I moved to Costa Mesa 4 years ago.

Coming to Costa Mesa our housing plans were upended due to COVID, complications with COVID, mental illness in my family , Ana's not realizing how complicated the housing market in Costa Mesa was and is. After a pending all of our savings and down payment for a home in the hotel and motels here and in Orange County we realized that even though living in Costa Mesa was our dream it wasn't happening as we expected. But that did not stop Costa Mesa from becoming our home.

The housing situation here is in crisis. Costa Mesa is our home and I have recently went into real estate to better develop an understanding on how to help Costa Mesans own their homes, protect their businesses and learn the levels of ownership and how to make best use of the land. With my experience of being unhoused and among the working under-employed, I now have education in Real Estate and Real Estate law through University of California Irvine. With education, experience, and a love and commitment to Costa Mesa; I have an understanding of the crisis nature and want to be a part of the best possible solutions as we continue to build a beautiful Costa Mesa. Thank you for your consideration.

Q4

As a Committee member, what ideas or projects are of interest to you?

Housing developments, unhoused population assistance or even relocation, housing solutions, potential Fairview Developmental Center housing project. Real Estate in general.

Q3

Indicate why you wish to serve on this Committee. Provide any experience or qualifications you may possess that you think would be beneficial to this Committee. A resume (optional) may be attached.

Given the Housing and Public Services Grant Committee's mission of promoting understanding of key housing-related opportunities, I believe that my expertise in communications and my deep commitment to equal opportunity makes me a strong candidate for an appointment.

I have worked in the advocacy and campaign communications field for more than 17 years. As part of my work, I've designed and implemented strategies to disseminate messages on issues that improve the lives of everyday people. Along the way, I have worked on communications for organizations including President Obama's reelection campaign and civil rights coalitions led by formerly incarcerated people fighting for the right to vote. This experience has given me the ability to identify communications goals from broader projects, as well as a keen sense for segmenting audiences and formulating tactics to reach them. If appointed to the Housing and Public Services Grant Committee, my professional experience would add value to the committee.

I also believe that it's important to regularly probe whether communications practices are grounded in the values and realities of the communities that entities such as the committee intend to serve. In my work as a communications professional, I've trained hundreds of advocates and community members, from members of the judiciary to immigrants fighting for their rights, on how to formulate their own communications strategies and use spokesperson tactics in order to further the causes they work on. Ultimately, when impacted people are involved, the work becomes stronger, and the same goes for the work of the committee.

Lastly, I am interested in joining the committee because I deeply believe in its mission. While my family and I are lucky to live in Costa Mesa, too many of our neighbors feel the enormous pressure of a difficult housing market. The committee's work is an important component of a broader network of solutions to bring more opportunities and relief for Costa Mesans. It would be deeply meaningful for me to be a part of this work and I hope you'll consider my application.

Q4

As a Committee member, what ideas or projects are of interest to you?

I would like to promote the following:

Strong execution. I would like to do my part in strengthening the essentials of the committee's work in promoting community understanding of the community development process and activities funded by the U.S. Housing and Urban Development Department (HUD), and the Community Development Block Grant (CDBG)

Promoting inclusivity. I'd like to promote that organizations and individuals are increasingly aware of the key HUD-funded priorities with local impacts regardless of their background, language, or communities they serve.

Housing and public service grants committee is my interest. With previous contracting experience I can apply here I think the technical aspects are well served. I live in councilman Chavez's district. As one of few homeowners on my block, Weelo Drive, I can provide valuable feedback from other residents who are often ignored in simple things like permit parking which is only accessible to owners. As a bilingual resident, I find that my neighbors are often ignored. Its not fair and I can help.

Q4

As a Committee member, what ideas or projects are of interest to you?

The bike lane, the master plan redevelopment of my district. Adjusting the city's master plan. Opening a street vendor location and offering case workers to navigate the permit process with the county and to allocate funds for doing so. It shouldn't be the fairgrounds. Fairview developmental is also interesting.

Thank you for the opportunity to reapply as a member of the Housing and Public Service Grants Committee. I have served one-term on the committee representing Council District 4 in Westside Costa Mesa. It has been a wonderful opportunity to be part of the process recommending to the City Council our annual Community Development Block Grant (CDBG) public service grant awards to nonprofit organizations addressing housing, homelessness and economic development needs for vulnerable populations in our community.

I believe my service on the committee, as well as my professional experience in federal and state government and health care leadership lends to the committee's mission in helping distribute CDBG funding and promoting accountability and key outcomes for the services delivered by grantees in our community.

Q4

As a Committee member, what ideas or projects are of interest to you?

Expand outreach and engagement in helping identify housing, economic development and public service needs, as well grant solicitations from local and regional CBOs to address those key needs.

Ensure accountability through key metrics and outcomes for each grantee, as well as identifying opportunities for the city to profile programs, services and beneficiaries.

Inform the community and residents about CDBG funding, particularly those who could benefit from the programs and services provided by grantee
