Consultant also warrants that it is familiar with all laws that may affect its performance of this Agreement and shall advise City of any changes in any laws that may affect Consultant’s performance of this Agreement.

1.3. Performance to Satisfaction of City. Consultant agrees to perform all the work to the complete satisfaction of the City. Evaluations of the work will be done by the City Manager or his or her designee. If the quality of work is not satisfactory, City in its discretion has the right to:

- (a) Meet with Consultant to review the quality of the work and resolve the matters of concern;

- (b) Require Consultant to repeat the work at no additional fee until it is satisfactory; and/or
- (c) Terminate the Agreement as hereinafter set forth.

1.4. Warranty. Consultant warrants that it shall perform the services required by this Agreement in compliance with all applicable Federal and California employment laws, including, but not limited to, those laws related to minimum hours and wages; occupational health and safety; fair employment and employment practices; workers' compensation insurance and safety in employment; and all other Federal, State and local laws and ordinances applicable to the services required under this Agreement. Consultant shall indemnify and hold harmless City from and against all claims, demands, payments, suits, actions, proceedings, and judgments of every nature and description including attorneys' fees and costs, presented, brought, or recovered against City for, or on account of any liability under any of the above-mentioned laws, which may be incurred by reason of Consultant's performance under this Agreement.

1.5. Non-Discrimination. In performing this Agreement, Consultant shall not engage in, nor permit its agents to engage in, discrimination in employment of persons because of their race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military or veteran status, except as permitted pursuant to section 12940 of the Government Code.

1.6. Non-Exclusive Agreement. Consultant acknowledges that City may enter into agreements with other consultants for services similar to the services that are subject to this Agreement or may have its own employees perform services similar to those services contemplated by this Agreement.

1.7. Delegation and Assignment. This is a personal service contract, and the duties set forth herein shall not be delegated or assigned to any person or entity without the prior written consent of City. Consultant may engage a subcontractor(s) as permitted by law and may employ other personnel to perform services contemplated by this Agreement at Consultant's sole cost and expense.

1.8. Confidentiality. Employees of Consultant in the course of their duties may have access to financial, accounting, statistical, and personnel data of private individuals and employees of City. Consultant covenants that all data, documents, discussion, or other information developed or received by Consultant or provided for performance of this Agreement are deemed confidential and shall not be disclosed by Consultant without written authorization by City. City shall grant such authorization if disclosure is required by law. All City data shall be returned to City upon the termination of this Agreement. Consultant's covenant under this Section shall survive the termination of this Agreement.

2.0. COMPENSATION AND BILLING

2.1. Compensation. Consultant shall be paid in accordance with the rates set forth in Exhibit "C," attached hereto and made a part of this Agreement. Consultant's total compensation shall not exceed One Hundred Fifty-Eight Thousand Nine Hundred Seventy Dollars (\$ 158,970.00).

2.2. Additional Services. Consultant shall not receive compensation for any services provided outside the scope of services specified in the Consultant's Proposal unless the City Manager or designee, prior to Consultant performing the additional services, approves such additional services in writing. It is specifically understood that oral requests and/or approvals of such additional services or additional compensation shall be barred and are unenforceable.

2.3. Method of Billing. Consultant may submit invoices to the City for approval on a progress basis, but no more often than two times a month. Said invoice shall be based on the total of all Consultant's services which have been completed to City's sole satisfaction. City shall pay Consultant's invoice within forty-five (45) days from the date City receives said invoice. Each invoice shall describe in detail, the services performed, the date of performance, and the associated time for completion. Any additional services approved and performed pursuant to this Agreement shall be designated as "Additional Services" and shall identify the number of the authorized change order, where applicable, on all invoices.

2.4. Records and Audits. Records of Consultant's services relating to this Agreement shall be maintained in accordance with generally recognized accounting principles and shall be made available to City or its Project Manager for inspection and/or audit at mutually convenient times from the Effective Date until three (3) years after termination of this Agreement.

3.0. TIME OF PERFORMANCE

3.1. Commencement and Completion of Work. Unless otherwise agreed to in writing by the parties, the professional services to be performed pursuant to this Agreement shall commence within five (5) days from the Effective Date of this Agreement. Failure to commence work in a timely manner and/or diligently pursue work to completion may be grounds for termination of this Agreement.

3.2. Excusable Delays. Neither party shall be responsible for delays or lack of performance resulting from acts beyond the reasonable control of the party or parties. Such acts shall include, but not be limited to, acts of God, fire, strikes, pandemics (excluding COVID-19), material shortages, compliance with laws or regulations, riots, acts of war, or any other conditions beyond the reasonable control of a party (each, a "Force Majeure Event"). If a party experiences a Force Majeure Event, the party shall, within five (5) days of the occurrence of the Force Majeure Event, give written notice to the other party stating the nature of the Force Majeure Event, its anticipated duration and any action being taken to avoid or minimize its effect. Any suspension of performance shall be of no greater scope and of no longer duration than is reasonably required and the party experiencing the Force Majeure Event shall use best efforts without being obligated to incur any material expenditure to remedy its inability to perform; provided, however, if the suspension of performance continues for sixty (60) days after the date of the occurrence and such failure to perform would constitute a material breach of this Agreement in the absence of such Force Majeure Event, the parties shall meet and discuss in good faith any amendments to this Agreement to permit the other party to exercise its rights under this Agreement. If the parties are not able to agree on such amendments within thirty (30) days and if suspension of performance continues, such other party may terminate this Agreement immediately by written notice to the party experiencing the Force Majeure Event, in which case neither party shall have any liability to the other except for those rights and liabilities that accrued prior to the date of termination.

4.0. TERM AND TERMINATION

4.1. Term. This Agreement shall commence on the Effective Date and continue until

January 15, 2027, unless previously terminated as provided herein or as otherwise agreed to in writing by the parties.

4.2. Notice of Termination. The City reserves and has the right and privilege of canceling, suspending or abandoning the execution of all or any part of the work contemplated by this Agreement, with or without cause, at any time, by providing written notice to Consultant. The termination of this Agreement shall be deemed effective upon receipt of the notice of termination. In the event of such termination, Consultant shall immediately stop rendering services under this Agreement unless directed otherwise by the City.

4.3. Compensation. In the event of termination, City shall pay Consultant for reasonable costs incurred and professional services satisfactorily performed up to and including the date of City's written notice of termination. Compensation for work in progress shall be prorated based on the percentage of work completed as of the effective date of termination in accordance with the fees set forth herein. In ascertaining the professional services actually rendered hereunder up to the effective date of termination of this Agreement, consideration shall be given to both completed work and work in progress, to complete and incomplete drawings, and to other documents pertaining to the services contemplated herein whether delivered to the City or in the possession of the Consultant.

4.4. Documents. In the event of termination of this Agreement, all documents prepared by Consultant in its performance of this Agreement including, but not limited to, finished or unfinished design, development and construction documents, data studies, drawings, maps and reports, shall be delivered to the City within ten (10) days of delivery of termination notice to Consultant, at no cost to City. Any use of uncompleted documents without specific written authorization from Consultant shall be at City's sole risk and without liability or legal expense to Consultant.

