WHEREAS, the City Council of the City of Costa Mesa adopted a Residential Permit Parking Program (RPP) in January 2016; and

WHEREAS, the RPP helps to relieve parking congestion on public streets adjacent to impacted residential areas by vehicles unrelated to the neighborhood; and

WHEREAS, parking demands from single-family residential, multi-family residential, and commercial parking shortages in recent years have caused significant parking impacts on other adjacent residential neighborhoods; and

WHEREAS, the City has received significant feedback from residents and business owners related to the limited parking on public streets; and

WHEREAS, the City considered the following criteria and interests while drafting amendments to the RPP, including that there is a growing number of vehicles per household, older neighborhoods were originally designed for a lower parking demand, there is insufficient parking within multi-family communities, and many garages are used for storage; and

WHEREAS, when a single-family street becomes a newly designated residential permit parking street, vehicles are displaced and moved to other streets, and streets that are designated with residential permit parking oftentimes are less utilized since residents not living on that street are displaced and must find parking elsewhere, resulting in an unintended impact on surrounding streets; and

WHEREAS, the City caused to be conducted a Citywide Parking Study in January 2020, which engaged stakeholders, sought to understand parking challenges, evaluated the current RPP, and developed recommendations for the City's parking operations; and

WHEREAS, during the Citywide Parking Study, over 40 community members attended a community outreach meeting where they expressed support for implementing a residential parking permit fee and keeping an RPP; and

WHEREAS, the findings of the Citywide Parking Study led to the amended RPP's principles which are equitable access, sustainable solutions, and efficient program management; and

WHEREAS, the City's amended RPP is aligned with the Attorney General's opinion which recommends that cities do not distinguish among residents based on the type of dwellings in which they live when issuing residential parking permits; and

WHEREAS, the City Council held a duly noticed public hearing on Ordinance No. 2022-XX on _____, 2022, at which time it considered all evidence presented, both written and oral; and
