Steve Doorly

Q2

Parks and Community Services Commission,

Indicate the name of the Commission you are interested in serving on: **Planning Commission**

Q3

Indicate why you wish to serve on this Commission. Provide any experience or qualifications you may possess that you think would be beneficial to this Commission. A resume (optional) may be attached.

I am a project manager/hospital educator and have been actively involved in Costa Mesa Parks and Fields. I had also been an AYSO Coach and Referee for region 120 for 10 years, as well as grown up around all the parks. I understand as a CM resident how important our parks are to our residents.

I am also very interested in Planning Commission and how the city will grow and thrive. I've seen some project commence, and often times the outcome the opposite of what the city of Costa Mesa was headed for.

Q4

As a Commission member, what ideas or projects are of interest to you?

The projects that are of interest to me:

Getting more residents out to our parks and enjoying nature. I would like to see some kind of campaign for a community get together. I recently went to 2 Chili Cookoffs and thoroughly enjoyed meeting neighbors, but these are only 2 times a year. Concerts in the park is also only in the summer times. If we could get some kind of campaign to get more community events going, and increasing awareness, it would improve our community.

I was very pleased that Triangle Square was recently cleaned up and it is nice to visit regularly. I would like to see more areas change for the better to increase foot traffic. There are areas on Harbor Blvd that are dark and appear dilapidated. I would also like to brighten up those shopping areas. I am hoping by having a reduction of the price of permits, and other incentives will encourage building owners to spend money on their property which will increase our tax revenue.

Other than this, I have experience and time on my hands, and as a resident of Costa Mesa for almost 50 years, I am looking for things that I can do to improve Costa Mesa.

Q2

Parks and Community Services Commission,

Indicate the name of the Commission you are interested in serving on: **Planning Commission**

Q3

Indicate why you wish to serve on this Commission. Provide any experience or qualifications you may possess that you think would be beneficial to this Commission. A resume (optional) may be attached.

I have a very heavy commercial construction background and own several properties in Costa Mesa. I can help understand the needs and wants from residents and how they can be implemented under budget and cost effectively. I have built large commercial projects all over the United States and understand plans and design concepts very well.

Q4

As a Commission member, what ideas or projects are of interest to you?

Clean up the parks, sidewalks, plants, asphalt, and entrances to the neighborhoods around Costa Mesa. I also want to get involved with the community and put together fund raisers to raise money for people that are in need.

Q5

**Parks and Community Services Commission,
Planning Commission**

Q3

Indicate why you wish to serve on this Commission. Provide any experience or qualifications you may possess that you think would be beneficial to this Commission. A resume (optional) may be attached.

I am completing my undergraduate degree in Urban Planning and have worked for the planning dept Cal Poly Pomona and City of Tustin. I have also conducted research on Walkability in Costa Mesa.

I have undergraduate degree in Management from Netherlands and Associate degree in Architecture and Event Management.

1- I run an Environment Design meetup group. And have travelled Europe. I understand the value of Open spaces and street art. I recently walked the Stroget Street in Copenhagen.

Q4

As a Commission member, what ideas or projects are of interest to you?

I have travelled and lived in many countries especially in Europe and I understand the value of small-town look design, where even far distinctions are walkable. It is because how each street and every site is designed in a way that is comfortable and interested and full of people.

I would like to make my City (Costa Mesa) more interesting and comfortable for all its residents and make it most sustainable city within OC. I like to keep my ideas innovative so it also becomes the most tourist place with in OC and California.

I wish to serve this commission, my background is 15 years in family landscape 4 of those years in Arboriculture.

In this journey through those years learning maintenance, irrigation, safety, IPM, Tree pruning, Tree cabling, Tree injections, Tree diagnosing, Tree planting, Tree hugging. Working for *Hispanic Arborist Association: as co-instructor for safety training.

*RGS: Forman crew leader for commercial.

*PCA: Arborist/ safety Officer.

*TreeCare LA: Arborist student to the best Arborist and a BCMA- Board Certified Master Arborist!!!

Qualifications:

1. Ariel rescue certified
2. Wildlife aware graduate
3. OCC horticulture student
4. FA/CPR/AED adult-child-infant
5. Tree safety instructor for the ISA/OSHA/Hispanic Arborist Association.
- 6: Arborist Safety Around conductors certification
7. Tree planting volunteers for LA events.

Having connections with the ISA /western chapter as well as nursery's I'd love to plant trees along our city and assure proper irrigation as well as having the right list to plant the right trees in the right location to minimize liability's.