5.0. INSURANCE

5.1. Minimum Scope and Limits of Insurance. Consultant shall obtain, maintain, and keep in full force and effect during the life of this Agreement all of the following minimum scope of insurance coverages with an insurance company admitted to do business in California, rated "A," Class X, or better in the most recent Best's Key Insurance Rating Guide, and approved by City:

If the policy is written as a "claims made" policy, the retro date shall be prior to the start of the contract work. Consultant shall obtain and maintain, said E&O liability insurance during the life of this Agreement and for three years after completion of the work hereunder.

5.2. Endorsements. The commercial general liability insurance policy and business automobile liability policy shall contain or be endorsed to contain the following provisions:

5.3. Deductible or Self Insured Retention. If any of such policies provide for a deductible or self-insured retention to provide such coverage, the amount of such deductible or self-insured retention shall be approved in advance by City. No policy of insurance issued as to which the City is an additional insured shall contain a provision which requires that no insured except the named insured can satisfy any such deductible or self-insured retention.

5.4. Certificates of Insurance. Consultant shall provide to City certificates of insurance showing the insurance coverages and required endorsements described above, in a form and content approved by City, prior to performing any services under this Agreement.

5.5. Non-Limiting. Nothing in this Section shall be construed as limiting in any way, the indemnification provision contained in this Agreement, or the extent to which Consultant may be held responsible for payments of damages to persons or property.

6.0. GENERAL PROVISIONS

This Agreement constitutes the entire agreement between the parties with respect to any matter referenced herein and supersedes any and all other prior writings and oral negotiations. This Agreement may be modified only in writing, and signed by the parties in interest at the time of such modification. The terms of this Agreement shall prevail over any inconsistent provision in any other contract document appurtenant hereto, including exhibits to this Agreement.

6.5. Drug-Free Workplace Policy. Consultant shall provide a drug-free workplace by complying with all provisions set forth in City's Council Policy 100-5, attached hereto as Exhibit "D" and incorporated herein. Consultant's failure to conform to the requirements set forth in Council Policy 100-5 shall constitute a material breach of this Agreement and shall be cause for immediate termination of this Agreement by City.

6.6. Attorneys' Fees. In the event that litigation is brought by any party in connection with this Agreement, the prevailing party shall be entitled to recover from the opposing party all costs and expenses, including reasonable attorneys' fees, incurred by the prevailing party in the exercise of any of its rights or remedies hereunder or the enforcement of any of the terms, conditions, or provisions hereof.

6.7. Governing Law. This Agreement shall be governed by and construed under the laws of the State of California without giving effect to that body of laws pertaining to conflict of laws. In the event of any legal action to enforce or interpret this Agreement, the parties hereto agree that the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California.

6.8. Assignment. Consultant shall not voluntarily or by operation of law assign, transfer, sublet or encumber all or any part of Consultant's interest in this Agreement without City's prior written consent. Any attempted assignment, transfer, subletting or encumbrance shall be void and shall constitute a breach of this Agreement and cause for termination of this Agreement. Regardless of City's consent, no subletting or assignment shall release Consultant of Consultant's obligation to perform all other obligations to be performed by Consultant hereunder for the term of this Agreement.

6.9. Indemnification and Hold Harmless. Consultant agrees to defend, indemnify, hold free and harmless the City, its elected officials, officers, agents and employees, at Consultant's sole expense, from and against any and all claims, actions, suits or other legal proceedings brought against the City, its elected officials, officers, agents and employees arising out of the negligence, recklessness, or willful misconduct of the Consultant, its employees, and/or authorized subcontractors, in the performance of the work undertaken pursuant to this Agreement. The defense obligation provided for hereunder shall apply without any advance showing of negligence or wrongdoing by the Consultant, its employees, and/or authorized subcontractors, but shall be required whenever any claim, action, complaint, or suit asserts as its basis the negligence, errors, omissions or misconduct of the Consultant, its employees, and/or authorized subcontractors, and/or whenever any claim, action, complaint or suit asserts liability against the City, its elected officials, officers, agents and employees based upon negligence, recklessness, or willful misconduct in the work performed by the Consultant, its employees, and/or authorized subcontractors under this Agreement, whether or not the Consultant, its employees, and/or authorized subcontractors are specifically named or otherwise asserted to be liable. Notwithstanding the foregoing, the Consultant shall not be liable for the defense or indemnification of the City for claims, actions, complaints or suits arising out of the sole active negligence or willful misconduct of the City. In no event shall the cost to defend charged to Consultant exceed Consultant's proportionate percentage of fault. However, notwithstanding the previous sentence, in the event one or more defendants is unable to pay its share of defense costs due to bankruptcy or dissolution of the business, Consultant shall meet and confer with other parties regarding unpaid defense costs. This provision shall supersede and replace all other indemnity provisions contained either in the City's specifications or Consultant's Proposal, which shall be of no force and effect.

6.10. Independent Contractor. Consultant is and shall be acting at all times as an independent contractor and not as an employee of City. Consultant shall have no power to incur any debt, obligation, or liability on behalf of City or otherwise act on behalf of City as an agent. Neither City nor any of its agents shall have control over the conduct of Consultant or any of Consultant's employees, except as set forth in this Agreement. Consultant shall not, at any time, or in any manner, represent that it or any of its agents or employees are in any manner agents or employees of City. Consultant shall secure, at its sole expense, and be responsible for any and all payment of Income Tax, Social Security, State Disability Insurance Compensation, Unemployment Compensation, and other payroll deductions for Consultant and its officers, agents, and employees, and all business licenses, if any are required, in connection with the services to be performed hereunder. Consultant shall indemnify and hold City harmless from any and all taxes, assessments, penalties, and interest asserted against City by reason of the independent contractor relationship created by this Agreement. Consultant further agrees to indemnify and hold City harmless from any failure of Consultant to comply with the applicable worker's compensation laws. City shall have the right to offset against the amount of any fees due to Consultant under this Agreement any amount due to City from Consultant as a result of Consultant's failure to promptly pay to City any reimbursement or indemnification arising under this paragraph.

6.11. PERS Eligibility Indemnification. In the event that Consultant or any employee, agent, or subcontractor of Consultant providing services under this Agreement claims or is determined by a court of competent jurisdiction or the California Public Employees Retirement System (PERS) to be eligible for enrollment in PERS as an employee of the City, Consultant shall indemnify, defend, and hold harmless City for the payment of any employee and/or employer contributions for PERS benefits on behalf of Consultant or its employees, agents, or subcontractors, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of City.

Notwithstanding any other agency, state or federal policy, rule, regulation, law or ordinance to the contrary, Consultant and any of its employees, agents, and subcontractors providing service under this Agreement shall not qualify for or become entitled to, and hereby agree to waive any claims to, any compensation, benefit, or any incident of employment by City, including but not limited to eligibility to enroll in PERS as an employee of City and entitlement to any contribution to be paid by City for employer contribution and/or employee contributions for PERS benefits.

