PERMIT TO ALLOW FOR A TEMPORARY COURTHOUSE
USE LOCATED AT 3390 HARBOR BOULEVARD**

THE PLANNING COMMISSION OF THE CITY OF COSTA MESA, CALIFORNIA FINDS
AND DECLARES AS FOLLOWS:

WHEREAS, Planning Application 22-10 was filed by Carmen Twork of Harbor Associates, authorized agent for the applicant, Orange County Superior Court, requesting approval of Conditional Use Permit (CUP) to allow for the Orange County Superior Court (OCSC) to establish a temporary public courthouse use within the MP zone while the Court's permanent Santa Ana location is renovated (estimated completion in 2025). The project proposes various tenant improvements to allow for eight courtrooms, eight private offices for judges, spaces for legal and administrative support, and areas for the general public. The primary use of the facility will be for small claims and probate cases and the majority of the cases will occur remotely (via videoconference). The facility will not have any jurors onsite, no criminal proceedings will take place, and there will be no detention facilities on the premises.

WHEREAS, a duly noticed public hearing was continued by the Planning Commission on April 11, 2022 to the April 25, 2022 public hearing;

WHEREAS, at the April 25, 2022 hearing, the applicant requested an additional continuance to the June 13, 2022 Planning Commission hearing;

WHEREAS, on June 13, 2022, the Planning Commission considered the application in a public hearing with all persons having the opportunity to speak for and against the proposal;

WHEREAS, pursuant to the California Environmental Quality Act (CEQA), the project is exempt from the provisions of CEQA per Section 15301 (Class 1) for Existing Facilities.

WHEREAS, the CEQA categorical exemption for this project reflects the independent judgement of the City of Costa Mesa.

NOW, THEREFORE, based on the evidence in the record and the findings contained in Exhibit A, and subject to the conditions of approval contained within Exhibit B, the Planning Commission hereby **APPROVES** Planning Application 22-10 with respect to the property described above.

BE IT FURTHER RESOLVED that the Costa Mesa Planning Commission does hereby find and determine that adoption of this Resolution is expressly predicated upon the activity as described in the staff report for Planning Application 22-10 and upon applicant's compliance with each and all of the conditions in Exhibit B, and compliance of all applicable federal, state, and local laws. Any approval granted by this resolution shall be subject to review, modification or revocation if there is a material change that occurs in the operation, or if the applicant fails to comply with any of the conditions of approval.

BE IT FURTHER RESOLVED that if any section, division, sentence, clause, phrase or portion of this resolution, or the document in the record in support of this resolution, are for any reason held to be invalid or unconstitutional by a decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining provisions.

Resolution No. PC-2022-__

EXHIBIT A

FINDINGS

- A. The proposed project complies with Costa Mesa Municipal Code Section 13-29(g)(2) because:

Finding: The proposed use is substantially compatible with developments in the same general area and would not be materially detrimental to other properties within the area.

Facts in Support of Finding: As conditioned, the proposed project will be compatible with uses that exist within the general neighborhood. Due to the limited on-site visitor use of the proposed temporary courthouse, the use will have minimal impact on surrounding properties. As conditioned, adequate parking is provided to satisfy parking demand, and the proposed use would not modify the existing site or circulation. Lastly, if court operations are required to change, conditions have been included to respond to potential increased parking demand.

Finding: Granting the conditional use permit will not be materially detrimental to the health, safety, and general welfare of the public or otherwise injurious to property or improvements within the immediate neighborhood.

Facts in Support of Finding: The courthouse use will be required to comply with all applicable California Building and Fire Code requirements to ensure the use is not materially detrimental to the health, safety and general welfare of the public or otherwise injurious to property or improvements within the immediate neighborhood. As conditioned, the proposed use is compatible with other similar office uses in the area and will not negatively affect the surrounding industrial and office properties.

Finding: Granting the conditional use permit will not allow a use, density, or intensity which is not in accordance with the General Plan designation and any applicable specific plan for the property.

Facts in Support of Finding: The project site is zoned MP (Industrial Park) and has a General Plan Land Use Designation of Industrial Park. The project does not propose to expand the existing facility and complies with the intent of the Zoning Code and General Plan as it pertains to use (when approved by a conditional use permit) and parking. In addition, the CMMC Section 13-30 (land use matrix), specifies that public offices and facilities, such as “courthouses,” are a conditionally permitted use in the MP Zone.