I would also like to suggest a better approach to planting and installing more garden beds for our community to come together also serving as therapy to consume a better healthy source of accomplishment!

Q4

As a Commission member, what ideas or projects are of interest to you?

1. Tree planning
2. Community youth engagement
3. At risk community mentorship program.
- 4.parent community involvement.

Q2

Parks and Community Services Commission

Indicate the name of the Commission you are interested in serving on:

Q3

Indicate why you wish to serve on this Commission. Provide any experience or qualifications you may possess that you think would be beneficial to this Commission. A resume (optional) may be attached.

I wish to serve on this commission because I believe that Parks and Community Services provide residents with necessary services for their wellbeing, and I want to be part of that. Aside from basic services provided by the city, parks and community services are often the only connection residents will have to local government. That makes this extremely important. When I wake up in the morning, I am comforted by the knowledge that I live in a developing city that provides ample green space, historical interest, and services that amplify the Costa Mesa living experience.

The focus of my career thus far has been in volunteer management, organizing, and nonprofit development. While my focus has mostly been in health and justice, I am eager to bring my skills to this planning commission and help continue to steer the Parks and Community Services Commission in a direction that best serves our community. I have a Master of Public Administration degree from American University, which has given me a firm grasp on the functions and management of government agencies. My greatest lesson from my education is that the role of public administration is to "provide society every day." It seems to me that some of the most important aspects of society that city government can provide are access to outdoor spaces, opportunities to be active, and opportunities to connect with the city, the earth, and each other.

I, as a relatively young person, am dedicated to the City of Costa Mesa and its continued excellence. I am hoping that this position is an opportunity to serve in a more involved way that allows me to be connected to this city and its residents for years to come. I have felt welcomed by this city, and I want to help extend that feeling to residents new and old, as well as guests of Costa Mesa.

With all of this in mind, please consider me for a position on this commission. Thank you.

Q4

As a Commission member, what ideas or projects are of interest to you?

I am interested in the function and maintenance of parks, community gardens, the country club, and adult sports. I frequent the parks of Costa Mesa (I love taking a nice stroll or visiting the Diego Sepulveda Adobe). I am currently waitlisted for a spot in one of the the community gardens. I think the golf course is excellent and I have lost more than one ball on the Par 5s.

I also want to help teens and young adults feel connected to parks and community services. I often feel that parks are utilized by children and their parents, as well as older adults, but the services are lost on people who are not in those phases of life. As the last few years have shown, connection to our outdoor spaces are vital to personal satisfaction and happiness, even in the face of uncertain times. I hope to help steward that connection.

It makes me so happy that Costa Mesa provides opportunities for adult sports programs, and I want to be a part of finding more ways to connect young adults to the city and its programs.

Maybe most importantly, I hope to learn the vision of the Parks and Community Services Commission (and Department), the City Council, and the residents of Costa Mesa. At the end of the day, we provide services for the people, and I want to be sure that I am a part of allowing residents to shape their own home while maintaining civic and historical integrity.

LUKE "OAKEY" DASKAS

EXPERIENCE

Assistant Director of Community Impact

We The Action- Civic Nation | October 2021 - Present

- Oversee nonpartisan network of 42,000 lawyers to ensure volunteer satisfaction and retention through individual outreach and mass communications.
- Identify nonprofit partners with greatest need in order to personally find and connect pro bono lawyers to those organizations for pro bono services.
- Research best practices for volunteer engagement through curated volunteer conversations, development of metrics, and experimentation with engagement events and outreach methods new to the organization.

Regional Organizing Director; National Day of Service (Virginia)

59th Presidential Inaugural Committee | December 2020 - February 2021

- Constructed a self-sufficient network of volunteer leaders while working through a hierarchical organizational structure for best outcomes on the National Day of Service.
- Coordinated with volunteer hosts via phone, email, and video call to put together dozens of events across Virginia, engaging over 1,500 volunteers.
- Executed a statewide effort with community leaders to get tens of thousands of masks distributed across Virginia as a coordinated effort to make PPE accessible.

Field Organizer; Ca-48, Congressman Harley Rouda

California Democratic Party | July 2020 - Nov 2020

- Developed and led volunteer recruitment to build outreach capacity in a turf of 170,000 voters by managing fellows and interns and running ongoing trainings for volunteers.
- Completed over 3,000 calls and sent over 43,000 texts for voter identification and volunteer recruitment, utilized social media as a recruitment tool, crafted regular email updates for approximately 100 volunteers.
- Managed large amounts of data, including information on key volunteers and voters throughout the district. Oversaw daily and weekly email blasts, stakeholder calls, and troubleshooting.
- Hosted organizational events ranging from large scale Days of Action to intimate virtual house parties to engage and retain volunteers, empowering them in the campaign and within their communities.