6.12. Cooperation. In the event any claim or action is brought against City relating to Consultant's performance or services rendered under this Agreement, Consultant shall render any reasonable assistance and cooperation which City might require.

6.13. Ownership of Documents. All findings, reports, documents, information and data including, but not limited to, computer tapes or discs, files and tapes furnished or prepared by Consultant or any of its subcontractors in the course of performance of this Agreement, shall be and remain the sole property of City. Consultant agrees that any such documents or information shall not be made available to any individual or organization without the prior consent of City. Any use of such documents for other projects not contemplated by this Agreement, and any use of incomplete documents, shall be at the sole risk of City and without liability or legal exposure to Consultant. City shall indemnify and hold harmless Consultant from all claims, damages, losses, and expenses, including attorneys' fees, arising out of or resulting from City's use of such documents for other projects not contemplated by this Agreement or use of incomplete documents

furnished by Consultant. Consultant shall deliver to City any findings, reports, documents, information, data, in any form, including but not limited to, computer tapes, discs, files audio tapes or any other Project related items as requested by City or its authorized representative, at no additional cost to the City.

6.14. Public Records Act Disclosure. Consultant has been advised and is aware that this Agreement and all reports, documents, information and data, including, but not limited to, computer tapes, discs or files furnished or prepared by Consultant, or any of its subcontractors, pursuant to this Agreement and provided to City may be subject to public disclosure as required by the California Public Records Act (California Government Code section 6250 *et seq.*). Exceptions to public disclosure may be those documents or information that qualify as trade secrets, as that term is defined in the California Government Code section 6254.7, and of which Consultant informs City of such trade secret. The City will endeavor to maintain as confidential all information obtained by it that is designated as a trade secret. The City shall not, in any way, be liable or responsible for the disclosure of any trade secret including, without limitation, those records so marked if disclosure is deemed to be required by law or by order of the Court.

6.15. Conflict of Interest. Consultant and its officers, employees, associates and subconsultants, if any, will comply with all conflict of interest statutes of the State of California applicable to Consultant's services under this agreement, including, but not limited to, the Political Reform Act (Government Code sections 81000, *et seq.*) and Government Code section 1090. During the term of this Agreement, Consultant and its officers, employees, associates and subconsultants shall not, without the prior written approval of the City Representative, perform work for another person or entity for whom Consultant is not currently performing work that would require Consultant or one of its officers, employees, associates or subconsultants to abstain from a decision under this Agreement pursuant to a conflict of interest statute.

6.16. Responsibility for Errors. Consultant shall be responsible for its work and results under this Agreement. Consultant, when requested, shall furnish clarification and/or explanation as may be required by the City's representative, regarding any services rendered under this Agreement at no additional cost to City. In the event that an error or omission attributable to Consultant occurs, then Consultant shall, at no cost to City, provide all necessary design drawings, estimates and other Consultant professional services necessary to rectify and correct the matter to the sole satisfaction of City and to participate in any meeting required with regard to the correction.

6.17. Prohibited Employment. Consultant will not employ any regular employee of City while this Agreement is in effect.

6.18. Order of Precedence. In the event of an inconsistency in this Agreement and any of the attached Exhibits, the terms set forth in this Agreement shall prevail. If, and to the extent this Agreement incorporates by reference any provision of any document, such provision shall be deemed a part of this Agreement. Nevertheless, if there is any conflict among the terms and conditions of this Agreement and those of any such provision or provisions so incorporated by reference, this Agreement shall govern over the document referenced.

6.19. Costs. Each party shall bear its own costs and fees incurred in the preparation and negotiation of this Agreement and in the performance of its obligations hereunder except as expressly provided herein.

6.20. Binding Effect. This Agreement binds and benefits the parties and their respective

permitted successors and assigns.

6.21. No Third Party Beneficiary Rights. This Agreement is entered into for the sole benefit of City and Consultant and no other parties are intended to be direct or incidental beneficiaries of this Agreement and no third party shall have any right in, under or to this Agreement.

6.22. Headings. Paragraphs and subparagraph headings contained in this Agreement are included solely for convenience and are not intended to modify, explain or to be a full or accurate description of the content thereof and shall not in any way affect the meaning or interpretation of this Agreement.

6.23. Construction. The parties have participated jointly in the negotiation and drafting of this Agreement and have had an adequate opportunity to review each and every provision of the Agreement and submit the same to counsel or other consultants for review and comment. In the event an ambiguity or question of intent or interpretation arises with respect to this Agreement, this Agreement shall be construed as if drafted jointly by the parties and in accordance with its fair meaning. There shall be no presumption or burden of proof favoring or disfavoring any party by virtue of the authorship of any of the provisions of this Agreement.

6.24. Amendments. Only a writing executed by the parties hereto or their respective successors and assigns may amend this Agreement.

6.25. Waiver. The delay or failure of either party at any time to require performance or compliance by the other of any of its obligations or agreements shall in no way be deemed a waiver of those rights to require such performance or compliance. No waiver of any provision of this Agreement shall be effective unless in writing and signed by a duly authorized representative of the party against whom enforcement of a waiver is sought. The waiver of any right or remedy in respect to any occurrence or event shall not be deemed a waiver of any right or remedy in respect to any other occurrence or event, nor shall any waiver constitute a continuing waiver.

6.26. Severability. If any provision of this Agreement is determined by a court of competent jurisdiction to be unenforceable in any circumstance, such determination shall not affect the validity or enforceability of the remaining terms and provisions hereof or of the offending provision in any other circumstance. Notwithstanding the foregoing, if the value of this Agreement, based upon the substantial benefit of the bargain for any party, is materially impaired, which determination made by the presiding court or arbitrator of competent jurisdiction shall be binding, then both parties agree to substitute such provision(s) through good faith negotiations.

6.27. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original. All counterparts shall be construed together and shall constitute one agreement.

6.28. Corporate Authority. The persons executing this Agreement on behalf of the parties hereto warrant that they are duly authorized to execute this Agreement on behalf of said parties and that by doing so the parties hereto are formally bound to the provisions of this Agreement.

6.29. Executive Order N-6-22 Russia Sanctions. On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. "Economic Sanctions" refers to sanctions imposed by the

U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law. The EO directs state agencies to terminate contracts with, and to refrain from entering any new contracts with, individuals or entities that are determined to be a target of Economic Sanctions. This Executive order extends to recipients of any State Grants (Grantee). Grantees include those who have contracted or will contract to receive State grants funds. Accordingly, should the State determine that a Grantee is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for termination of this agreement. The State shall provide the Grantee advance written notice of such termination, allowing the Grantee at least 30 calendar days to provide a written response. Termination of any contract found to be in violation of this Executive Order shall be at the sole discretion of the State.

[Signatures appear on following page.]

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by and through their respective authorized officers, as of the date first above written.

At all times during the evaluation process, the following criteria will be used. Sub-criteria are not necessarily listed in order of importance. Additional sub-criteria that logically fit within a particular evaluation criteria may also be considered even if not specified below.

