Subject: Thank you for installing LPis

Dear Members of the City Council:

I am writing to thank you and to thank the Public Works staff for installing leading pedestrian interval (LPI) signals at 26 intersections around Costa Mesa. These signals really improve the pedestrian experience in these locations and I hope you will consider installing more of them in the future.

I frequently walk along Victoria and they really make a huge difference in feeling safe walking along a fast road.

Thank you,

Kyle Ramer

Dear Members of the City Council,

I am writing to thank you and to thank the Public Works staff for installing leading pedestrian interval (LPI) signals at 26 intersections around Costa Mesa. These signals really improve the pedestrian experience in these locations and I hope you will consider installing more of them in the future. I ride my bike almost daily in Costa Mesa & these really do make a difference.

Thank you,
Seth Greiner

Subject: Public comment - thank you for installing LPIs

Members of the City Council:

I wanted to write a quick note to thank you and city staff for implementing the traffic signal synchronization project (TSSP) that resulted in the implementation of 26 leading pedestrian interval (LPI) signals on Baker, Victoria, Placentia and W. 19th Street.

As you may recall, the Board of the Costa Mesa Alliance for Better Streets wrote a letter to you in February 2022 strongly critiquing TSSPs when aimed at improving vehicle throughputs and increasing vehicle speeds in environments frequented by pedestrians, bicyclists and other vulnerable road users. So I applaud the city for taking this opportunity to also invest in pedestrian safety. I have heard many compliments on the LPIs from the public, and it is a visible message that the pedestrians are welcome in our public places. Bravo.

Best,

Jenn Tanaka

Board Member, Costa Mesa Alliance for Better Streets

Subject: Public comment for tonight's meeting

Dear Members of the City Council:

I am writing to thank you and to thank the Public Works staff for installing leading pedestrian interval (LPI) signals at 26 intersections around Costa Mesa.

I knew that I would like them in theory but experiencing them while walking and biking through Costa Mesa has made such a big improvement for me and I hope you will consider installing more of them in the future.

Thank you,
Kathryn Hoist

Subject: Gratitude for the Installation of LPI Signals in Costa Mesa

Dear Esteemed Members of the City Council,

I am writing this letter with heartfelt gratitude and appreciation for the remarkable proactive work done by both you and the dedicated Public Works staff. I want to express my sincere thanks for the recent installation of leading pedestrian interval (LPI) signals at 26 intersections throughout Costa Mesa.

The implementation of these signals has made a significant positive impact on the pedestrian experience within our community. By providing pedestrians with a head start at these intersections, their safety and convenience have been greatly enhanced. As a person who regularly runs in our city, the number of times I have had a near miss from a right-hand turning car jumping the gun on a green light cannot be counted on every finger and toe on my body.

I would like to commend your forward-thinking approach and proactive measures in improving the infrastructure of our beloved city. The installation of LPI signals is a testament to your dedication to ensuring pedestrian well-being and promoting a more pedestrian-friendly city.

I sincerely hope that you will continue to consider expanding the presence of LPI signals in future projects. Such initiatives contribute not only to the overall quality of life in our city but also to fostering a culture of pedestrian safety and inclusivity.

Once again, please accept my heartfelt thanks to the entire City Council and the diligent Public Works staff for their remarkable efforts in making Costa Mesa a safer and more pedestrian-friendly place to live, work, and explore.

With deep appreciation,

Luke Hagenbach

Subject: Email in support of allocating funds for the Costa Mesa Tennis Center

Good morning,

I'm writing to express my concern and hopeful wishes that the Costa Mesa City can approve allocating badly needed funds for the Costa Mesa Tennis Center.

The tennis center has already been approved \$300,000 (in 2015) for led lighting that is so needed for the evening matches and for the usta sanctioned matches that are held here. But, there are many more items that are needed to bring this city facility up to a grander state.

The Costa Mesa Tennis Center houses 12 public tennis courts that are used everyday. It is the only public tennis courts (on this scale) in the surrounding cities. There are many Costa Mesa residents who cannot afford to play or be a member at a private tennis facility. And many other people in the surrounding areas that can't either. It is used by many women's leagues, USTA leagues and USTA sanctioned tournaments as well as many city classes and children's programs. The clubhouse needs be renovated as well as the bathrooms in the clubhouse. New wind screens and tennis nets also need to be implemented.

Please allow funds to be secured for the improvement of the Costa Mesa Tennis Center! This is a facility that brings in income to the city and that many people use!

Thanks for hearing my plea,

Laura O'Leary
Resident of Costa Mesa City
262 Walnut Street

Subject: Save costa mesa tennis center.

To whom it may concern

Would like to urge the city council to continue funding for the costa mesa tennis center. So many tennis players depend on this facility to enjoy tennis with friends.

Keeps us all in good physical condition in an accommodating environment and friendly atmosphere. Even with the dogs barking!

Thank you for your attention.

**UNITED TO END
HOMELESSNESSSM**

June 20, 2023

TO:
Mayor and City Council Members,
City of Costa Mesa

RE: Support for Travelodge North Housing – Agenda Item 6

United to End Homelessness writes today to express our support for the Travelodge North Housing Project with American Family Housing that is under consideration for funding support. This development will contribute high-quality Permanent Supportive Housing (PSH) to help end our county's homelessness crisis as part of the Homekey strategy.

This development is meeting a crucial and growing need in our community for an extremely vulnerable population and would deliver 76 apartments for people who have experienced homelessness.

In 2018, the Orange County United Way launched United to End Homelessness, a powerful collaboration among Orange County's top business, philanthropic, government, faith-based, and non-profit leaders committed to ending homelessness and ensuring housing and services are available for every individual who may need them. United to End Homelessness has been an influential voice in advocating for housing as the solution to end homelessness, and OCUW has always supported and maintained that affordable, stable housing is the building block to success.

Thank you for your support of this development and others in your city. We are grateful to you for your courage and willingness to improve the lives of those in-need in our community.

Sincerely,

Lawrence R. Armstrong
Chair, U2EH Leadership Council

Becks Heyhoe
Executive Director, United to End Homelessness
