Indicate the name of the Committee you are interested in serving on:

Animal Services Committee ,
Finance and Pension Advisory Committee

Q3

Indicate why you wish to serve on this Committee. Provide any experience or qualifications you may possess that you think would be beneficial to this Committee. A resume (optional) may be attached.

Animal Service Committee - I am resident with three rescue terriers. I have a love of all animals and want to ensure that they are the raised in a proper environment and want to be part of the city's effort to help in that regard.

Finance and Pension Advisory Committee - My major and employment background have been in Finance and Banking. Although I don't have a background in Pension or Retirement forecasting I am very analytical and have experience making various forecasting models.

Q4

As a Committee member, what ideas or projects are of interest to you?

Animal Service Committee - Outreach and pet licensing - Admittedly I have not been the best about licensing my dogs and I think a huge part of it is that it is just not on my mind. So my goal would be to spread outreach possibly partnering with vets in the area to ensure that pets get licensed. I also want people to see what the benefits of what they get when they license their pet. Our community nextdoor posts are 35% lost pets and if we can implement something like an AI match of found pets to the photos of licensed ones I think we can be able to help with that. Another way to promote licensing is to do chip events. A lot of people think their pet is chipped but they don't know for certain and if their pet is chipped, a lot of times it could be outdated information. By holding an event where we can scan and assist residents in updating their pets chips we can demonstrate tangible value of getting their pet licensed.

Finance and Pension Advisory Committee - Besides reviewing the city's budgets, finances, investments and contracts I am not sure what specific projects the committee normally takes on. I am however, very eager to learn more about our city's financial operations and contribute in any way I can.