1. **Project Approach, Scope, & Methodology ----- 20%**
2. **Qualifications, Organization & Key Staff Experience----- 40%**
3. **Experience and Record of Success on Similar Projects --- 30%**
4. **Cost Effectiveness ---- 10%**

4. Evaluation of Proposals and Selection Process: In accordance with its Municipal Code, the City will adhere to the following procedures in evaluating Proposals. An Evaluation Committee, which may include members of the City's staff and possibly one or more outside experts, will screen and review all Proposals according to the weighted criteria set forth above. While price is one basic factor for award, it is not the sole consideration.

- A. **Responsiveness Screening:** Proposals will first be screened to ensure responsiveness to the RFP. The City may reject as non-responsive any Proposal that does not include the documents required to be submitted by this RFP. At any time during the evaluation process, the City reserves the right to request clarifications or additional information from any or all Proposers regarding their Proposals.
- B. **Initial Proposal Review:** The Committee will initially review and score all responsive written Proposals based upon the Evaluation Criteria set forth above. The Committee may also contact Proposer's references. Proposals that receive the highest evaluation scores may be invited to the next stage of the evaluation process. The City may reject any Proposal in which a Proposer's approach, qualifications, or price is not considered acceptable by the City. An unacceptable Proposal is one that would have to be substantially rewritten to make it acceptable. The City may conclude the evaluation process at this point and recommend award to the lowest responsible bidder. Alternatively, the City may elect to negotiate directly with one or more Proposers to obtain the best result for the City prior to making a recommendation or selection.

C. Interviews, Reference Checks, Revised Proposals, Discussions: Following the initial screening and review of Proposals, the Proposers included in this stage of the evaluation process may be invited to participate in an oral interview. Interviews, if held, are tentatively scheduled for the week of **October 30, 2023**. This date is subject to change. The individual(s) from Proposer's organization that will be directly responsible for carrying out the contract, if awarded, should be present at the oral interview. The oral interview may, but is not required to, use a written question/answer format for the purpose of clarifying the intent of any portions of the Proposal.

In addition to conducting an oral interview, the City may during this stage of the evaluation process also contact and evaluate the Proposer's references, contact any Proposer to clarify any response or request revised or additional information, contact any current users of a Proposer's services, solicit information from any available source concerning any aspect of a Proposal, and seek and review any other information deemed pertinent to the evaluation process.

Following conclusion of this stage of the evaluation process, the Committee will again rank all Proposers according to the evaluation criteria set forth above. The Committee may conclude the evaluation process at this point, and make a recommendation for award, or it may request Best and Final Offers from Proposers. The City may accept the Proposal or negotiate the terms and conditions of the agreement with the highest ranked organization. The City may recommend award without Best and Final Offers, so Proposers should include their best Proposal with their initial submission.

Recommendation for award is contingent upon the successful negotiation of final contract terms. Negotiations shall be confidential and not subject to disclosure to competing Proposers unless an agreement is reached. If contract negotiations cannot be concluded successfully within a time period determined by the City, the City may terminate negotiations and commence negotiations with the next highest scoring Proposer or withdraw the RFP.

Protests based upon restrictive specifications or alleged improprieties in the Proposal procedure, which are apparent or reasonably should have been discovered prior to receipt of Proposals shall be filed in writing with the City's Purchasing Department at least 10 calendar days prior to the deadline for receipt of Proposals. 6. Accuracy of Proposals: Proposers shall take all responsibility for any errors or omissions in their Proposals. Any discrepancies in numbers or calculations shall be interpreted to reflect the cost to the City.

If prior to contract award, a Proposer discovers a mistake in their Proposal which renders the Proposal unwilling to perform under any resulting contract, the Proposer must immediately notify the facilitator and request to withdraw the Proposal. It shall be solely within the City's discretion as to whether withdrawal will be permitted. If the solicitation contemplated evaluation and award of "all or none" of the items, then any withdrawal must be for the entire Proposal. If the solicitation provided for evaluation and award on a line item or combination of items basis, the City may consider permitting withdrawal of specific line item(s) or combination of items.

7. Responsibility of Proposers: The City shall not be liable for any expenses incurred by potential Contractors in the preparation or submission of their Proposals. The City intends to release all public portions of the Proposals following the evaluation process at such time as a recommendation is made to the City Council.

If Proposer believes any communication contains trade secrets or other proprietary information that the Proposer believes would cause substantial injury to the Proposer’s competitive position if disclosed, the Proposer shall request that the City withhold from disclosure the proprietary information by marking each page containing such proprietary information as confidential. Proposer may not designate its entire Proposal as confidential nor designate its Price Proposal as confidential.

Submission of a Proposal shall indicate that, if Proposer requests that the City withhold from disclosure information identified as confidential, and the City complies with the Proposer's request, Proposer shall assume all responsibility for any challenges resulting from the non-disclosure, indemnify and hold harmless the City from and against all damages (including but not limited to attorney's fees and costs that may be awarded to the party requesting the Proposer information), and pay any and all costs and expenses related to the withholding of Proposer information. Proposer shall not make a claim, sue, or maintain any legal action against the City or its directors, officers, employees, or agents concerning the disclosure, or withholding from disclosure, of any Proposer information. The Proposer further covenants that it will not knowingly employ any person having such an interest in the performance of any Agreement awarded. Violation of this provision may result in any Agreement awarded being deemed void and unenforceable.
- 11. Disclosure of Governmental Position:** In order to analyze possible conflicts that might prevent a Proposer from acting on behalf of the City, the City requires that all Proposers disclose in their Proposals any positions that they hold as directors, officers, or employees of any governmental entity. Additional disclosure may be required prior to contract award or during the term of the contract. Each Proposer shall disclose whether any owner or employee of the firm currently hold positions as elected or appointed officials, directors, officers, or employees of a governmental entity or held such positions in the past twelve months using the attached Disclosure of Government Positions Form, **Appendix D**.

- 14. Standard Terms and Conditions:** The City reserves the right to amend or supplement this RFP prior to the Proposal due date. All addendum(s) and additional information will be posted to Planetbids. Proposers should check this web page daily for new information.

In the event an ambiguity or question of intent or interpretation arises with respect to this Agreement, this Agreement shall be construed as if drafted jointly by the parties and in accordance with its fair meaning. There shall be no presumption or burden of proof favoring or disfavoring any party by virtue of the authorship of any of the provisions of this Agreement.

6.23. Amendments. Only a writing executed by the parties hereto or their respective successors and assigns may amend this Agreement.

6.24. Waiver. The delay or failure of either party at any time to require performance or compliance by the other of any of its obligations or agreements shall in no way be deemed a waiver of those rights to require such performance or compliance. No waiver of any provision of this Agreement shall be effective unless in writing and signed by a duly authorized representative of the party against whom enforcement of a waiver is sought. The waiver of any right or remedy in respect to any occurrence or event shall not be deemed a waiver of any right or remedy in respect to any other occurrence or event, nor shall any waiver constitute a continuing waiver.