District Intern, Office of Congressman Gil Cisneros

U.S. House of Representatives | May 2019 - Aug 2019

- Represented Congressman Cisneros at events around CA-39, publicizing the work of the office and educating constituents about how the office could serve them.
- Compiled and organized constituent information for the district director in order to expedite followup. Assisted with scheduling and casework to make the office run more efficiently.

Policy & Advocacy Intern

Ovarian Cancer Research Fund Alliance | Feb 2018 - June 2018

- Scheduled over one hundred meetings directly with congressional offices on behalf of over 50 patient advocates.
- Attended and reported on key congressional hearings and meetings to assist in developing policy positions for organization executives.
- Developed instructional materials for patient advocates, breaking down complex legislation for comprehensive policy asks.

Advocacy Intern

Cystic Fibrosis Foundation | May 2015 - July 2015, Mar 2017 - June 2017

- Presented webinars and in-person trainings for teen advocates, helping them understand complex federal policy issues and develop their stories of self to effectively make a legislative ask.
- Assisted in planning two fly-in lobby days, working through planning logistics, volunteer recruitment, and advance work for events
- Worked across departments with the policy, communications, and meetings teams to assist key staff and VPs in their roles.

Press Intern, Office of Senator Harry Reid

U.S. Senate | Aug 2016 - Dec 2016

- Penned daily economic overviews for Senator Reid, highlighting market happenings that could have governmental, legislative, or industry impact.
- Covered weekly press conferences of Senate leadership, prepared briefing materials for Senator Reid and his staff, compiled daily press clips, and reviewed & transcribed media interviews.

Campaign Assistant, Outreach and Fundraising

Leukemia & Lymphoma Society | July 2015 - August 2016

- Direct donor contact, partnered with vendors, and served in a multi-use capacity at large fundraising events, namely Light the Night.
- Forged relationships with school administrators across Southern California through school visits, assemblies, and phone calls to fundraise through LLS's student coin collection program.

SUMMARY

Motivated MPA passionate about government, strategic communication, and advocacy as means for achieving positive community and social impact. I have a background in policy & advocacy, volunteer management, customer service, and organizing.

EDUCATION

Bachelor of Arts, Public Relations

American University | 2016-2020

Kelly Anne Brown

Q2

Parks and Community Services Commission

Indicate the name of the Commission you are interested in serving on:

Q3

Indicate why you wish to serve on this Commission. Provide any experience or qualifications you may possess that you think would be beneficial to this Commission. A resume (optional) may be attached.

As a current PACS Commissioner, I've gotten to know my local parks and community services even better than I have over the 10 years I've lived in Costa Mesa. I am invested in many of the projects that are currently slated to be initiated, including the most recent review of the Open Space Master Plan. As a mother of a daughter who regularly uses the parks, including for soccer, I am interested and invested in helping Costa Mesa grow its parks, especially in areas like my neighborhood where we don't have as much green space as other parts of the city. I am also very interested in helping foster connections between Costa Mesa city government and other local entities, including the University of California, where I work. I have been working with Arlis Reynolds to help forge these connections, and would like to continue the work.

Q4

As a Commission member, what ideas or projects are of interest to you?

More green space for the neighborhoods where there isn't much! Helping make the upcoming Open Space Master Plan even more responsive to community input, with many opportunities for genuine community engagement. Bringing more history and cultural arts activities to the parks.

Q5

Optional Resume:

KBrown%20UCI%20SoH%20CL.pdf (173.1KB)

Kelly Anne Brown, PhD

Costa Mesa, California | 510.593.0276 | kbrown@hri.uci.edu | linkedin.com/in/kelly-brown

Collaborative and creative leader with over twenty years of experience in statewide program development and management, administration, and stakeholder engagement across diverse publics. National presenter and skilled researcher with expertise in humanities administration and pedagogy; committed to advancing the mission of the UC to build stronger, better educated citizens and more equitable communities across California.

Professional Experience

University of California Humanities Research Institute, Irvine, CA: 2012–Present

Associate Director: May 2014–Present

Research Programs Manager: September 2012–May 2014

Oversee day-to-day operations of the Institute, coordinating grant-making, communications, program staffing and development, evaluation and reporting, and events. In collaboration with Director, develop strategy and long-range goals for the Institute, and engage key stakeholders including Board of Directors, senior university leadership, and campus-based humanities centers, among others. Principal advisor to director on budget, HR, and technology needs.

