1. Indicate why you wish to serve on this Committee/Commission. Provide any experience or qualifications you may possess that you think would be beneficial to this Committee/Commission. A resume (optional) may be attached.

(Note: All information contained on the resume is public information, will be distributed to the public and posted on the City's website).

I am very honored and proud to say that I have served on the Costa Mesa Animal Services Committee for the past two terms, two years as an alternate and one year as a full member. Although I am happy to say that we accomplished all but one of the goals we set forth at the beginning, there are still several projects and initiatives where we've just scratched the surface, and some of that is due to impediments associated with Covid-19. Having this experience as a committee member and helping lay the foundation for the committee, I have had the opportunity to have a firsthand look at the initiatives and projects that need our attention the most and could be feasibly accomplished. With this last year impeded mostly by Covid-19, I would love the opportunity to really dig in and further develop, build, and implement these projects now that things are opening up, and continue to build a more solid and sustainable platform for the future of the Animal Services Committee to better serve the animals who depend on us to be their voice.

Personally, I have been the only committee member to attempt a fund raiser and I am one of few members who attend meetings regularly and speak up to provide suggestions and opinions on potential projects, initiatives, and the state of the committee. Unfortunately, due to Covid-19, there has not been much of an opportunity for community events as there was in the past, however during my first term I was one of few members who regularly attended of community events to promote animal adoptions and provide community education. I created an outline for a PSA explaining our three-prong animal shelter system, I created a detailed outline and set of goals to implement a future volunteer program, and in addition to rescuing a stray dog from our neighborhood, I also rescued abandoned kittens and was able to see our wonderful work in progress, following their journey from the street to the Orphanage, providing them with a hopefully better life. Recently, the committee was tasked with developing goals for 2022 and feel very passionate about the goals I provided and would like to be able to carry them out as a committee member. Additionally, I have over 10 years' experience in non-profit and I believe that provides me with a unique view on how to accomplish projects and meet our goals with limited funds and resources.

Lastly, I am passionate about animals, their well-being, and giving a voice to those that cannot speak for themselves. We as humans have a responsibility to the animal community who have no choice but to depend on us to do right by them, and I take this responsibility very seriously. I have thoroughly enjoyed serving my community and been proud to be part of something greater than myself. I would love to be able to continue in this capacity as an Animal Services Committee member to give back and use my time positively to serve others, especially those animals that so greatly need our help.

2. As a Committee/Commission member, what ideas or projects are of interest to you?

PLEASE SEE BELOW

As a member of the Animal Services Committee, there are several projects and ideas that need our attention to build on and grow into a well established and well-known program for the city of Costa Mesa for our two-legged and four-legged residents.

- **Grow and improve partnerships with Animal Control, Costa Mesa Animal Shelter, and Priceless Pet Rescue**
 - Produce public service announcements, in print and in video, related to the three-pronged partnership with Animal Control, Newport Center Animal Hospital, and Priceless Pet Rescue
- **Strengthen the public view of Animal Control**
 - Create in print and video animal control officer bios: an “interview” format to get to know the officers on a more personable level:
 - Question examples: What do you like about being an animal control officer? Do you have any pets of your own (explain)? What is the biggest challenge in your job? What is one fact you would like the community to know? What do you do in your spare time? Any hidden talents?
 - Get Animal Control to events, “meet and greet” with the public
- **Educate the public on responsible pet ownership and care**
 - No less than six times per year AND provide ongoing resources to the public regarding shelter and adoption services
 - Find ways to educate the public in addition to the Scoop Newsletter and Animal Services website
 - Post rotating educational flyers, or “for more info” flyers at parks to:
 - Educate public on varying topics (importance of licensing, basic training tips, steps for responsible ownership, coyotes, etc)
 - Create informational piece on the new process of how to rescue and get stray cats to the Costa Mesa Animal Shelter
 - Also include info on where to find other educational resources, i.e. Paws 101 series, Animal Services website, newsletter, etc
 - Get pet related businesses and organizations involved as community stakeholders to help promote educational flyers, info regarding Costa Mesa Animal shelter/Priceless Pet Rescue, info on donating funds to for Pet Financial Assistance Program
 - For example: can post on their websites, on their social media, hard copies on windows or flyer stands in businesses/buildings
- **Promote and implement the Pet Financial Assistance Program**
 - Obtain funds through community partnerships, grants, and donations to the Costa Mesa Foundation for Animal Care Services
 - Create an informational blurb about the Pet Financial Assistance Program: What it is, who can apply, how to apply, how to donate funds to use in newsletters, flyers, website, etc
 - Identify community partnerships, grants, etc to create consistent and adequate flow of funds
 - Revisit the idea of a QR code posted at parks and other places to use to donate electronically
 - Find ways to fundraise: raffle at events, Corporate Giving

- Identify corporate charitable giving programs who can sponsor events/booths, hard to place animals, sections of the Bark Park, donation of, or donation to, specific goods and services relating to animal health/wellbeing
 - Can develop sponsorship level-recognized in newsletter, website, and any physical location (this animal sponsored by __)
- **TNR Program**
 - Complete research and creating a recommendation to city council very soon
- **Set Committee Standards**
 - Set standard for members to attend community events
 - Set deadlines for smaller goals to meet larger goals so work is accomplished
 - Set standard for member involvement, meeting attendance, meet deadlines for goals, and hold members accountable
 - Involve committee in shelter and PPS contracts as was done before, and allow the committee to have input

Q3

Indicate why you wish to serve on this Committee/Commission. Provide any experience or qualifications you may possess that you think would be beneficial to this Committee/Commission. A resume (optional) may be attached.

I am interested in serving on the finance and pension committee because I want to serve the Costa Mesa community, and because I believe a City's budget is the best representation of its priorities. I have had the pleasure of learning more about the City's services and processes through my advocacy work on behalf of a local park (Harper Park) and as a board member for the Costa Mesa Alliance for Better Streets. Both experiences have touched on the budgeting and financing processes, as both involve significant capital investments. It would be an honor to use my experience and expertise in investments and finance to help the City achieve its fiscal goals.

I am also interested in being considered for the Animal Services Committee. As a life-long dog owner and an avid hiker, I have a strong love of animals and nature. I hope to see city policy reflect a humane and welcoming attitude to pets, as well as a respectful and conservation-oriented approach to wildlife management. I have served as a foster dog mom in the past so I am well aware of the challenges facing our pet management policies.

Q4

As a Committee/Commission member, what ideas or projects are of interest to you?

I am very interested in learning more about the trade offs that are being made by the City regarding long term obligations, such as pensions, versus current personnel requirements and salaries. As pension obligations grow, careful budgeting and planning will be required to ensure that we can hire and retain the personnel we need to provide vital services as well as make beneficial capital improvements. I am also keenly aware of the rapidly rising costs of living in our area, which will put more pressure on short-term salary obligations. As I learn more about these trade offs, I hope to be able to provide the City with advice to navigate these challenging times.

With respect to the animal services committee, my number one interest is to explore the ways open space can be utilized by dog owners in a way that expands off-leash areas while being respectful of other users of public lands. I am also interested in finding ways to reduce the unwanted pet population, which leads to heartbreaking decisions to destroy worthy animals. And finally, given Costa Mesa's proximity and inclusion of a number of open space preserves, I want to advocate for protection of our open spaces while maintaining public access. As a mother of two, my children have received enormous benefits by being able to experience nature up close, so I hope to be able to preserve and expand that opportunity for everyone in the City.