6.25. Severability. If any provision of this Agreement is determined by a court of competent jurisdiction to be unenforceable in any circumstance, such determination shall not affect the validity or enforceability of the

remaining terms and provisions hereof or of the offending provision in any other circumstance. Notwithstanding the foregoing, if the value of this Agreement, based upon the substantial benefit of the bargain for any party, is materially impaired, which determination made by the presiding court or arbitrator of competent jurisdiction shall be binding, then both parties agree to substitute such provision(s) through good faith negotiations.

6.26. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original. All counterparts shall be construed together and shall constitute one agreement.

6.27. Corporate Authority. The persons executing this Agreement on behalf of the parties hereto warrant that they are duly authorized to execute this Agreement on behalf of said parties and that by doing so the parties hereto are formally bound to the provisions of this Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by and through their respective authorized officers, as of the date first above written.

CLARIFICATIONS TO REQUEST FOR PROPOSALS:

The following questions were received at the pre-proposal meeting and through email with subsequent answers and clarifications:

1. The RFP indicates the design team is to provide constructability review of their construction documents. As it is difficult for a firm to provide an objective review of their own work is this to be performed by a third-party firm?

REQUEST FOR PROPOSALS FOR PROFESSIONAL SERVICES FOR THE PLANNING AND DESIGN OF THE EXPANSION OF THE SHALIMAR PARK, 782 SHALIMAR DRIVE, COSTA MESA, CA

- A. *Constructability review of the construction documents will be performed by the members of the Consultant Selection Committee. The selected consultant will not be a part of the Committee.*
2. On pages 3-5 of the RFP there are “1. Proposal Format Guidelines;” however, on page 13 in Appendix A there is also “II. CONTENT OF PROPOSAL.” Though some of the requirements listed in the two places are similar, there are differences, and both state that the order and content must be adhered to. Can you provide a single outline of what items are required, in what order (if that matters to you), and which items are included in the 20-page limit and which are not?
- A. *The consultants shall follow the instruction provided on pages 3-5 of the RFP in section “1. Proposal Format Guidelines”. Cover Letter, Financial Capacity, Fee Schedule, Disclosure, any Professional Services Agreement exceptions. All the forms on the Checklist of Forms to Accompany Proposal along with Covers, Dividers, and Table of Contents are excluded from the 20-page limit.*
3. May we assume, from reading the requirements on page 13, that the items asked for on pages 3-5 but not on page 13—Cover Letter, Financial Capacity, Fee Schedule, Disclosure, any Professional Services Agreement exceptions, and all the forms on the Checklist of Forms to Accompany Proposal—along with Covers, Dividers, and Table of Contents are excluded from the 20-page limit?
- A. *Cover Letter, Financial Capacity, Fee Schedule, Disclosure, any Professional Services Agreement exceptions, and all the forms on the Checklist of Forms to Accompany Proposal along with Covers, Dividers, and Table of Contents are excluded from the 20-page limit.*
4. Please clarify existing budget for the park design/construction.
- A. *The total budget for the park design and construction of the park is \$2 Million.*
5. Can the City share digital copies of park design concepts and materials, including any improvement budget, prepared by City Fabrick in the conceptual phase?
- A. *The City provided the concept design prepared by City Fabrick with Addendum No. 1.*
6. On page 14 of the RFP under VI. INSURANCE REQUIREMENTS it states “A Certificate of Insurance is enclosed for your reference (Exhibit D).” However, no Exhibit D is enclosed. If this is important, will you provide in an Addendum?
- A. *The Sample of the Certificate of the Insurance is enclosed for your reference.*
7. Are the street improvements to be a part of the park scope of work? If so, is alternative funding available for them (including design services)? Will alternate designs for expanding the park be entertained? (different styles of chokers).

REQUEST FOR PROPOSALS FOR PROFESSIONAL SERVICES FOR THE PLANNING AND DESIGN OF THE EXPANSION OF THE SHALIMAR PARK, 782 SHALIMAR DRIVE, COSTA MESA, CA

- A. *The street improvements will not be part of the scope of work. Alternative designs for expanding the park will be entertained including different styles of chokers pending they ensure that bicycle safety and mobility is not compromised and that streets are still wide enough to accommodate emergency vehicles.*
8. Will the 4 meetings with City staff be required to be in person or is online acceptable?
- A. *The meetings will be required to be in person.*
9. Section IV requires 3 community outreach meetings while Section VII only requires two. Please clarify how many meetings will be required.
- A. *The Consultant will be required to conduct presentations at three (3) community outreach meetings, one (1) presentation to the Parks and Community Services Commission, one (1) presentation to the Planning Commission, and one (1) presentation to the City Council. These presentations may be outside of normal business hours and/or on weekends.*
10. How many views for the 3D renderings does the City anticipate for presentations to Stakeholders and community?
- A. *The 3D renderings should be available for all 6 presentations itemized above in question 9 (3 community outreach meetings, 1 Parks and Community Services Commission, 1 Planning Commission and 1 City Council meeting).*
11. Will the City require an arborist report for existing trees?
- A. *No. The selected consultant will work with the City arborist throughout the design for the evaluation of the existing trees.*
12. Will the consultant need to prepare bilingual (Spanish) outreach materials and bilingual services for community outreach meetings?
- A. *Yes, the City will require the selected consultant to prepare the bilingual (Spanish) outreach materials and provide the bilingual services for community outreach meetings. The City will provide bilingual services at the two (2) Commission meetings and at the City Council meeting.*
13. Are we to include the design of separate park elements within the cul-de-sac as portion of the proposal?
- A. *Yes. The design of separate park elements within the cul-de-sac is the portion of the proposal.*

14. Will the public street improvements require a separate submittal to Public Works?

A. The public street improvements will not require a separate submittal to Public Works.

15. The RFP Scope Survey section #5 requests contours 100' beyond the limits of grading, which would extend within private property. Would aerial or conventional survey be expected to obtain existing topo beyond the City property? If yes, then per RFP Survey section #1, will the consultant be required to request access directly from landowners to perform an exterior topographic survey of private parcels adjacent to the site to satisfy RFP Survey section #5 scope? Often the landowner is not on site.

A. Yes. The consultant will be required to request access directly from landowners.

16. Security cameras were mentioned during the site walk but are not included in the RFP scope of work. How many cameras are to be included in the scope of work and does the City use wireless communications?

A. While not required in the RFP scope of work, the City would like to consider an 'additive extra' proposal for security cameras. The number of cameras would be 'as necessary' and the City does utilize wireless communications.

17. What is the required construction duration?

A. The construction duration will be determined during design of the project and will be calculated based on the proposed scope of work.

18. Appendix B, fee schedule, 2nd paragraph appears to be truncated. What is being requested?

A. The second paragraph of Appendix B, Fee Schedule shall be read as follow: It is requested that the fee, including all meetings, reproduction, materials, and associated project expenses, be itemized for the project with a total not-to-exceed amount.

19. RFP Construction Support Services Section K #3 requests weekly in-person progress meeting attendance, can these meetings be virtual?

A. The meetings are going to be in-person.

20. Please clarify if the environmental documents, mentioned in RFP section J.v.b., are to be prepared by others, not consultant team.

A. The selected consultant will be required to prepare the environmental documents if it is the part of the design and the scope of work.