Program and Research Development and Management

- ❑ Co-developed and manage all facets of 4 statewide and international humanities research programs, with budgets ranging from \$350,000 to 1.25 million each. Programs include Humanists@Work, Religions in Diaspora and Global Affairs, the Humanities and Changing Conceptions of Work, and Horizons of the Humanities. Select highlights include:
 - ❑ Developed Humanists@Work, an 8-year, externally funded and intensely collaborative professionalization program that engaged over 1,000 humanities graduate students across the UC system and beyond. Hosted 8 experimental 1.5 daylong workshops across California in museum and library spaces, built a [website](#) and LinkedIn group, and connected disparate stakeholders across the 10 campuses of the UC system—including faculty, staff, and students—with one another and with community-based employers. Created a UC alumni tracking project, and served as PI for PhD alumni focus group research project (Council of Graduate Schools grants). Created data-driven UC humanities PhD outcomes booklet [Stories from the Field](#). Hosted national conversations on topics like debt and mentorship.
 - ❑ Provide programmatic strategic direction and multi-layered stakeholder engagement for Horizons of the Humanities and the Humanities and Changing Conceptions of Work, multi-year programs with numerous university and public-facing programs. Led a UC-wide group of humanities center staff conducting international research on humanities research infrastructure and staffed a faculty working group on tenure and promotion, with a focus on publicly-engaged scholarship.
- ❑ Oversee statewide competitive grants program, awarding over \$1 million annually (in UCOP funding) across all 10 UC campuses, including Humanities, Social Science, and Arts Divisions; developed 10 new calls for funding in past 3 years (for a total of 15-20 calls for funding/year), doubling the number of applicants.

- ❑ Coordinated, led, and oversaw over 40 statewide and international workshops, conferences, and public events; Co-facilitated MLA-sponsored DGS breakfast on graduate student professionalization (MLA 2017).

Budget & Fundraising

- ❑ Manage all UCHRI program budgets, which range from \$350,000 to 1.25 million. Provide oversight for program managers who work 1:1 with faculty, staff, and graduate students on program budget compliance.
- ❑ Make recommendations to UCHRI's director on annual operating budget, which ranges from \$3-5 million depending on funding cycle, and includes state, foundation, and endowment funding; provide oversight and recommendations for local humanities center MRPI budgets.
- ❑ Developed two new streams of funding for UCHRI via external grants (\$400,000); part of a fundraising/development team that raised over \$8 million in funding for UCHRI's core administration infrastructure and special research initiatives over four years, and working on a \$30-million endowment for UCHRI and the UC Humanities Network. Served as principal investigator (PI) on two national grants.

Leadership & Research Communications

- ❑ Facilitate the intellectual engagement of all of UCHRI's key publics across 10 UC campuses, with a focus on UCHRI's Board of Governors and multi-campus Advisory Committee, senior humanities leadership and faculty, campus-based humanities center leadership, and public partners like California Humanities.
- ❑ Lead on data-driven report creation for UCOP, national foundations, and university leadership. Track program outcomes and evaluate performance metrics; oversaw complete revision of reporting systems to make more transparent for users.
- ❑ Oversaw team engaged in rebranding and website redesign process of UCHRI and Horizons of the Humanities initiative; coordinate staff leadership of all social media content, video and materials production, and online publishing platform Foundry. Led team to grow UCHRI's audience base by 25% with targeted communications outreach, and successfully tripled the amount of content-related blog posts and multi-media productions.
- ❑ Continued to build upon UCHRI's mission to support diverse projects and audiences, with particular attention to underrepresented faculty and graduate students through the development of four new UC-wide programs.

Human Resources & Technology

- ❑ Supervise five managers, post-docs, and GSRs, who manage two staff. Serve(d) as mentor to dozens of graduate students across the UC, and created UCHRI summer internship for PhD students. As part of the move to Career Tracks (and even before), have worked to meet staff needs regarding equity (salary).
- ❑ In collaboration with senior leadership, grew UCHRI program staffing by 4 fulltime positions over the past five years with external grant funding in order to develop a high-performing team of researchers/administrators; lead on job description and interview selection process; facilitated the creation of new individual and team professional development opportunities for staff. (Treat staff to artisanal doughnuts, bi-monthly).
- ❑ Oversaw transition of UCHRI's grants management software from FastApps to Submittable, allowing for improved tracking of grants submission and report generation for funders. Make institute-wide recommendations re: technology needs and upgrades, including hardware purchases.
- ❑ Led team transition to new program management software (Asana), and manage several WordPress sites.

