

## CITY-SPONSORED INITIATIVE MEASURE TO BE SUBMITTED DIRECTLY TO THE VOTERS

The City Council for the City of Costa Mesa submits the following measure to the voters of the City for approval and enactment:

The People of Costa Mesa find:

- (a) Past changes in the Costa Mesa Municipal Code had the unintended consequence of severely constricting the production of new housing in Costa Mesa, thereby contributing to a severe shortage of housing affordable to Costa Mesa's working and middle-class families, young adults, seniors, and others.
- (b) The requirement for a city wide vote on land use plans has had the effect of stalling the normal process of renewal, change, and revitalization of the city's commercial and industrial areas, contributing to the decline of local retail centers and increase in vacant storefronts along the city's main commercial corridors and industrial areas.
- (c) Since 2016, the State of California has adopted new laws and regulations requiring every city to plan for substantially increased numbers of housing units at all affordability levels to meet the needs of its residents, including working and middle class families and individuals, and imposing severe consequences for the city's failure to zone sufficient parcels of land to meet the state-designated housing need, including financial penalties and the loss of local control over land use planning.
- (d) The City of Costa Mesa has responded to these new laws and regulations through the development of its Housing Element, which included significant community input, a comprehensive analysis of the issues causing the lack of housing production, and identification of proposed Housing Opportunities Sites to meet the undeniable demand for new housing supply.
- (e) Costa Mesa residents recognize the benefits of allowing a more efficient use of land located near our job centers, and a greater variety of housing types, including mixed-use housing, along certain commercial and industrial corridors of the city and in the entire area north of the 405 freeway, specifically including the South Coast Plaza metro area where multi-story apartments and condominiums coexist with offices, restaurants, retail stores, and arts and cultural spaces, to create a vibrant urban environment.

NOW, THEREFORE, THE PEOPLE OF THE CITY OF COSTA MESA DO ORDAIN AS FOLLOWS:

**SECTION 1.** Code AmendmentName.
