shall require an existing tenant of a long-term occupancy, established prior to the effective date of this chapter, to move out of a unit they are already occupying. Those pre-existing long-term occupancies may continue pursuant to the terms of the existing lease or agreement, until that tenancy terminates by its own terms under the law.
- (b) Whenever a long-term occupancy terminates, for whatever reason, the property owner/motel operator shall not re-lease that unit for a new long-term occupancy, except to the degree the motel will be in compliance with the requirements of this chapter.

(Ord. No. 14-11, § 1, 8-5-14)

§ 13-175.2. Procedure for compliance.

- (a) Within 30 days of the effective date of this ordinance, the city shall notify the owners and operators of each motel in the city of the ordinance's adoption. The city shall send a copy of the ordinance, a "longterm occupancy form," and a schedule for compliance via certified return receipt mail. If a notice is returned, the city shall send the notice via standard U.S. mail.
- (b) Within 30 days of the mailing of the notice in section 13-175.2(a), the property owner/motel operator shall submit a fully completed "long-term occupancy form" to the city that provides the total number of rooms used as long-term occupancies during the preceding 60 days; identify the long-term occupant by a valid driver's license or other valid identification; the make, year, and model of any vehicle parked on-site or off-site; and any other information to demonstrate compliance with the ordinance. If a property owner/motel operator fails to submit the long-term occupancy form, in addition to taking any other action authorized by law, the city shall estimate the total number of rooms used as long-term occupancies at zero.

(Ord. No. 14-11, § 1, 8-5-14)

§ 13-175.3. Conditional use permit for long-term occupancies.

A property owner/motel operator may apply for a conditional use permit authorizing the facility to exceed the long-term occupancy limits in section 13-174(a), subject to restrictions of the issuing authority. In order to be granted a conditional use permit under this section, the property owner/motel operator must demonstrate compliance with, and the city shall make a finding that, each of the following standards have been met:

- (a) The motel must have a minimum of at least 75 rooms.
 - (b) Fireproof safety deposit boxes must be available to all occupants of the motel.
 - (c) Each guest room shall be provided regularly-scheduled maid, mail and housekeeping services. Such services shall be provided at least once every three days during any consecutive occupancy and at least once between each occupancy.
 - (d) Each room shall be a minimum of 375 square feet.
 - (e) The motel shall maintain on-site laundry services, available for use by guests.
 - (f) The proposed use is compatible with the surrounding neighborhood, uses, zoning and general plan.
 - (g) Each guest room shall have a fully equipped kitchen with an area for the preparation of food, and include the following: sink, cook top, oven and/or microwave oven, and refrigerator.
- (Ord. No. 14-11, § 1, 8-5-14)

§ 13-175.4. Termination of tenancy.

- (a) The provisions of this article shall not be used to terminate a tenancy in violation of the requirements of California Civil Code section 1940 et seq.
- (b) When the conversion of motel to another use is proposed, the applicant shall comply with all applicable State and Federal laws related to the displacement and relocation of long-term occupants.

(Ord. No. 14-11, § 1, 8-5-14)

Article 18 Emergency Shelters

§ 13-200.79. Purpose and intent.

The purpose of this article is to establish operational and development standards for emergency shelters to ensure that these uses are operated to address the homeless' needs and consistent with the requirements of sections 65582, 65583, and 65589.5 of the Government Code relating to local planning.

Development standards. The following development and operational standards shall apply to establishment of emergency shelters as defined by the Zoning Code; provided, however, that operational standards (1), (2), (4), (8), (10) and (13) shall not apply to emergency shelters owned, controlled and/or operated by the City of Costa Mesa.