University of California, Santa Cruz, Santa Cruz, CA: 2004–2011

Instructor and Graduate Student Researcher: 2006–2011

Teaching Assistant: 2004–2006

- ❑ Instructor of record for 6 undergraduate classes including Dance and Modern Life (2009), Manifestos and the Public Sphere (2009), and Cowell Core (2007-2009), and one graduate course (Literature Pedagogy, 2010); teaching assistant for over 10 undergraduate courses.
- ❑ Graduate student researcher for Cowell College Provosts; authored white paper on emerging trends in graduate education professionalization which served as blueprint for programming in UC Santa Cruz's Graduate Division (2011), and co-organized statewide conference on Italian Studies (2008).

First Five California & First Five Alameda County

Community Grants Program Associate (First Five Alameda): 2002–2004

California Executive Fellow (First Five California): 2000-2001

- ❑ Coordinated community grants program with emphasis on funding underserved communities (including the selection of grantees, program review and compliance, and assistance to grantees with report and budget preparation) and created monthly stakeholder newsletter.
- ❑ Authored multi-million dollar RFP on parent education; prepared bill analyses and testified before California State Legislature; staffed the Master Plan for Education: Pre-K working group.

EDUCATION

PhD, Literature, UC Santa Cruz (2011). Concentrations: modernist & avant-garde art and performance, publicness, space theory.

MPPA, California Executive Fellow, Sacramento State University, Sacramento (2001, 12 of 24 units)

BA, English, Lewis & Clark College (1999)

Parks and Community Services Commission

Indicate the name of the Commission you are interested in serving on:

Q3

Indicate why you wish to serve on this Commission. Provide any experience or qualifications you may possess that you think would be beneficial to this Commission. A resume (optional) may be attached.

I have been a user of Costa Mesa parks since my youth growing up in the 1990's. I have been a resident and homeowner in Costa Mesa, just south of the Fairview Park (Continental Ave) since 2012. I truly believe that the open spaces provided by parks is truly invaluable for communities like ours. I am a father of two small boys that love Costa Mesa parks, and I especially care for preserving, maintaining, and improving open spaces for our future generations to use. My family has made Costa Mesa our home and I would like to share my time supporting this commission in order to give back to the community.

I am a working professional with 15 years of experience in business operations, with specific focus in the areas of engineering, accounting, human resources, quality assurance, information technology, and facilities/maintenance/security. Additionally, I am dedicated to a variety of volunteer efforts and activities. I believe that participating in community service helps improve the community for all of us. My experience is broad and covers a variety of disciplines that I think could be beneficial in serving the community.

I have been actively engaged in Costa Mesa for the past few years and am currently the second alternate committee member of the Fairview Park Steering Committee.

Q4

As a Commission member, what ideas or projects are of interest to you?

I am interested in helping support park activities that drive community utilization of Costa Mesa parks. I would like to support general improvements to the parks, especially activities supported by community volunteers. By fostering community engagement through community service at park and City events, the community members themselves will help ensure the continued improvement and positive growth of our community.

Current or Most Recent Employer:

Summary

Working professional with 15 years of broad experience in a wide variety of engineering, manufacturing, and business disciplines. Advanced educational degrees with a passion for being useful. Dedicated to my family; my wife and two young sons. Passion for community engagement. Interested in getting more involved in order to give back to others with the goal of leaving things better than I found them.

Experience

January, 2020 – current | Head of Business Operations – **Overair, Inc.**

Lead a 16-member team responsible for accounting, information technology, human resources, quality assurance, security, facilities, and facility maintenance at a start-up company working to change urban aerial mobility with an all-electric vertical takeoff and landing 5-passenger aircraft. Part of the company since day one. Have helped grow the organization from 5 to 150 employees. Headquartered in Santa Ana, CA. Raised \$170M in venture-backed funding through Series-B.

May 2010 – January 2020 | Multiple Positions – **Karem Aircraft, Inc.**

Held engineering, manufacturing, QA, and administrative roles at a small, but extremely ambitious and challenge-seeking company developing next-generation tilt-rotor aircraft and related technologies primarily for the US DoD.

