Q2

Indicate the name of the Committee/Commission you are interested in serving on:

**Parks, Arts and Community Services Commission
(Districts 3)**

Finance and Pension Advisory Committee,

Housing & Public Service Grants Committee

Q3

Indicate why you wish to serve on this Committee/Commission. Provide any experience or qualifications you may possess that you think would be beneficial to this Committee/Commission. A resume (optional) may be attached.

As a homeowner and businessman in Costa Mesa I would like to give back through service to the community I am raising my family in. I have worked and continue to work as a CFO for OC real estate, construction, and logistics businesses by day. In my free time I have started a non-profit to support kids opportunities through sport, raising money through events and donating to applicants in need of support. I hold advanced degrees in both Business, MBA, and Organizational Leadership, MS.

If appointed to Parks, Arts, and Community Services Commission, I would love to share my experience to support creative fundraising, arts, learning, and recreation opportunities for the community.

If appointed to the Finance and Pension Advisory Committee, I could objectively apply my expertise to suggest prime opportunities to enhance financial outcomes meeting near, mid, and long term objectives.

Lastly, if appointed to the Housing & Public Service Grants Committee I could objectively suggest opportunities for improvement encouraging sustainable programs that meet public needs.

Q4

As a Committee/Commission member, what ideas or projects are of interest to you?

I am interested in addressing the homeless and housing challenges currently facing the city, encouraging more community participation in local services like recreation and arts, and helping the city maintain a sustainably solvent finance plan.

I am a current FIPAC member and would like to continue my service on FIPAC. I believe I bring a good deal of "institutional knowledge" to the Committee having served on FIPAC for several years and also having served as a Costa Mesa City Council Member for 8 years. I would be honored to continue my service.

Q4

As a Committee/Commission member, what ideas or projects are of interest to you?

I am interested in studying the City's pension obligations and determining if there are cost saving options in addition to the I15 Trust. I serve on the Budget Subcommittee and believe our careful analysis of the current and proposed budgets and recommendations to FIPAC and then FIPAC'S advice to the City Council are very important in these difficult financial times.

Indicate the name of the Committee/Commission you are interested in serving on:

**Finance and Pension Advisory Committee,
Bikeway and Walkability Committee,
Fairview Park Steering Committee**

Q3

Indicate why you wish to serve on this Committee/Commission. Provide any experience or qualifications you may possess that you think would be beneficial to this Committee/Commission. A resume (optional) may be attached.

I currently work in corporate financial planning and analysis for a local software company and have extensive experience in budgeting and forecasting that I think would be relevant to the Finance & Pension Advisory and Bikeway & Walkability committees. I also live near Fairview park and regularly walk along the trails near Fairview and Talbert parks so I have a keen interest in their upkeep. I previously volunteered on a committee in Buena Park for 6 years that helped advise on the disbursement of annual CDBG funds. I loved meeting with local organizations and building relationships with community members.

Q4

As a Committee/Commission member, what ideas or projects are of interest to you?

Fiscally, it's important to me that we plan and invest wisely for the future while ensuring that our initiatives are appropriately funded. I would also like to help protect the large open spaces that are unique to Costa Mesa. There is very little undeveloped land or large, open community spaces left in Orange County so I think it's vital that we preserve and invest in what remains.

Animal Services Committee

Q3

Indicate why you wish to serve on this Committee/Commission. Provide any experience or qualifications you may possess that you think would be beneficial to this Committee/Commission. A resume (optional) may be attached.

I am interested in serving on the finance and pension committee because I want to serve the Costa Mesa community, and because I believe a City's budget is the best representation of its priorities. I have had the pleasure of learning more about the City's services and processes through my advocacy work on behalf of a local park (Harper Park) and as a board member for the Costa Mesa Alliance for Better Streets. Both experiences have touched on the budgeting and financing processes, as both involve significant capital investments. It would be an honor to use my experience and expertise in investments and finance to help the City achieve its fiscal goals.

I am also interested in being considered for the Animal Services Committee. As a life-long dog owner and an avid hiker, I have a strong love of animals and nature. I hope to see city policy reflect a humane and welcoming attitude to pets, as well as a respectful and conservation-oriented approach to wildlife management. I have served as a foster dog mom in the past so I am well aware of the challenges facing our pet management policies.

Q4

As a Committee/Commission member, what ideas or projects are of interest to you?

I am very interested in learning more about the trade offs that are being made by the City regarding long term obligations, such as pensions, versus current personnel requirements and salaries. As pension obligations grow, careful budgeting and planning will be required to ensure that we can hire and retain the personnel we need to provide vital services as well as make beneficial capital improvements. I am also keenly aware of the rapidly rising costs of living in our area, which will put more pressure on short-term salary obligations. As I learn more about these trade offs, I hope to be able to provide the City with advice to navigate these challenging times.

With respect to the animal services committee, my number one interest is to explore the ways open space can be utilized by dog owners in a way that expands off-leash areas while being respectful of other users of public lands. I am also interested in finding ways to reduce the unwanted pet population, which leads to heartbreaking decisions to destroy worthy animals. And finally, given Costa Mesa's proximity and inclusion of a number of open space preserves, I want to advocate for protection of our open spaces while maintaining public access. As a mother of two, my children have received enormous benefits by being able to experience nature up close, so I hope to be able to preserve and expand that opportunity for everyone in the City.