- (1) The maximum length of stay shall not exceed 120 days in a 365-day period.
- (2) Each emergency shelter may have a maximum of 30 beds.
- (3) Off-site parking shall be provided at a parking rate of one parking space per four beds or one space per employee during the largest shift, provided that the whichever is higher, amount of parking required does not exceed the amount of parking required for any other residential or non-residential uses within the same zone.
- ~~(4)~~ Stays at an emergency shelter facility shall be limited to the hours of 5:00 p.m. and 8:00 a.m. the following day.
- ~~(5)~~ Nonoperational and unregistered vehicles shall not be kept on site. Towing shall be the responsibility of the shelter operator.
- ~~(6)~~(4) Each emergency shelter shall provide an interior and exterior waiting area adequate to accommodate waiting clients and to prevent queuing into the public right-of-way. An exterior waiting area shall be physically separated and visually screened from the public right-of-way.
- ~~(7)~~(5) The emergency shelter facility shall provide an on-site resident manager on site at all times.
- ~~(8)~~(6) A minimum distance of 300 feet shall be maintained from another emergency shelter. The distance of separation shall be measured in a straight line between the property lines of each use without regard to intervening structures or objects.
- ~~(9)~~(7) The shelter operator shall provide minimum exterior lighting in compliance with the city's security requirements.
- ~~(10)~~(8) The shelter operator shall patrol a half-mile radius surrounding the shelter site during hours that the shelter is in operation to ensure that shelter clients and homeless individuals who have been denied access are not congregating in the neighborhood.
- ~~(11)~~ Alcohol and narcotics use and consumption are prohibited within the facility and on the property.
- ~~(12)~~(9) An operations plan shall be submitted for review and approval by the development services director and police chief prior to operation of the emergency shelter. The plan shall include minimum provisions related to on-site security and safety, staff training, loitering control, client eligibility, counseling services, and indoor and outdoor

management of the facility.

~~(13)~~(10) No emergency shelter in the MP Industrial Park zone that is also located in an area subject to the jurisdiction of the airport land use commission shall commence operation until the commission either approves the action or permit pursuant to the procedures set forth in Public Utilities Code section 21676(b) or, if denied, the city overrules the commission's decision.

SUMMARY OF NORTH COSTA MESA SPECIFIC PLAN AMENDMENTS

The North Costa Mesa Specific Plan was adopted by the Costa Mesa City Council in July 1994. Since adoption, the plan has been amended. The following table provides a list and a brief description of the amendment(s).

AMENDMENT #	DATE OF ADOPTION	DESCRIPTION OF AMENDMENT
SP-98-04	April 19, 1999	Created a site-specific FAR of 0.72 for South Coast Metro Center (Area 6).
SP-99-02	July 3, 2000	Increased the site-specific FAR to 0.79 for South Coast Metro Center (Area 6).
SP-00-01	February 5, 2001	Created a new Cultural Arts Center designation and corresponding FAR of 1.77 for South Coast Plaza Town Center (Area 4).
SP-00-02	November 19, 2001	Increased the size of Area 1, and amended land use designations, floor area ratio, and trip budgets for Segerstrom Home Ranch (Area 1)
SP-02-01	July 1, 2002	Updated regulations to be consistent with 2000 General Plan.
SP-03-02	November 17, 2003	Amended acreage and building square footage allocation in Area 1 sub-areas.
SP-03-01	February 2, 2004	Incorporated the Theater and Arts District Plan into the plan.
SP-06-01	March 27, 2006	Amendment to the Theater and Arts District Plan regarding financing.
SP-06-02	January 16, 2007	Amendment to allow high-rise residential development in Sub-areas 4, 5, and 6 in this specific plan.
SP-07-01	November 20, 2007	Amendment to allow high-rise residential development for Wyndham Boutique Hotel / High-Rise residential project at 3350 Avenue of Arts, Area 5.
SP-11-01	September 20, 2011	Amendment to Sakioka Lot 2
SP-15-01	October 20, 2015	Clarifying language to South Coast Plaza Town Center
SP-16-01	September 06, 2016	Updating Home Ranch, 3350 Avenue of the Arts and Sakioka Lot 2 per 2015-2035 General Plan Update
<u>PSPA-26-0001</u>	<u>Month Day, 2026</u>	<u>Amendment to reflect General Plan Land Use Element and Mixed-Use Overlay District Amendments, including identified Housing Element sites, and corresponding General Plan Land Use Map and City's Zoning Map.</u>

1.0 INTRODUCTION

Authority and Scope

This specific plan has been prepared for a portion of North Costa Mesa in accordance with the California Government Code Section 65450 et seq. The plan area encompasses 423 acres and is an established area of the City with many identifiable and diversified components, including the urban mixed use development of South Coast Plaza Town Center. There is still, however, a considerable amount of undeveloped land within the plan area that prompts the need for this specific plan.