 **Karem Aircraft, Inc.**
9 yrs 9 mos
Lake Forest, CA

- **Head of Administration, Quality Assurance, and Infrastructure**
Jul 2017 - Jan 2020 · 2 yrs 7 mos
- **Quality Assurance Manager**
Jan 2013 - Jul 2017 · 4 yrs 7 mos
- **Mechanical Engineering Manager**
Jan 2015 - Oct 2016 · 1 yr 10 mos
- **Engineering Integration**
May 2010 - Jan 2013 · 2 yrs 9 mos

May 2009 – May 2010 | Flight Test Engineer – **The Boeing Co.**

Worked on a team flight testing a 6,000-pound, 36-foot rotor diameter, advanced autonomous helicopter developed under DARPA and the US Army.

Education

- *University of California, Irvine* – MS Mechanical and Aerospace Engineering, 2009
 - Specialization in flight control systems
- *University of California, Irvine* – BS Aerospace Engineering, 2007

Hobbies and Organizational Involvement

- Volunteer President of Harbor Soaring Society, a 501(c)(3) non-profit organization
- Volunteer coaching for variety of youth sports teams
- Passionate about STEAM outreach activities supporting the youth of our community
- Love for the outdoors, nature, and camping with my family

Q2

Parks and Community Services Commission

Indicate the name of the Commission you are interested in serving on:

Q3

Indicate why you wish to serve on this Commission. Provide any experience or qualifications you may possess that you think would be beneficial to this Commission. A resume (optional) may be attached.

Driven by a conviction for public service, I strive to be an active and dedicated citizen in my hometown of Costa Mesa.

I have a deep community service, Project Management, and public relations background. Combined with my commitment to our city, I believe I am the best candidate to serve on the Parks and Community Services Commission.

In the 2022 Election, I ran for the Mesa Water Board. I garnered support from local grassroots organizations to county and statewide groups, but more importantly, I met over 2,000 Costa Mesa residents.

We discussed overlooked local issues like transparency, community awareness, and public services. From there, I implemented a multi-channel campaign through in-person events, digital campaigns, and print communications, which resonated with thousands of voters. It was an honor to run for office, and our residents compel me to build a diverse bench of Commissioners and elected officials.

As a Commissioner, I will continue working to increase community input for projects, advance issues important to residents, and diligently support our exceptional city staff.

In addition, I am a Technology Business Owner and Software Engineer.

As a Startup Entrepreneur, I have spent most of my career working to advance women in STEM. From working with Venture Capital firms to Fortune 500 companies, I have led training programs and boot camps for Female Founders. I have conducted research initiatives for empowering predominantly female portions of the workforce. I have led keynotes globally on how we can uplift underrepresented groups entrepreneurially and in private and public sectors, including government and politics.

These roles have well-prepared me to be a Commissioner, where I can deliver effectively on project management, oversee collaboration between staff and residents, and uphold our government to the highest standards of transparency and creative problem-solving.

In addition, I have firsthand experience in bettering systems from within through a data-driven approach and forging a path of accessibility to include all community stakeholders in important decisions.

Thank you for your consideration.

"I would like to be remembered as someone who used whatever talent she had to do her work to the very best of her ability." -Ruth Bader Ginsburg

Q4

As a Commission member, what ideas or projects are of interest to you?

Costa Mesa has a state-of-the-art Parks and Community Services department. As a resident, I know how fortunate I am to live in a city that prioritizes our beautiful, safe public spaces and parks.

The proposition of joining this Commission is exciting, especially in light of our recent funding from the State and County, allowing us to deploy investments in new projects and renovations.

More than a specific project, I am focused on bettering our processes and systems within the Parks and Community Services department. In my career, I have worked with organizations of all sizes to streamline their processes and increase their digital access to their customers. For PACS, this includes optimizing our residents' experience, from participating in community events to utilizing Park facilities and even requesting permits.

Another responsibility I would excel as a Commissioner in is overseeing Project Management and the financing of projects. No matter the project, ensuring plans are completed on time and within budget is a core duty with which I have extensive experience. I believe enacting a Master Plan with all ongoing, upcoming, and completed projects would benefit the public.

Finally, I would like to see an increase in community engagement and input. As I learned in my campaign, it is not that city staff are not doing enough for residents, but rather residents need to be made aware of all that is available to them. Commissioners should always look for innovative ways to improve the quality of life for our residents and ensure we include them in what we do. I am interested in implementing a multi-channel outreach initiative to hear from residents in person, online, and in public meetings.

If I had to choose a project I am most looking forward to, it would either be adding to the Skate Park at Tewinkle Park or establishing a highly requested dog park in Eastside Costa Mesa.