REQUEST FOR PROPOSALS FOR PROFESSIONAL SERVICES FOR THE PLANNING AND DESIGN OF THE EXPANSION OF THE SHALIMAR PARK, 782 SHALIMAR DRIVE, COSTA MESA, CA

The contents of this addendum shall have precedence over all related provisions within the contract documents. It is the intent of the City of Costa Mesa to clarify the above-referenced items to all bidders. Should it be necessary to request clarification on these matters, please send your request via e-mail at Irina.Gurovich@costamesaca.gov.

RE: Proposal for Engineering Design Services for Expansion of Shalimar Park

Dear Members of the Consultant Selection Evaluation Committee:

On behalf of the Community Works Design Group (CWDG) team we are pleased to present this proposal for Professional Landscape Architectural Design Services for the Expansion of Shalimar Park for the City of Costa Mesa. A member of our team (TKE) attended the Pre-Proposal Meeting on September 25, 2023 and we have reviewed the RFP and three (3) Addenda, we believe we have a strong understanding of the City's proposal and expectations.

Our team prides itself on creating equitable, accessible and meaningful public spaces and parks. We have reviewed the Concept Plans developed through the community input and can help the City bring the community's vision to fruition. We are well versed in preparing plans for park expansion projects, we will walk the City through important decisions to maximize the available budget and community's desires.

All improvements in the City's RFP are things that we have done recently and often, and can design efficiently, thoroughly and beautifully for the City of Costa Mesa!

We look forward to discussing this project in more detail with the City! We confirm our included fees are a total lump sum fee.

With gratitude,

COMMUNITY WORKS DESIGN GROUP, LLC

BACKGROUND & PROJECT UNDERSTANDING

The Community Works Design Team has designed over 300 parks in the last 5 years. Our team prides ourselves on designing parks and public spaces that reflect the community's needs and values while creating a usable and accessible space for residents to use.

We understand the Shalimar Park serves an important role of providing recreation and open-space to the surrounding community. We understand the City hopes to explore new opportunities to expand the park. The park can be expanded by narrowing Shalimar Street to approximately 24-feet to accommodate for two-way traffic and incorporating the additional space in the park.

Our team understands the City's goals for the project are as follows and the City would like the design phase completed within six (6) months:

1. Evaluate the park in order to determine exciting and innovative play elements for the expansion.

Our team has had great success in retrofitting and expanding play areas to add new fun equipment which focuses on expanded accessibility. We have long-time relationships with all of the main playground equipment vendors and have even gotten them to participate in friendly competitions for community voting of the best design.
2. Conduct public workshops, progress meetings with stakeholders, and presentations to the Parks and Community Services Commission and City Council.

CWDG prides itself on inclusive outreach and input opportunities, we offer multi-lingual campaigns and multi-platform opportunities for the community to share their ideas and concerns. We seek for each project to fulfill the community's growing wants and needs, as well as an opportunity to bolster community identity and source of pride. Our team is currently working with the City of Laguna Beach on their Playground Master Plan doing just that.
3. Develop the project in partnership local residents, and various City departments.

Two of our team's Directors have held Senior Management positions with public sector agencies. Dan Burkhart served as the City of Yorba Linda's Senior Landscape Inspector and ISA Arborist and Analicia Escobar-Gomez served as Riverside County Regional Park and Open-Space's Senior Park Planner. Additionally, Scott Rice currently serves as the City of Highland's Landscape Architect. We understand the importance of involving key stakeholders as well as maintenance staff into all facets of project planning.
4. Develop all schematic designs for the expansion, including:
 - New play elements
 - Features such as picnic shelter, seating areas
 - Enhanced landscaping protecting as many mature trees as possible
 - A state-of-the-art lighting system
 - Fencing improvements

PROJECT APPROACH AND METHODOLOGY

Design Expertise: CWDG has successfully completed 300 Parks and Recreation projects in the past five (5) years. Our team stays up to date on water wise landscaping and irrigation. In addition, our project team recently completed the City of Perris’ Enchanted Hills Parks SITES Certification process. Throughout this process our team developed a protocol of low impact development best practices and design standards we strive to integrate into all of our projects.

Site Specific Master Planning & Concept Development:

Our team excels at developing master plans and multi-phased developments. In addition to vibrant master plan documents our team also develops photo realistic 3-D renderings as part of our design process to ensure a fully cohesive and integrated site. This process always us to make proactive design decisions for vertical plane elements. We find the 3-D visuals also help garner excitement around important projects and are an integral tool for funding support. As a standard practice, we provide scaled 3-D modeling to help the community understand how the proposed park improvements will actually appear, to help identify any conflicts well ahead of construction.

Above: Left: Dolores Huerta Park playground and thematic wind screen for Futsal Multi-Use Courts in Fresno, CA.

Right: Northside Heritage Meadows urban farming & education center with Memorial community gardens in Riverside, CA.

Community Outreach:

CWDG recognizes the need for all voices in a community to be heard and incorporated into thoughtful designs. We understand the City of Costa Mesa would like to host bilingual meetings. Our team aims to ensure all members of the community have the opportunity to participate in community outreach and planning processes.

Our team is currently working on final touches for the design of Dolores Huerta Park for the City of Fresno. As part of the preliminary design process, CWDG worked with the City to create a community outreach campaign in 4 different languages (Spanish, Punjabi, Hmong and English), to best serve their community. We feel Costa Mesa would be a great community to implement this type of inclusive and equitable approach to design.

We employ what we call the “FUNnel” approach to take the multitude of “wants” and narrow them down to a final concept that reflects the best interests of the City and its constituents- and we do so in a FUN way! We typically start by gathering general information by means of online and mail-out surveys ahead of the public design meetings, with ongoing input from the City, so that we can begin to prepare informed design decisions to facilitate a conceptual design that reflects the community’s interest and not OUR interests.

PROJECT APPROACH AND METHODOLOGY

Meetings and Presentations:

Our team has experience presenting to a variety of City Staff, Boards and Commissions. Scott Rice and Analicia Escobar-Gomez both have experience presenting to special commissions, City Councils and other committees. We also find commissions and committees are a great place for garnering project feedback and support. It is often a good place to start soliciting feedback by going where people are already meeting.

Utility Search and Coordination:

Our team has extensive experience with utility coordination. In addition, our subconsultants, Design West Engineering and TKE will assist these coordination efforts.

Contract Documents:

Our team focuses on constructibility by creating Construction Drawings will include site plans and details for all aspects of demolition, construction, civil, grading, planting, irrigation and specialty plans. Our construction details are crafted from a constructibility standpoint, supplemented with item-specific notes that reduce contractor “artistic license” and reduce likelihood of RFI’s. Plans will identify recommended suppliers and products, with emphasis given to local sources, sustainable concepts, recycled/ recyclable materials, and durability of products. Each member of the CWDG team integrates their strengths, expertise and experience to ensure the best designs and most complete, constructible, contract documents are completed on time and within budget for each project we take on.