The 1990 General Plan, adopted on March 16, 1992, specifies the land use designations and accompanying residential densities and commercial and industrial intensities for the plan area, as well as numerous policies that are relevant or specific to North Costa Mesa. In 2001, the City of Costa Mesa 2000 General Plan was adopted, which was primarily a technical update of the 1990 General Plan. (See Appendix C for a listing of relevant General Plan policies). It is the intent of this specific plan to implement the policies of the General Plan through the adoption of development standards. These standards recognize the development potential of the plan area and the need to sensitively integrate new development with the surrounding areas, and, therefore, promote both resident and business community confidence in the long-term vision for the plan area.

Specific issues that are addressed in this plan are as follows:

- Land Use Compatibility/Integration
- Building Heights
- Nonconformity
- Density Bonuses
- Circulation
- Urban Rail Transit
- Parks and Recreation
- Fire Protection Services

Specific Plan Contents

This specific plan provides a comprehensive review and analysis of the plan area. Section 2 provides an overview of the plan area's development setting. In Section 3, the development issues that will present a challenge to future development of each subarea are identified, and Section 4 provides the development standards which address these issues. Finally, Section 5 discusses the specific plan's implementation on timing.

2.0 DEVELOPMENT SETTING

Location

The North Costa Mesa plan area comprises the northernmost portion of the City of Costa Mesa, i. e., that area north of the San Diego Freeway (I-405) and generally east of Harbor Boulevard. South Coast Drive and Sunflower Avenue generally form the northern boundary of the plan area and the Costa Mesa Freeway (SR-55) is the eastern border. Costa Mesa's surrounding cities include Fountain Valley and Huntington Beach to the west, Santa Ana to the north and east, Irvine to the east, and Newport Beach to the south. Major regional facilities include John Wayne Airport to the southeast of the plan area. See Figure 1.

Figure 2 indicates the existing land uses as well as the eight subareas the plan area has been divided into for analysis purposes.

Figure 1

NORTH COSTA MESA SPECIFIC PLAN

Existing General Plan and Zoning Designations

Figure 3 indicates the General Plan land use designations for the area of the City north of the I-405, and Figure 4 indicates the accompanying zoning designations. Table 1 summarizes the development parameters of the General Plan land use designations, and the compatible zoning districts.

As shown in Table 1, the General Plan establishes Floor Area Ratios (FARs) for all non-residential land use designations. The FAR is used to determine the maximum amount of building that is allowed on a lot or parcel. Several land use categories in the plan area contain stepped FARs which are tied to the traffic characteristics of the proposed land use. Residential density is measured in dwelling units per acre. Trip budgets have also been established for properties in the plan area designated as Urban Center Commercial, Cultural Arts Center, or Regional Commercial in the plan area. The industrial portion of Home Ranch also has a trip budget. When applicable, the FAR, or in the case of residential, dwelling units per acre, and trip budget work in concert to ensure that building intensity and trip generation do not exceed the capacity of the circulation system in the plan area. The trip budget for individual properties is given in Section 3.

The lowest FARs are found in the Neighborhood Commercial designation as well as in the residential, industrial and public-semi land use designations. The highest FARs are allowed in the Regional Commercial, Cultural Arts Center, and Urban Center Commercial land use designations. The General Plan does not allow the established floor area ratio to be exceeded in any instance.

Trip budgets are calculated on a square footage basis for commercial, industrial, residential, and institutional land uses. As with FARs, trip budgets cannot be exceeded. The General Plan, however, does allow for the transfer of trip budgets in the plan area in the following circumstances:

1. The combination and/or transfer of trips shall only be allowed in the area of the City that is north of the I-405 and east of Harbor Boulevard, and shall be limited to parcels within a one-mile radius of each other.
2. Trip budget transfers shall be evaluated in the review and approval of a planned development or master plan project. Sufficient conditions of approval shall be applied to the master plan or development plan to ensure long-range control over subsequent phases of development.
3. The combination and/or transfer of trips shall not result in any greater impacts on the surrounding circulation system than would occur if each Traffic Analysis Zone (TAZ) was developed independently. (Consult with the Planning Division for a figure depicting TAZs)
4. For the combination and/or transfer of trips between TAZs, such combination and/or transfer of trips shall not exceed the total trip budget of all parcels involved if each were developed independently according to the FAR and trip generation rates provided herein.