- B. The proposed project complies with Costa Mesa Municipal Code Section 13-29(e) because:

- a. The proposed use is compatible and harmonious with uses both on site as well as those on surrounding properties. The project would be compatible with

surrounding industrial and commercial uses. As conditioned, no parking or environmental impacts are anticipated.

- b. Safety and compatibility of the design of the parking areas, landscaping, and other site features including functional aspects of the site development such as automobile and pedestrian circulation have been considered. The proposed use, as conditioned, would not increase traffic or parking demand beyond existing capacity.
- c. The project, as conditioned, is consistent with the General Plan land use designation of Industrial Park. The project complies with Policy LU-6.3 in that the applicant (OCSC) will occupy an existing commercial building in North Costa Mesa (located north of the I-405). The building is currently vacant and the courthouse use will take advantage of the buildings existing layout and provide an office/institutional use within the empty suite. In addition, the project complies with Policy LU-6.11 in that the proposed institutional office use will temporarily occupy a large existing office space that is currently vacant and provide the community with nearby access to a governmental institutional facility. The size of the space is equivalent to the existing OCSC Santa Ana facility, and the location is nearby the 405 Freeway, the 43 OCTA Bus Route, and a Class II Bikeway that provides users with adequate and convenient access. Lastly, it is anticipated that the temporary use will facilitate additional nearby retail activity from court visitors.
- d. The planning application is for a project-specific case and does not establish a precedent for future development. Approval will apply to this project-specific location. Conditions have been included that are specific to the proposed project.

- D. **Finding:** The project is exempt from the provisions of the California Environmental Quality Act under CEQA Guidelines Section 15301 (Class 1) for Existing Facilities. The Class 1 exemption applies to the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features involving negligible or no expansion or use beyond what that is existing at the time of the lead agency's determination. Because the tenant improvements at the project site will not include major alterations or expansion to the existing building and because the proposed use is similar to the prior use of the subject suite, the project qualifies for this exemption.
- E. The project is exempt from Chapter XII, Article 3 Transportation System Management, of Title 13 of the Costa Mesa Municipal Code.

EXHIBIT B

The applicant is reminded that the Costa Mesa Municipal Code allows the Planning Commission to modify or revoke any planning application based on findings related to public nuisance and/or noncompliance with conditions of approval [Title 13, Section 13-29(o)].
 2. The conditions of approval, code requirements, and special district requirements of PA-22-10 shall be blueprinted on the face of the site plan as part of the plan check submittal package.
 3. The applicant shall defend, indemnify, and hold harmless the City, its elected and appointed officials, agents, officers and employees from any claim, legal action, or proceeding (collectively referred to as "proceeding") brought against the City, its elected and appointed officials, agents, officers and/or employees arising out of, or which are in any way related to, the applicant's project, or any approvals granted by City related to the applicant's project. The indemnification shall include, but not be limited to, damages, fees and/or costs awarded against the City, if any, and cost of suit, attorney's fees, and other costs, liabilities and expenses incurred in connection with such proceeding whether incurred by the applicant, the City and/or the parties initiating or bringing such proceeding. City shall have the right to choose its own legal counsel to represent the City's interests, and applicant shall indemnify City for all such costs incurred by the City.

The conditional use permit may be referred to the Planning Commission for modification or revocation at any time if the conditions of approval have not been complied with, if the use is being operated in violation of applicable laws or ordinances, or if, in the opinion of the Director of Economic and Development Services or his designee, any of the findings upon which the approval was based are no longer applicable.
8. Any activity not consistent with all of the terms and conditions of all applicable zoning approvals and approved plans granted by the city is considered a nuisance and will be required to be immediately abated.
9. Should State Law change to require additional on-site proceedings of court cases, any parking lease with off-site uses shall be modified or removed to reduce the number of parking spaces subject to Planning Division review and approval.
10. The applicant shall monitor the parking lot for the first eight weeks of operation and if parking demand is exceeded, the existing parking leases with off-site uses shall be reduced to accommodate on-site use parking. If the operational characteristics are modified to require additional on-site court proceedings, the applicant shall monitor the parking lot for the first eight weeks of modified operation and if parking demand is exceeded, the existing parking leases with off-site uses shall be further reduced or removed to accommodate on-site use parking.