Cost Estimating:

We regularly prepare detailed construction plans, details, specifications and estimates for park projects, and strive to make our construction drawing packages the most biddable and buildable across the industry. Since we perform Landscape Plan Check for various agencies, our finger remains on the pulse of the industry, and are able to glean tips and tricks to making plans more readable, maintaining a good balance of notes and clarifications without overwhelming the drawings with redundant information. We are regularly receiving bids for various public work projects. Upon receiving the bid we also request from the two apparent low bidders their unit prices. We incorporate these updated unit prices into our own in-house cost estimates. This allows our firm to provide up-to date cost estimates for our clients.

Permits:

Our team has first hand plan check experience which comes in handy when it comes time to assist the City in obtaining approvals and/or permits from applicable agencies as needed.

Quality Control:

Our team prides itself on Quality Control/ Quality Assurance for every project we complete. As part of our project initiation we utilize Basecamp as a means to document decision making, capture City standards and review design checklists throughout the life of a project. Our team offers a hands-on approach and utilizes various expertise and experience to inspect and review throughout the design and construction process.

QUALIFICATIONS, ORGANIZATION & KEY STAFF EXPERIENCE:

CWDG served as prime consultant for the design and construction of Enchanted Hills Park for the City of Perris. As prime consultant, our team oversaw, Geotechnical, Civil Engineering, MEP Engineering, Skate Park Consultants, and more. Our team was led by Scott Rice, who was directed assisted by Allison Rush, Kay Kite, Dan Burkhardt and Luke Morris. CWDG assisted the City with their Community Engagement efforts and grant application, leading to a Proposition 68 award of \$8.5 million.

The City of Perris opted to complete Enchanted Hills Park as a SITES Candidate with GBCI, which will make it the first Project awarded a SITES Certification in the Inland Empire. The overall site stands at 22 acres but was designed with the existing topography and environmental conversation in mind, resulting in less than 10 acres of site development. In addition, to offering the community a plethora of amenities in the formally blighted lot, we are proud of the numerous awards the park has already received.

SCOPE OF SERVICES

OUR APPROACH:

Our approach to design and quality control is unique to the industry. Every design project is assigned one Licensed Landscape Architect as Project Principal, one Licensed Landscape Architect as Project Manager, and one Assistant Project Manager. CWDG realizes that our success is based on our ability to deliver projects on time and within budget. This team approach will guarantee that the project comes in on budget and stays on budget with minimal change orders.

STAFF AVAILABILITY:

All staff members listed in this proposal are available to begin work immediately upon City request. We guarantee that we will adjust our master schedule to dedicate sufficient resources to this project.

ORGANIZATION AND SCHEDULING:

We will provide the City with a critical path schedule, prepared in Microsoft Project, and will adhere to the schedule we present. Our office holds weekly Staff Meetings where we review ALL of our current projects, and the Principals have total accountability with the Project Managers to adhere to all set deadlines. We will keep key staff consistent, so that everyone remains on the same page.

TASK 1 - CONCEPTUAL DESIGN PHASE

Review Data and Utility Gathering

Our team will work diligently with the City to identify a comprehensive understanding of the existing conditions of the site and the expectations of the project. We have found the best way to keep projects on time and on budget, is to involve staff and especially maintenance staff in on project planning early on to identify potential project pitfalls or areas where overall project scope improvements can be made. We will integrate these efforts into the kick-off and five additional (5) progress meetings with City Staff including a field/site visit, concept design meeting, and schematic design meeting during this phase.

Within 1 week of receiving a Notice to Proceed, our team will submit an updated project schedule which will include two (2) City Plan Reviews and a Final review with an allowance of three weeks. The project team members will visit the project site(s) and conduct a thorough review of the existing site conditions to confirm the information shown on the record drawing is located as indicated.

Our team will coordinate with the City to obtain any record drawings for the project area, including, but not limited to: Street Improvements, Signing and Striping, Street Lights, Storm Drainage, Water, Sewer, and other Utilities. Our team will utilize this data in the design of the project, and will incorporate it into the project drawings for records purposes. TKE will conduct a Design Survey of the existing park and expansion area. We will develop a Schematic Plan to identify any potential siting constraints to work out with the City prior to beginning Construction Plans.

Once the Schematic Plan is approved by the City, our team will proceed with developing Construction Documents and Plans for the Project. This will include cost estimates for each phase of construction design. Our team will create construction plans at the following levels of completion 70%, 90%, and 100%, including specifications and cost estimates. The City will have additional opportunity to provide comments at the 70%, 90%, and 100% Final design stages.

SCOPE OF SERVICES

TASK 2 - CONSTRUCTION DESIGN PHASE

DEMOLITION PLANS: We will prepare demolition plans to clearly indicate action for all items to be demolished as well as focusing on items intended to be protected in place. For park renovation projects, the intricacy and clarity of which items need to be protected in place is an essential portion of the construction documents, and can eliminate the ambiguity that often triggers contractor change orders during construction.

CONSTRUCTION & ARCHITECTURAL DRAWINGS: Construction and Architectural Drawings will include site plans and details with sufficient detail to accommodate construction and renovations. Plans will identify recommended suppliers and products, with emphasis given to local sources, sustainable concepts, recycled/ recyclable materials, and durability of products. Structural calculations and Shelter engineering are not included and will be provided

IRRIGATION PLANS: We will prepare complete irrigation plans to comply with local water requirements and specific City requirements indicated in the RFP for impacted planter areas within the scope. All elements of the system will be designed to carry optimal amounts of water to irrigate the affected sites. Full detailing of all equipment will be included. Vandal resistance, durability, serviceability, reliability, water conservation, efficiency and, most importantly, consistency with City standards will be our primary concerns.

PLANTING PLANS: Complete Planting Plans with all necessary details will be provided for all areas impacted by the scope of improvements. Durable, easily maintainable species will be of primary importance in the plant selection process.

SPECIFICATIONS: Specifications detailing materials and workmanship for all of the above items will be provided as required, including Greenbook cross references and City of Costa Mesa Standard Drawings.

COST ESTIMATES: Final estimates of probable construction and maintenance costs will be prepared with CWDC providing regular value engineering recommendations.

DOCUMENT PROCESSING: We will submit the documents for City and various Utility approvals. We will review documents and make all necessary corrections.

MEETINGS: We will attend all meetings with City staff and project stakeholders and lead all presentations as required during this phase of the project.

CIVIL ENGINEERING PLANS: Our subconsultant civil engineer, TKE, will prepare grading plans for surrounding walkways and provide survey of the area. The contract documents will include drawings for park improvements, offsite street improvements, and estimates. For the drawings, we will prepare construction notes sheets, precise grading construction sheets, drainage sheets, striping sheets, and detail sheets.

WATER QUALITY MANAGEMENT PLAN: TKE will develop a Water Quality Management Plan (WQMP) for the proposed sites. Site size and proposed improvement layouts will determine the type of treatment facility to be used for the WQMP. TKE will perform hydrologic analysis of the site both in existing and proposed conditions to assess the required treatment facility size. We will prepare a WQMP report in accordance with the current versions of the City and County storm water regulations for review and approval.