5. The combination and/or transfer of trips shall not allow development intensities which result in abrupt changes in scale or intensity within the project or between the project and surrounding land uses.
6. Approval of the master plan or development plan shall be conditioned to ensure compliance with the above criteria and to preclude future overdevelopment on portions of the project or properties from which trip budgets were transferred.
7. Trip budget transfers shall be recorded against the properties.

Therefore, if a property is underdeveloped in terms of its trip budget, there is the possibility that the "excess" trips could be transferred to another parcel to augment its trip budget.

It should be noted that all the Planned Development (PD), Town Center (TC), and Shopping Center (C1-S) zones require Planning Commission review and approval of the land use mix and building location.

Mixed-Use Overlay District and Properties identified in the Housing Element

In 2026, this specific plan was amended for consistency with an amendment to the City's Zoning Map, which resulted in the rezoning of several properties in the plan area to encourage and facilitate residential and mixed-use development. While base zoning districts remain the same, the Mixed-Use Overlay District (MUOD) was applied to several parcels in the PDC, I&R, PDR-HD, TC, C1, and PDI zoning districts within the plan area. The MUOD is an overlay district and shall only apply to the parcels identified in the City's Zoning Map. This specific plan shall continue to apply to a property unless specifically superseded by a MUOD project when a property owner chooses to exercise provisions of Article 11 (Mixed-Use Overlay District) of Chapter V (Development Standards) of Title 13 (Planning and Development) of the Costa Mesa Municipal Code on a qualifying property. However, it should be noted that projects identified on Lower-Income Housing Element Sites shall be governed by Section 13-83.58.e, (Supersession of Overlay) of Article 11, and the provisions of that Section shall supersede and prevail over any conflicting provisions of the underlying base zone, including, but not limited to, minimum residential densities and capacities, minimum residential floor area, ministerial review and approval, and permitted uses, and all other applicable zoning provisions, such as other urban plans, overlays, and specific plans, including this specific plan.

Land Use Compatibility/Integration

The plan area and its immediate surroundings contain a variety of land uses that range from single family residential homes to high-rise offices which provide a good mix of housing opportunities, commercial goods and services, entertainment, and employment opportunities in a relatively small geographical area. This mix allows people the opportunity to live near their jobs, and gives residents and employees a full range of commercial services near their homes or jobs. This reduces traffic congestion and improves air quality. Mass transit opportunities are also more easily developed in this type of community setting.

Several General Plan policies support the development of mixed-use projects along or near transit routes as a means to improve air quality and reduce traffic congestion.¹ Mixed use projects also add variety and interest to an area by supporting day and evening activities. The South Coast Plaza Town Center, South Coast Metro Center, and The Lakes projects currently provide the opportunity to live, work, shop and be entertained within a compact and pleasant urban environment.

The benefits of having a mix of land uses in an area can quickly be lost if there is not enough forethought in the design and location of diverse uses. Common problems include tall buildings overshadowing adjacent buildings and outdoor areas, late night commercial uses affecting residential areas, heavy truck or automobile traffic affecting access to residential areas, inadequate parking availability, and incompatible land uses being located adjacent to one another. Residential areas are particularly sensitive land uses, but commercial and/or industrial uses may also be impacted by inappropriate siting of land uses. Figure 5 highlights the location of existing and future residential areas. In 2006, this specific plan was amended to allow high-rise residential development in Areas 4, 5, and 6. See Section 3.0 for additional discussion.

It should also be noted that a residential component could be incorporated into any Planned Development Zone in the plan area (see Figure 4 for Zoning). New commercial and industrial developments anticipated by the General Plan are also shown in Figure 5.

Noise

A major concern related to land use compatibility is noise. The City of Costa Mesa uses the Community Noise Equivalent Level (CNEL) to measure and regulate noise. The City's maximum acceptable exterior noise level for residential areas is 65 CNEL. The plan area's primary source of noise is vehicular and two major sources are the 1-405 to the south and the Costa Mesa Freeway to the east. Likewise, the plan area's major streets are another source of noise. Appendix A provides a list of the existing and General Plan build-out CNEL levels in the plan area.

