❖ **Fairview Park**

- The City hosted its *Second Saturday* restoration day on Saturday, April 8, in partnership with the Fairview Park Alliance. The focus for the day was the vernal pool 5/6/7 watershed buffer area. There were approximately 50 members of the public in attendance to support non-native plant removal activities. This post-planting site maintenance is an essential part of the overall restoration, and promotes successful establishment of the native plants and seeds. The next *Second Saturday* restoration day is scheduled for Saturday, May 13.
- The City has partnered with the Banning Ranch Conservancy in hosting additional monthly restoration days. These 3rd Saturday Restoration days will focus on the coastal sage scrub areas in the upper canyon.
- On Saturday, March 25, the City hosted a nature walk, drawing over 30 attendees to take part in learning and exploring the park's unique natural ecosystems, including vernal pools, grasslands, coastal sage scrub and riparian habitats. During the tour, participants were led through a portion of the Fairview Park mesa to view the largest vernal pool, where the City's contracted biologist discussed the geological and ecological context about these rare amphibious ecosystems.

- ❖ **Capital Project Updates**

- The Brentwood Park playground replacement project is in preliminary design. It will be included in the upcoming Capital Improvement Program (CIP) review.
- The Fairview Park Master Plan Update is ongoing. Staff have been meeting with representatives from the MIG team, exchanging information, and discussing the timeline for public meetings.
- Two capital projects have been designated funding through Orange County Supervisor Katrina Foley’s Office. The projects include the expansion of the Costa Mesa Skatepark and the completion of the Café at Lion’s Park. Both projects are currently in the pre-design phase.
- One capital project, the Expansion of Ketchum-Libolt Park, has been designated funding through Assemblywoman Cottie-Petrie Norris’ Office. This project is also in pre-design. Staff have met with a potential project manager that would likely focus on community outreach for the project.
- Four (4) other sites have been designated as locations for funding provided through Senator Dave Min’s Office. These project sites include the Jack Hammett Sports Complex, TeWinkle Park, Fairview Park, and Shalimar Park. Actual project scope for each site is undertermined as the projects undergo review by the City Council.
- The Capital Improvement Program (CIP) is being discussed at a City Council Study session on April 11, and during the PACs meeting on April 13.