SCOPE OF SERVICES

TASK 3 - BID AND CONSTRUCTION SUPPORT

When the project goes out for competitive bidding, we will assist the City in the bid process, distributing bid packages, noting direction given to contractors, respond to Requests for Information and other questions asked. We will provide follow-up clarifications or addendum items for all electronic bids.

What sets CWDG during the Construction Support/Administration phase is our first hand experience as a licensed contractor, allowing us to closely monitor and track scheduling, budgets, and upcoming inspections. We work hard to drive the construction schedule and keep contractors accountable. We will attend the pre-construction meeting and provide written minutes and follow up information. When requested, we will assist the City with construction administration assistance for specialty areas where specific technical expertise is required in determining conformance to design concepts and approved plans and specifications. We will participate in weekly construction meetings, in support of the City. Based on our observations at the site and on the contractor's application for payment, we will assist in determining the amount owed to the contractor.

We will review job drawings, as- built, RFI's, samples and other submissions of the contractor for conformance with the design of the project and for compliance with the information given in the conformance contract documents, for the project. Our in-house FAA Certified UAS (Drone) pilot will provide monthly progress drone photography for use in updating stakeholders and constituents of construction progress. We will review change orders and submittals for approval and issuance by the City. We will respond to requests for information from the contractor, issue field bulletins and requests for quotations. We will maintain updated RFI, Change Order and Submittal logs, which will be shared online via Basecamp app.

Ms. Allison Rush is a Senior Landscape Architect with Community Works Design Group, with East Coast roots. Her undergraduate work at Penn State focused primarily on the means and methods of interaction between people and public spaces and how they've come to shape the landscape we live in today. She discovered the field of Landscape Architecture while fulfilling requirements for her minor in Architectural History and in that moment determined she would go on to receive her Master of Landscape Architecture.

Upon receiving her Master of Landscape Architecture in the spring of 2013, Allison eagerly anticipated her move across the country where she would join her husband as he accepted his dream job opportunity. Within weeks of her relocation to the West Coast, Allison accepted the position of landscape designer at CWDG.

Allison proved herself to be attentive, ambitious and reliable very early on, learning professional design and project management practices from her CWDG colleagues and mentors. Anxious for additional responsibility and the opportunity to work more closely with clients, she quickly moved into project management roles. In 2016, however, she decided to take a brief hiatus from park planning (as well as her commute from Irvine to Riverside each day) and accepted a new position with a firm specializing in high-end residential design based out of Orange County.

During this time, Allison refused to completely cut ties with her CWDG family agreeing to provide consulting services on a part-time basis. She continued to cultivate her design and creativity skills while learning new 3D modeling programs and graphic techniques to better communicate design intent with the many clients unable to envision the final product from a plan view. In early 2017, CWDG provided Allison with an offer to rejoin the team full time in a leadership role. She graciously accepted and hasn't looked back since!

Allison excels at understanding how best to configure and optimize outdoor spaces for the health and enjoyment of users of all ages and abilities. Allison also has a strong grasp of designing with various digital media techniques, including CAD, 3D modeling and photo simulation. With her education and many years with our firm, Allison has been integral in our team's efforts of conveying and shaping ideas for many important projects throughout California.

CITY COUNCIL POLICY 100-5

CITY OF COSTA MESA, CALIFORNIA

COUNCIL POLICY

SUBJECT	POLICY NUMBER	EFFECTIVE DATE	PAGE
DRUG-FREE WORKPLACE	100-5	8-8-89	1 of 3

BACKGROUND

Under the Federal Drug-Free Workplace Act of 1988, passed as part of omnibus drug legislation enacted November 18, 1988, contractors and grantees of Federal funds must certify that they will provide drug-free workplaces. At the present time, the City of Costa Mesa, as a sub-grantee of Federal funds under a variety of programs, is required to abide by this Act. The City Council has expressed its support of the national effort to eradicate drug abuse through the creation of a Substance Abuse Committee, institution of a City-wide D.A.R.E. program in all local schools and other activities in support of a drug-free community. This policy is intended to extend that effort to contractors and grantees of the City of Costa Mesa in the elimination of dangerous drugs in the workplace.

PURPOSE

It is the purpose of this Policy to:

1. Clearly state the City of Costa Mesa's commitment to a drug-free society.
2. Set forth guidelines to ensure that public, private, and nonprofit organizations receiving funds from the City of Costa Mesa share the commitment to a drug-free workplace.

POLICY

The City Manager, under direction by the City Council, shall take the necessary steps to see that the following provisions are included in all contracts and agreements entered into by the City of Costa Mesa involving the disbursement of funds.

1. Contractor or Sub-grantee hereby certifies that it will provide a drug-free workplace by:
 - A. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in Contractor's and/or sub-grantee's workplace, specifically the job site or location included in this contract, and specifying the actions that will be taken against the employees for violation of such prohibition;
 - B. Establishing a Drug-Free Awareness Program to inform employees about:

1. The dangers of drug abuse in the workplace;
 2. Contractor's and/or sub-grantee's policy of maintaining a drug-free workplace;
 3. Any available drug counseling, rehabilitation and employee assistance programs; and
 4. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
- C. Making it a requirement that each employee to be engaged in the performance of the contract be given a copy of the statement required by subparagraph A;
- D. Notifying the employee in the statement required by subparagraph 1 A that, as a condition of employment under the contract, the employee will:
1. Abide by the terms of the statement; and
 2. Notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days after such conviction;
- E. Notifying the City of Costa Mesa within ten (10) days after receiving notice under subparagraph 1 D 2 from an employee or otherwise receiving the actual notice of such conviction;
- F. Taking one of the following actions within thirty (30) days of receiving notice under subparagraph 1 D 2 with respect to an employee who is so convicted:
1. Taking appropriate personnel action against such an employee, up to and including termination; or
 2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health agency, law enforcement, or other appropriate agency;

- G. Making a good faith effort to maintain a drug-free workplace through implementation of subparagraphs 1 A through 1 F, inclusive.
2. Contractor and/or sub-grantee shall be deemed to be in violation of this Policy if the City of Costa Mesa determines that:
 - a. Contractor and/or sub-grantee has made a false certification under paragraph 1 above;
 - b. Contractor and/or sub-grantee has violated the certification by failing to carry out the requirements of subparagraphs 1 A through 1 G above;
 - c. Such number of employees of Contractor and/or sub-grantee have been convicted of violations of criminal drug statutes for violations occurring in the workplace as to indicate that the contractor and/or sub-grantee has failed to make a good faith effort to provide a drug-free workplace.
 3. Should any contractor and/or sub-grantee be deemed to be in violation of this Policy pursuant to the provisions of 2 A, B, and C, a suspension, termination or debarment proceeding subject to applicable Federal, State, and local laws shall be conducted. Upon issuance of any final decision under this section requiring debarment of a contractor and/or sub-grantee, the contractor and/or sub-grantee shall be ineligible for award of any contract, agreement or grant from the City of Costa Mesa for a period specified in the decision, not to exceed five (5) years. Upon issuance of any final decision recommending against debarment of the contractor and/or sub-grantee, the contractor and/or sub-grantee shall be eligible for compensation as provided by law.