New residential development as well as other sensitive land uses shall be required to comply with the General Plan and zoning ordinance standard of 65 CNEL for exterior recreation areas and 45 CNEL for interior areas. However, for high-rise residential developments, the exterior standard of 65 CNEL only applies to common outdoor recreation/amenity areas that are located at the ground level. Recreation/amenity areas located above the ground floor and private patios and balconies are exempt from the 65 CNEL requirement due to the urbanized

nature of the overall setting. Mitigation measures may be used in order to achieve these noise levels.

John Wayne Airport is located to the east of the plan area. Although the 60 CNEL contour encompasses the area generally east of Avenue of the Arts, the 65 CNEL contour is outside of the plan area, and therefore does not impact existing or future land uses. One heliport is located in the plan area in South Coast Metro Center atop the building located at 555 Anton Boulevard.

Building Heights

Existing building heights in the plan area vary from single story single family homes to twenty-one story office buildings. Generally, the high-rise office buildings are located in the South Coast Plaza Town Center and South Coast Metro Center areas; the Metro Pointe area has approval for additional buildings that include two fifteen story buildings. The buildings at South Coast Plaza and Crystal Court vary from one to three stories in height.

The General Plan does not establish a general limit on building heights north of the I-405 but rather contains two policies that provide guidelines for determining the appropriate building height. Policy LU-1C.1 permits the construction of buildings over two stories or 30 feet only when it can be shown that the building height will not impact surrounding developments. Policy LU-1C.3 prohibits the construction of buildings that present a hazard to air navigation at John Wayne Airport as determined by the Federal Aviation Agency.²

Policy LU-1C.3 is particularly relevant to the plan area, since the portion of the plan area generally east of the Metro Pointe property is within the imaginary horizontal surface of John Wayne Airport. Beyond the horizontal surface for another 4,000 feet is the imaginary conical surface. See Figure 6. These imaginary surfaces are the trigger for requiring special studies and review by the Airport Land Use Commission for Orange County and the FAA. It should be noted that a number of existing buildings in South Coast Plaza Town Center encroach within the imaginary horizontal surface; however, each was determined not to pose a hazard to the airport's operations and were required to install obstruction lighting.

Building heights in North Costa Mesa have created public controversy in the past, especially in the Home Ranch area where high-rise development approvals were overturned by the voters in 1988. Table 2 specifies the maximum building heights for the plan area and shall continue to apply to a property unless specifically superseded by a MUOD project when a property owner chooses to exercise provisions of Article 11 (Mixed-Use Overlay District) of Chapter V (Development Standards) of Title 13 (Planning and Development) of the Costa Mesa Municipal Code on a qualifying property; these building height standards recognized existing patterns and surrounding land uses. Any new building proposed at 3 stories or more should require a shade and shadow impact analysis in relation to surrounding land uses.

It should be noted that Home Ranch has a specific height limitation of five stories and only in the center of the property. Any additional height above five stories (75 feet) would require a General Plan amendment. Exhibit 11b depicts the height limitations for Home Ranch.

AREA 6 South Coast Metro	Varies-See Table 6B.	Buildings above 173 feet in height will require a determination of no hazard by the FAA. Buildings which encroach into the setback for Anton cannot exceed 30 feet (approx. 2 stories) within the
AREA 7 Sakioka Lot 1	60 feet (approx. 4 stories)	Buildings which encroach into the setback for Anton Blvd. and/or Sakioka Dr. cannot exceed 30 feet (approx. 2 stories) within the setback area.
AREA 8 Sakioka Lot 2	North of collector street- 60 feet (approx. 4 stories) South of collector street- 180 feet (approx. 12 stories)	Buildings above 173 feet in height will require a determination of no hazard by the FAA. Buildings which encroach into the setback for Anton cannot exceed 30 feet (approx. 2 stories) within the setback area.
1. All building height measurements reference the height above grade- not mean sea level. 2. The maximum building heights specified in this Specific Plan shall continue to apply to a property unless specifically superseded by a MUOD project when a property owner chooses to exercise provisions of Article 11 (Mixed-Use Overlay District) of Chapter V (Development Standards) of Title 13 (Planning and Development) of the Costa Mesa Municipal Code on a qualifying property.
