Housing and Public Service Grants Committee ,
Mobile Home Park Advisory Committee**

Q3

Indicate why you wish to serve on this Committee. Provide any experience or qualifications you may possess that you think would be beneficial to this Committee. A resume (optional) may be attached.

Housing and public service grants committee is my interest. With previous contracting experience I can apply here I think the technical aspects are well served. I live in councilman Chavez's district. As one of few homeowners on my block, Weelo Drive, I can provide valuable feedback from other residents who are often ignored in simple things like permit parking which is only accessible to owners. As a bilingual resident, I find that my neighbors are often ignored. Its not fair and I can help.

Q4

As a Committee member, what ideas or projects are of interest to you?

The bike lane, the master plan redevelopment of my district. Adjusting the city's master plan. Opening a street vendor location and offering case workers to navigate the permit process with the county and to allocate funds for doing so. It shouldn't be the fairgrounds. Fairview developmental is also interesting.

Q3

Indicate why you wish to serve on this Committee. Provide any experience or qualifications you may possess that you think would be beneficial to this Committee. A resume (optional) may be attached.

I returned to Orange County 12 years ago to retire from a 35-year career in education. My husband and I live in Playport Mobile Home Park where I have served as the secretary for our Mobile Home H.O.A. for the past 8 years. My husband and I are also very active members of the Costa Mesa Mobile Home Coalition through which I and other members of the coalition proposed and drafted the idea for the Costa Mesa Mobile Home Advisory Committee.

I have had extensive experience as an administrator and board membership. I have served many years as an administrator in various schools both in the for-profit and non-profit industries. I have worked at the state level in the Office of Education where I help publish the Professional Development Standards for early childhood professionals, launched and was the project manager for the state Child Care Apprenticeship Program and spearheaded a pilot program that tested a state quality improvement system for licensed child development centers around the state. I have sat on many boards and committees at the local, state, and national level including the National Association for the Education of Young Children. Recently, since moving into a mobile home park in Costa Mesa, I have served as a member of the Costa Mesa Mobile Home Advisory Committee for the past 4 years and have been active in programs that will enhance and/or improve the quality of life for residents of mobile home parks in Costa Mesa.

Q4

As a Committee member, what ideas or projects are of interest to you?

To bring awareness to residents of mobile home park the many resources and opportunity available to them and to improve their lives as mobile home residents by advocating on their behalf.

As a life long resident of Costa Mesa and a new mobile home owner in Playport I would like the opportunity to make a positive impact for mobile home parks and their residents. My experience I bring to the table is being a home owner several times throughout my life and always wanting to give back to the community I live in which is why I started a Neighborhood Watch (at my previous residence prior to Playport) and am part of CERT team.

Q3

Indicate why you wish to serve on this Committee. Provide any experience or qualifications you may possess that you think would be beneficial to this Committee. A resume (optional) may be attached.

I am writing to express my keen interest in serving on the Mobile Home Advisory Committee for the City of Costa Mesa, California. My interest in this committee stems from my deep commitment to the well-being and prosperity of the mobile home community in Costa Mesa, as well as my desire to leverage my extensive experience in the sector to benefit the city and its residents.

For over a decade, I have been intricately involved in the management and ownership of mobile home parks within Costa Mesa. This experience has afforded me a comprehensive understanding of the unique challenges and opportunities faced by mobile home residents and park operators. I have successfully navigated issues related to zoning, affordability, community relations, and infrastructure improvements, demonstrating a consistent ability to balance the needs of residents with the operational requirements of mobile home parks.

Throughout my tenure as a mobile home park owner and manager, I have prioritized the creation of safe, welcoming, and vibrant communities. My efforts have included implementing sustainable practices, enhancing community facilities, and fostering a sense of belonging among residents. These initiatives have not only improved the quality of life for residents but have also contributed to the broader community's cohesion and resilience.

My experience has also enabled me to develop strong relationships with city officials, residents, and other stakeholders. I am adept at facilitating constructive dialogue and building consensus among diverse groups, skills I believe would be invaluable to the Committee. I am particularly interested in contributing to discussions around policy development, regulatory compliance, and strategic planning to ensure that Costa Mesa remains a model city for mobile home living.

I am passionate about ensuring that mobile home parks in Costa Mesa continue to be affordable, safe, and desirable places to live. I believe my background equips me with a unique perspective and a wealth of knowledge that can help guide the Committee's work. By serving on this Committee, I aim to contribute to meaningful change that enhances the quality of life for mobile home residents and supports the sustainable development of these communities within Costa Mesa.

I am enthusiastic about the opportunity to contribute to the Mobile Home Advisory Committee and look forward to the possibility of working together to make Costa Mesa an even better place for its mobile home residents. Thank you for considering my application

Q4

As a Committee member, what ideas or projects are of interest to you?

As a prospective member of the Mobile Home Advisory Committee, I am deeply interested in developing and supporting initiatives that enhance the quality of life for residents of mobile home parks, ensure the sustainability of these communities, and foster inclusivity and resilience. Drawing from my experience in managing and owning mobile home parks in Costa Mesa, I have identified several key areas where I believe impactful projects can be initiated:

Affordability and Financial Assistance Programs: One of my primary interests lies in exploring and expanding affordability and financial assistance programs for mobile home residents. This could include developing subsidies or grants for low-income families, creating partnerships with local banks for favorable loan conditions, or establishing emergency funds to assist residents facing financial hardships.

Infrastructure Improvement and Sustainability Projects: I am keen on leading projects focused on infrastructure improvements within mobile home parks, such as upgrading utility systems, enhancing connectivity and accessibility, and incorporating green spaces and recreational facilities. Sustainability projects could also include solar panel installations and water conservation systems to reduce utility costs for residents and promote environmental stewardship.

Community Engagement and Empowerment Initiatives: Building strong, cohesive communities is essential. I am interested in creating programs that encourage community engagement, such as organizing town hall meetings, establishing resident advisory boards, and hosting community events. Empowerment initiatives could also involve providing residents with education and training opportunities on topics such as homeownership, financial literacy, and legal rights.

Policy Advocacy and Regulatory Reform: Given the regulatory challenges often faced by mobile home communities, I aim to advocate for policy changes that provide clearer protections for residents and park owners alike. This could involve working with local government officials to revise zoning laws, improve safety regulations, and streamline the permit process for renovations and upgrades.

Technology and Innovation for Mobile Home Living: I believe there is significant potential to leverage technology to improve the mobile home living experience. Projects could include developing a mobile app for community communication, implementing smart home technologies for energy efficiency, and exploring modular and prefabricated housing options to enhance affordability and design flexibility.

By focusing on these areas, I aim to contribute to the development of sustainable, vibrant, and inclusive mobile home communities in Costa Mesa. I am committed to leveraging my experience, along with input from residents and stakeholders, to identify and prioritize projects that will have the most meaningful and lasting impact.
