Please make the attached Letter of Support a matter of Public Record in Support of Old Business #1 - Flower Factory

January 25, 2026

Planning Commissioners,

My name is Brandon Stump. I am the 10 year property owner at 115 E Wilson St, and share an alley with Flower Factory at 2332 Newport Blvd.

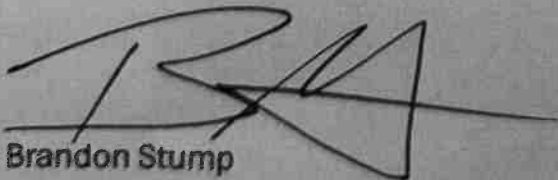

I am writing to support Flower Factory, as there have not been any issues.

In fact, here are the positives we see:

- ☐ Significant property improvement, from an aging commercial facility to a modern retail outlet
- ☐ They no longer take customer access from our alley
- ☐ Customers no longer back onto Newport Blvd
- ☐ The modern perimeter lighting does not impact the residents yet provides security lighting to address issues on Newport Blvd
- ☐ The addition of a security guard has been a benefit as we address issues on Newport Blvd
- ☐ The operations have helped prevent Newport Blvd issues from migrating into the alley behind Circle K
- ☐ We have not observed any issues, nor heard of any issues from the neighborhood

Flower Factory appears to be a business in good standing, has complied with all the regulations and should be allowed to continue their business.

This letter is in support of Flower Factory.

Brandon Stump
